No. 32L.R.—The 3rd January 1914.—The following order is republished from the *Gazette of India* of the 20th September 1913 :—

No. 7552—7581—121, dated Simla, the 15th September 1913.

RESOLUTION—By the Government of India, Commerce and Industry Department.

IN supersession of the rules published with Resolution No. 18—17—2, dated the 20th May 1899, the Governor-General in Council is pleased to prescribe the following rules for regulating the grant by Local Governments of licenses to prospect for minerals and the grant of mining leases in British India :—

Rules for the grant by Local Governments of Licenses to prospect for Minerals and of Mining Leases in British India.

The following rules regulating the grant by Local Governments of licenses to prospect for minerals and the grant of leases of mines and minerals have been made by the Governor-General in Council, and sanctioned by the Secretary of State for India in Council :—

PART I.—GENERAL.

1. No license to prospect for minerals or lease of mines and minerals can be granted by any Local Government otherwise than in accordance with these rules, except with the previous sanction of the Secretary of State for India in Council, or with that of the Governor-General in Council under any general or special authority which he may have received in this behalf from the Secretary of State in Council.

2. In these rules :—

"Collector" means the Revenue Officer in charge of the district;

"Local Government" includes a Chief Commissioner; and

"Person" includes, besides individuals, a public company registered in India or in the United Kingdom, having a duly empowered agent resident in India, or a syndicate, partnership or private firm of which one or more of the members reside in India, or which has a duly authorised agent resident in India.

3. A license or lease under these rules may be granted to any person; in case of the death of the person or any of the persons to whom it is granted, it shall inure for the benefit of his legal representatives.

4. For the purposes of these rules the Local Government may, in Provinces where there is a Board of Revenue or Financial Commissioner, delegate to such authority all or any of the powers conferred on the Local Government by these rules.

5. Nothing in these rules shall apply to minor minerals, such as slate, building stone, limestone and clay, the extraction of which will continue to be regulated by such separate rules as the Local Government may lay down in accordance with local circumstances and requirements.

6. The issue of exploring licenses authorising the surface of land to be searched for minerals having been discontinued, the surface of unoccupied and unreserved land which is the property of Government may be freely searched without authority. In the case of occupied land search can be made only with the consent of the occupier:

Provided that in the case of Baluchistan and the North-West Frontier Province, no operations for the exploration of the surface of land for minerals shall be carried on, except under a license granted on such terms as the Local Administration may prescribe.

Certificate of approval.

7. No prospecting license or mining lease shall be granted except to a person holding a certificate of approval from the Local Government within whose jurisdiction the land lies for which the license or lease is asked.

8. A certificate of approval shall have effect from the date thereof, and shall expire at midnight on the 31st of December next following: provided that a certificate issued in the last quarter of the year shall be valid until the

31st of December of the year following. Only one person shall be named in the certificate. The fee payable therefor shall be Rs. 50, and the certificate shall cover applications in respect of minerals of all kinds.

9. A certificate of approval may be renewed at the discretion of the Local Government on payment of a fee of Rs. 10, if the application for renewal is received within one month after the date of expiry of the original certificate. Otherwise the full fee of Rs. 50 shall be charged. The Local Government may delegate to any officer, not below the rank of Collector, the power to renew a certificate of approval on payment of the prescribed fee, in any case in which the certificate-holder has carried on operations under a prospecting license or mining lease within the jurisdiction of the officer to whom the power is delegated.

10. The names of persons to whom certificates of approval have been granted shall be published in the Local Government Gazette, and every application for a prospecting license or a mining lease shall contain a statement of the number and date of the Gazette notification of the certificate of approval.

11. Before considering an application for a prospecting license or a mining lease, the Collector shall verify the Gazette notification quoted, and shall refuse any application for a license or a mining lease from a person not in possession of a valid certificate of approval: provided that the Collector may at his discretion require the production of the original certificate of approval.

12. Licenses or leases previously granted may be held by a grantee who is no longer in possession of a certificate of approval.

PART II.—PROSPECTING LICENSES.

13. A license to prospect for minerals or mineral oil, called hereinafter a prospecting license, shall confer on the licensee the sole right, subject to the conditions contained in the license, to mine, quarry, bore, dig and search for, win, work, and carry away any mineral or mineral oil lying, or being within, under or throughout the land specified in the license.

Provided that the right to prospect for reserved minerals shall be exercised only by British subjects.

14. A prospecting license shall be granted only in respect of land in which the mines, minerals, or mineral oils are the property of Government.

15. Every application for a prospecting license shall, unless the Local Government shall in any case otherwise direct, be made to the Collector of the district in which the land or some part of the land with respect to which the license is required is situate.

16. Every such application shall contain the following particulars, namely:—

(*a*) The name, profession and residence of the applicant, if he is an individual; or if the applicant is a company, syndicate, partnership or private firm, its name, and nature and place of business; and if the place of business is outside India, the name and residence of a member or duly authorised agent resident in India.

(*b*) A description, illustrated by a map or plan, showing as accurately as possible the situation, boundaries and area of the land with respect to which the license is required.

17. Should the applicant for a prospecting license desire the Collector to prepare for him the map or plan required by the foregoing rule, or should the map or plan presented by the applicant be insufficient, the Collector may prepare the map or plan required, and may, if he so order, recover the cost from the applicant at such rate or rates as the Local Government may by general order prescribe.

18. The Local Government may declare, in respect of any specified area, that in lieu of presenting an application containing the particulars required by rule 16 above, the applicant for a prospecting license shall adopt the

procedure set forth below, or such modification thereof as the Local Government may prescribe :—

(1) He shall, before forwarding his application to the Collector, demarcate the area applied for in the following method :—

(*a*) At every angle or corner of each boundary line or as near thereto as is practicable, he shall fix pegs of substantial material, standing not less than 2 feet above the surface of the ground, and being not less than 3 inches square or 3 inches in diameter.

(*b*) If pegs be not obtainable, he may use instead cairns of stones or mounds of earth, having in each case a height of not less than 2 feet and a diameter at the base of not less than 2 feet.

(*c*) The direction of the boundary line on each side of each peg, cairn or mound shall be indicated with reasonable care by a trench having a length of 4 feet, and a breadth and depth of not less than 6 inches : provided that if trenches cannot be conveniently cut, the direction of the boundary lines shall be indicated by finger posts, or in any other manner suitable for the purpose.

(*d*) The pegs, cairns or mounds shall bear or have affixed thereto some distinguishing mark which shall be described in the application.

(*e*) In the case of an application for land on the seashore, it shall not be necessary to mark out the land below high-water level.

(*f*) No peg, cairn, mound, or other mark employed in marking out the land applied for shall be removed or defaced after the application shall have been filed without the permission of the Collector.

(2) The application to the Collector shall contain the following particulars, viz. :—

(*a*) The name, profession and residence of the applicant, if he is an individual ; or if the applicant is a company, syndicate, partnership or private firm, its name, and nature and place of business, and if the place of business is outside India, the name and residence of a member or duly authorised agent resident in India.

(*b*) A description, as accurate as possible, and illustrated by a sketch, of the situation, boundaries and area of the land with respect to which the license is required.

(*c*) A description of the distinguishing mark on the pegs, cairns or mounds constructed to mark out the boundaries of the concession applied for.

(*d*) The date of marking out the concession applied for.

(3) The application shall be accompanied by a deposit at such rate or rates as the Local Government may by general order prescribe to meet the cost of survey of the area.

(4) Unless the Collector is of opinion that it is not expedient to grant the license, he shall, as soon as possible after the receipt of the application, cause the land applied for to be surveyed at the expense of the applicant, and the area and all other details ascertained in the course of such survey shall be presumed to be correct. Provided that the Collector may at his discretion dispense with such survey, if the boundaries of the area applied for conform to boundaries already ascertained in a Government survey, *e.g.*, the boundaries of survey numbers in a revenue survey.

19. On receipt of any application under rule 16 or rule 18 the Collector, or such officer as he may authorise to do so, shall note thereon the date and hour of its receipt, and shall deliver to the applicant an acknowledgment stating the date and hour of receipt.

20. The Collector shall then as soon as practicable inquire whether the grant of the license applied for is inexpedient, either on the ground that the land described in the application is required for a public purpose or otherwise.

21. Should the Collector be of opinion that it is not expedient to grant the license he shall refuse to grant it. An appeal shall lie from the order of the Collector to the next higher revenue authority.

22. Subject to the control of the Local Government, the Collector, if he finds that the applicant is in possession of a valid certificate of approval and that there is no objection to the grant of the license applied for, may grant to the applicant a license in such form as may be prescribed.

23. In the case of two or more applications affecting the same land, the prior right to a license shall, subject to any order to the contrary which the Local Government may in its discretion pass in any particular case, be deemed to lie with the applicant, who, being the holder of a valid certificate of approval and after compliance with the procedure prescribed by the rules, shall have been the first to file his application with the Collector.

24. Every applicant shall, before the license is granted, deposit, as security in respect of such license, a sum of Rs. 100 per square mile or part of a square mile of the area covered by the license, or, with the Collector's permission, give security to a like amount to the satisfaction of the Collector.

25. Subject to such deduction on account of compensation for surface damage, penalty, or otherwise as the Collector may order, the amount of any deposit made under the foregoing rule, should the depositor afterwards be granted a mining lease, will be carried to his credit as part of the rents, royalties or deposit money payable under the lease. Or should he decline to receive or fail to obtain any such lease as aforesaid, the amount will be returned to him on his satisfying the Collector that the condition in rule 30 (*viii*) has been complied with and on his furnishing the Collector with the information required by rule 33.

26. If a license is not executed within three months after leave has been granted for it, the right of the applicant to such license shall be held to have lapsed, unless the Local Government, for special reasons, consents to grant the same notwithstanding the delay or considers that the delay is not attributable to the applicant.

27. A register of applications for prospecting licenses shall be kept in English in the Collector's Office, specifying—

(1) Serial number,

(2) Name of applicant,

(3) Residence of applicant,

(4) Date and number of certificate of approval granted to applicant,

(5) Date of application,

(6) If application received incomplete, the date of completion,

(7) Situation and boundaries of the land,

(8) Estimated area,

(9) Date of license, if granted; (or date of order of refusal),

(10) Period for which granted, with note as to renewal or extension,

(11) Fee and royalty payable under rule 30 (*ii*) and (*iii*),

(12) Amount of deposit, and

(13) Particulars of disposal or refund of deposit.

28. The register shall be open to inspection by any holder of a valid certificate of approval or his duly authorised representative, on payment of such fee as the Local Government may prescribe.

29. A return of licenses granted or refused shall be submitted by the Collector at such intervals and to such authority as the Local Government may direct.

30. Every prospecting license shall contain such conditions as may in any particular case seem necessary, and shall in all cases contain the following conditions:—

(*i*) The term for which the license shall be granted shall be one year or such shorter term as the applicant may desire. The license may be renewed by the Collector for a further term not exceeding two years, whenever he is satisfied that a longer period than one year is required in order to enable the licensee to complete his search of the land:

Provided that, when the licensee has, before the termination of the period of the license, applied for the grant of a mining lease, the Collector may further extend the period of the license until a mining lease is granted or for such time as he may deem fit.

(*ii*) The licensee shall pay a fee not exceeding one rupee and not less than one anna per acre of the land covered by the license. When a license is renewed under the last foregoing condition, a fresh fee shall be payable, subject to the same maximum and minimum charge, for each year or part of a year for which the license is renewed. But no fee shall be payable for an extension of the term of license under the proviso to that condition.

(*iii*) The licensee shall pay royalty at a rate not exceeding 15 per cent. of the value on all precious stones won and carried away, and a royalty at the rates specified in Schedule A in Part IV of these rules on all other minerals won and carried away over and above such quantity as is allowed in Schedule B to be taken free for purposes of experiment.

(*iv*) The licensee shall make and pay such reasonable satisfaction and compensation as may be assessed by lawful authority in accordance with the law in force on the subject applying to the lands over which the license has been granted, for all damage, injury or disturbance which may be done by him in exercise of the powers granted by the license, and shall indemnify the Government against all claims which may be made by third parties in respect of any such damage, injury or disturbance.

NOTE.—The powers necessary for the proper enjoyment of minerals, the property of Government, together with the methods according to which such powers are to be exercised by Government or by its assignees, are governed by the law for the time being in force in each province. Where the law confers such powers on the Local Government or its assignees, the Local Government may make local rules indicating the conditions on which licensees shall have right of access to minerals, the right to use of water in connection with the working thereof, and the like.

(*v*) The licensee shall not cut or injure any tree on unoccupied and unreserved land without the permission in writing of the Collector, or of such officer or officers as he may appoint: nor, without the permission of the Collector, shall he disturb the surface of any road, or enter on any public pleasure ground, burning or burying ground, or place held sacred by any class of persons, or interfere with any right-of-way, well or tank.

(*vi*) The licensee shall have power to assign his license or transfer any right or interest thereunder to a person holding a valid certificate of approval subject to the following conditions:—

(*a*) No such assignment or transfer shall be made in favour of any person who, by himself or by those joint in interest with him, already holds a mining lease or leases over ten square miles within the territories administered by the Local Government within whose jurisdiction the land lies for which the license has been granted.

The actual position of the transferee in this matter, if not known to the licensee, should be ascertained from the Local Government.

(*b*) Every such assignment or transfer shall be reported to the Collector within one calendar month from the date of its completion, together with full particulars of the transaction.

(*c*) Every such assignment or transfer shall, within a further period of two months, be registered in the office of the Collector on payment of a fee of Rs. 50:

Provided that in the case of any particular mineral reserved by order of the Governor-General in Council, the previous sanction of the Local Government to the assignment or transfer shall be required.

The minerals reserved at present are petroleum, chromite, and ores of manganese, vanadium, molybdenum, nickel, and tungsten.

Provided also that in the North-West Frontier Province and Baluchistan no transfer or assignment in the case of any mineral whatever may be made without the consent of the Agent to the Governor-General and Chief Commissioner.

(*vii*) In case of any breach on the part of the licensee or his transferee or assignee of any of the preceding clauses, the Collector may summarily revoke the license, and thereupon all rights conferred thereby or enjoyed thereunder shall cease; or, should he see fit, he may, in lieu thereof, declare to be forfeited to Government the whole or any part of the deposit made by the license under rule 24. An appeal shall lie to the Local Government against any such order within thirty days from the date of its communication to the licensee.

(*viii*) Save in the case of land over which the licensee shall have been granted a mining lease on or before the determination of the license, he shall, within six months next after the determination of the license or the date of the abandonment of the undertaking, whichever shall first occur, securely plug any bores and fill up or fence any holes or excavations that he may have made in the land to such extent as the Collector may require, and shall to the like extent restore the surface of the land and all buildings thereon which he may have damaged in the course of prospecting:

Provided that the licensee shall not be compelled to restore the surface of land or any buildings in respect of which full and proper compensation has already been paid under condition (*iv*).

(*ix*) Should any question or dispute arise regarding the license, or any matter or thing connected therewith or the powers of the licensee thereunder, or the amount or payment of the fee or royalty made payable thereby, the matter in difference shall be decided by the Local Government, whose decision shall be final.

31. All operations conducted under the authority of these rules within a reserved or protected forest shall be subject to such conditions as the Local Government may by general or special order from time to time prescribe. It shall be a condition of every license granted under these rules that, before the commencement of prospecting within a reserved or protected forest, 30 days' notice shall be given to the District Forest Officer of the intention to commence operations, and that the operations shall be conducted subject to any conditions regarding the use of fire that he may prescribe.

32. On or before the determination of his license, the licensee shall have a right—

(*a*) in the case of a mineral oil or minerals other than precious stones, to a mining lease in accordance with the terms contained in the rules for mining leases;

(*b*) in the case of precious stones, to the first offer of such mining lease as the Governor-General in Council may think fit to grant.

Such lease may include so much land, comprising the whole or a part only of the area for which the prospecting license was granted, as shall not exceed the area specified with respect to mining leases in rule 45.

33. If so required by the Collector, the licensee shall, before the deposit made under rule 24 is returned to him, disclose confidentially to the Collector all information acquired in the course of the operations carried on under the license, regarding the minerals contained in, or the geological formation of, any area not taken up by him under a mining lease.

PART III—MINING LEASES.

34. Every application for the grant of a mining lease, not being a lease of a mine of precious stones, shall be presented to the Collector in whose district the land or some part of the land with respect to which the lease is required is situate. The Collector shall forward the application through the proper channel to the Local Government.

35. A mining lease shall be granted only in respect of land in which the mines, minerals, or mineral oils are the property of Government.

36. With the application, the applicant shall deposit as security in respect of preliminary expenses such sum, not exceeding Rs. 500, as the Collector may determine, or, with the Collector's permission, give security to the like amount to the satisfaction of the Collector. If the application relates to an area for which the applicant holds a prospecting license, any amount held in deposit under rule 24 in respect of such prospecting license will be carried to his account.

37. The amount of any deposit made under rule 36, less any expenses incurred by or on behalf of Government, will, if the depositor be granted a mining lease, be carried to his credit, as part of the rent or royalties payable under the lease, or if he declines or fails to obtain any such lease as aforesaid, will be returned to him.

38. Every application for a mining lease shall contain the following particulars, namely:—

(*a*) the name, residence and profession of the applicant if he is an individual, or if the applicant is a company, syndicate, private firm or partnership, its name and nature and place of business, and if the place of business is outside India, the name and residence of a member or duly authorised agent resident in India;

(*b*) a specification of the mineral or minerals for which the applicant intends to mine;

(*c*) a description, illustrated by a map or plan, showing as accurately as possible the situation, boundaries and area of the land with respect to which the lease is required;

(*d*) a statement showing all areas within the jurisdiction of the Local Government already held by the applicant or by any person joint in interest with him in prospecting or mining right;

(*e*) the period for which the lease is required.

39. Should the applicant for a mining lease desire the Collector to prepare for him the map or plan required by the foregoing rule, or should the map or plan presented by the applicant be insufficient, the Collector may prepare the map or plan required, and may, if he so order, recover the cost from the applicant at such rate or rates as the Local Government may by general order prescribe.

NOTE.—It shall be competent to the Local Government by general order to direct that an accurate survey be made at the expense of the lessee of all land granted on mining lease, if a map or plan has not been already prepared by the Collector. Such survey may be made at any time after it is decided to grant the lease, the object being to secure an authoritative record of the area covered by the lease.

40. The Local Government may declare in respect of any specified area that in lieu of presenting an application containing the particulars required in rule 38 above, every applicant for a mining lease over an area, in respect of which he is not already in possession of or has not submitted an application for a prospecting license, shall adopt the procedure set forth below, or such modification thereof as the Local Government may prescribe :—

(1) He shall, before forwarding his application to the Collector, demarcate the area applied for in the following method :—

(*a*) At every angle or corner of each boundary line, or as near thereto as is practicable, he shall fix pegs of substantial material standing not less than 2 feet above the surface of the ground, and being not less than 3 inches square or 3 inches in diameter.

(*b*) If pegs be not obtainable, he may use instead cairns of stones or mounds of earth, having in each case a height of not less than 2 feet and a diameter at the base of not less than 2 feet.

(*c*) The direction of the boundary line on each side of each peg, cairn or mound shall be indicated with reasonable care by a trench having a length of 4 feet, and a breadth and depth of not less than 6 inches; provided that if trenches cannot be conveniently cut, the direction of the boundary lines shall be indicated by finger posts, or in any other manner suitable for the purpose.

(*d*) The pegs, cairns or mounds shall bear or have affixed thereto some distinguishing mark which shall be described in the application.

(*e*) In the case of an application for land on the seashore, it shall not be necessary to mark out the land below high-water level.

(*f*) No peg, cairn, mound, or other mark employed in marking out the land applied for shall be removed or defaced after the application shall have been filed without the permission of the Collector.

(2) The application to the Collector shall contain the following particulars, viz. :—

(*a*) The name, profession and residence of the applicant, if he is an individual; or if the applicant is a company, syndicate, partnership or private firm, its name and nature and place of business, and if the place of business is outside India, the name and residence of a member or duly authorised agent resident in India.

(*b*) A description, as accurate as possible, and illustrated by a sketch, of the situation, boundaries and area of the land with respect to which the lease is required.

(*c*) A description of the distinguishing mark on the pegs, cairns or mounds constructed to mark out the boundaries of the concession applied for.

(*d*) The date of marking out the concession applied for.

(*e*) A specification of the mineral or minerals for which the applicant intends to mine.

(*f*) A statement showing all areas within the jurisdiction of the Local Government already held by the applicant or any person joint in interest with him in prospecting or mining right.

(*g*) The period for which the lease is required.

(3) The application shall be accompanied by such deposit, in addition to that prescribed in rule 36 above, as the Local Government may, by general or special order, declare to be required to meet the cost of survey of the area.

(4) The Collector shall, as soon as possible after the receipt of the application, cause the land applied for to be surveyed at the expense of the applicant, and the area and all other details ascertained in the course of such survey shall be presumed to be correct.

41. On receipt of any application under rule 38 or 40 above, the Collector, or such officer as he may authorize to do so, shall note thereon the date and hour of its receipt, and shall deliver to the applicant an acknowledgment stating the date and hour of receipt.

42. In the case of two or more applications affecting the same land and presented by applicants who are not in possession of, or have not applied for, prospecting licenses in respect thereof, the prior right to a lease shall, subject to any order which the Local Government may pass in any particular case, be deemed to lie with the applicant who, being the holder of a valid certificate of approval and after compliance with the procedure prescribed by the rules, shall have been the first to file his application with the Collector.

43. A register of applications for mining leases shall be kept in English in the Collector's office specifying, as far as may be, the matters prescribed by rule 27 for the register of applications for prospecting licenses.

44. The register shall be open to inspection by any holder of a certificate of approval or his duly authorised representative on payment of such fee as the Local Government may prescribe.

45. On receipt of the application from the Collector, the Local Government may, if the applicant is entitled to a lease under rule 32, or if it considers that the applicant should be granted a mining lease, grant the same in accordance with these rules over such area as it may think fit:

Provided that no mining lease shall be granted by the Local Government under these rules, so as to cause the total area held under mining leases for minerals of whatsoever kind by the lessee or by those joint in interest with him to exceed ten square miles within the territories administered by the Local Government.

46. If a lease is not executed within six months after leave has been granted for it, the right of the applicant to such lease shall be held to have lapsed, unless the Local Government for special reasons consents to grant the same notwithstanding the delay, or considers that the delay is not attributable to the applicant.

NOTE.—Every lease shall, before it is executed, be approved by the Advocate-General or other legal adviser, if any, appointed for the Province.

47. Without the previous sanction of the Governor-General in Council, the length of an area held under the mining lease shall not be allowed to exceed four times its breadth:

Provided that this rule shall not apply to areas in river beds held on lease for dredging purposes, in respect of which the Local Government may, with the sanction of the Governor-General in Council, make rules as to the dimensions and shape of areas for which such leases may be granted.

Provided also that the Governor-General in Council may delegate to the Local Government the power to grant exemption from the operation of this rule in respect of specified minerals and subject to such restrictions as to limit of length or otherwise as he may think fit.

48. The boundaries below the surface of all areas given out on mining lease under these rules shall be considered to run vertically downwards towards the centre of the earth.

49. The term for which a mining lease may be granted shall not exceed 30 years, but the lease may contain a clause permitting renewal for a period not exceeding 30 years, on a dead and surface rent not exceeding twice the original dead and surface rent respectively, the royalty payable being that which may, on the day next following that on which the original lease shall determine, be in force under the orders of competent authority.

50. Every mining lease shall contain such conditions and stipulations as the Local Government may in each case consider necessary; and shall in every case contain the following conditions, namely :—

(*i*) The lessee shall pay a royalty or royalties at the rate specified in the lease, which rate or rates shall be those fixed for the particular mineral or minerals in Schedule A in Part IV of these rules; and if any other mineral shall be discovered by him, then the royalty shall be paid therefor at such rate, not being less than 20 per cent. of the value thereof, as the Local Government may determine, until a mining lease has been obtained in respect of such mineral: but the lessee shall be entitled within twelve months from the discovery of such mineral to require and obtain such lease for the term then unexpired of his original lease; provided that, if he declines to take a lease as above provided, the Local Government may give a lease in respect of such mineral to any other person.

(*ii*) The lessee shall also pay for every year after the first year a fixed yearly dead rent at a rate not less than that laid down in Schedule C in Part IV of these rules; provided that no lessee shall pay both royalty and dead rent in respect of the same lease, but only such one of them as may be of the greater amount.

(*iii*) The lessee shall also pay for all land which he may take up, use, or occupy for the purpose of the mine a surface rent at the rate specified in Schedule D.

(*iv*) The lessee shall at his own expense erect and at all times maintain and keep in repair boundary marks and pillars according to the demarcation to be shown in a plan annexed to his lease.

(*v*) The lessee shall make and pay such reasonable satisfaction and compensation, as may be assessed by lawful authority in accordance with the law in force on the subject applying to the lands over which the lease has been granted, for all damage, injury or disturbance which may be done by him in exercise of the powers granted by the lease, and shall indemnify the Government against all claims which may be made by third parties in respect of any such damage, injury or disturbance.

NOTE.—The powers necessary for the proper enjoyment of minerals, the property of Government, together with the methods according to which such powers are to be exercised by Government or by its assignees, are governed by the law for the time being in force in each province. Where the law confers such powers on the Local Government or its assignees, the Local Government may make local rules indicating the conditions on which lessees shall have right of access to minerals, the right to use of water in connection with the working thereof, and the like.

(*vi*) The lessee shall not cut or injure any tree reserved in the lease.

(*vii*) The lessee shall have power to assign his lease or transfer any right or interest thereunder to a person holding a valid certificate of approval subject to the following conditions :—

(*a*) No such assignment or transfer shall be made in favour of any person who, by himself or by those joint in interest with him, already holds a mining lease or leases which is or are, or which with the addition of the area now proposed for assignment or transfer will be over ten square miles within the territories administered by the Local Government within whose jurisdiction the land lies for which the lease has been granted. The actual position of the transferee in this matter, if not known to the lessee, should be ascertained from the Local Government.

(*b*) Every such assignment or transfer shall be reported to the Collector within one calendar month from the date of its completion, together with full particulars of the transaction.

(*c*) Every such assignment or transfer shall, within a further period of two months, be registered in the office of the Collector on payment of a fee of Rs. 50:

Provided that in the case of any particular mineral reserved by order of the Governor-General in Council, the previous sanction of the Local Government to the assignment or transfer shall be required.

The minerals reserved at present are petroleum, chromite and ores of manganese, vanadium, molybdenum, nickel and tungsten:

Provided also that in the North-West Frontier Province and Baluchistan, no transfer or assignment in the case of any mineral whatever may be made without the consent of the Agent to the Governor-General and Chief Commissioner.

(*viii*) Unless prevented by reasonable cause of which the Local Government shall be the judge, the lessee shall commence operations within one year from the date of the execution of the lease and shall thereafter carry them on effectually in a proper, skilful and mining-like manner. Should the lessee cease without such cause to work the mine for a period exceeding two years in such a manner as to produce sufficient mineral to earn a royalty at least equal to the dead rent, it shall be deemed a breach of this condition.

NOTE.—For the purpose of the first part of this condition, such measures as the erection of machinery for the purposes of working the mine, although not necessarily on the land covered by the lease or the construction of roads or tramways in connection with the mine, shall be deemed to be sufficient compliance with the requirement of commencing operations.

(*ix*) The lessee shall keep correct accounts showing the quantity and particulars of all minerals obtained from the mine and the number of persons employed therein, and also complete plans of the mine, and shall allow any officer authorised by the Local Government in that behalf at any time to examine such accounts and plants, and shall furnish the Local Government with such information and returns in respect of the aforesaid matter as it may prescribe.

(*x*) The lessee shall allow existing and future license or lease-holders of any land which is comprised in or adjoins or is reached by the land held by the lessee reasonable facilities of access thereto.

(*xi*) The lessee shall allow any officer authorised by the Local Government in that behalf to enter upon the premises comprised in the lease for the purpose of inspecting the same.

(*xii*) The lessee shall without delay report to the Collector the discovery on or within any of the lands or mines demised by the lease of any mineral not specified in the lease.

(*xiii*) Should the royalty or rent reserved or made payable by the lease be not paid within two months next after the date fixed in the lease for the payment of the same, the Local Government may enter upon the said premises and distrain all or any of the minerals or moveable property therein, and may order the sale of the property so distrained or so much of it as will suffice for the satisfaction of the rent or royalty due and all costs and expenses occasioned by the non-payment thereof; and, if any royalty or rent remain at any time unpaid for six calendar months after the date on which it is due, the Local Government may determine the lease and take possession of the premises comprised therein.

(*xiv*) In case of any breach on the part of the lessee of any covenant or condition contained in the lease, the Local Government may determine the lease and take possession of the said premises; or, in the alternative, may accept payment of a penalty, not exceeding twice the amount of the annual dead rent, from the lessee.

(*xv*) At the end or sooner determination of the lease, the lessee shall deliver up the said premises and all mines (if any) dug therein in a proper and workmanlike state, save in respect of any working as to which the Local Government may have sanctioned abandonment.

(*xvi*) Should any question or dispute arise regarding the lease or any matter or thing connected with the mines and minerals leased or the working or non-working thereof or the amount or payment of the royalty or rent reserved or made payable by the lease, the matter in difference shall be decided by the Local Government, whose decision thereon shall be final.

51. All operations conducted under the authority of these rules within a reserved or protected forest shall be subject to such conditions as the Local Government may by general or special order from time to time prescribe. It shall be a condition of every lease granted under these rules that before the commencement of work within a reserved or protected forest, 30 days' notice shall be given to the District Forest Officer of the intention to commence operations, and that the operations shall be conducted subject to any conditions regarding the use of fire that he may prescribe.

52. Every mining lease which includes any portion of a reserved or protected forest shall, if it authorises the lessee to fell timber for mining purposes, specify the area within which, or the quantity up to which, and the terms and conditions upon which, he may exercise that authority.

53. No lease of a mine of precious stones shall be granted except by the Governor-General in Council. The procedure for obtaining, and the conditions of, such lease shall be those prescribed by rules 34 to 50, read as if the Governor-General in Council were substituted for the Local Government.

54. The lessee shall be at liberty to determine the lease at any time on giving not less than twelve calendar months' notice in writing to the Collector; and upon the expiration of such notice, provided that all sums due on account of the lease shall have been paid, the lease shall be determined. When a lessee exercises his option of determining a lease, he shall not be granted subsequently a new lease over a portion only of the land covered by the original lease.

PART IV—RENTS AND ROYALTIES.

SCHEDULE A.

Royalty—Rules 30 (iii) and 50 (i).

Dacca.

No. 184.—The 12th January 1914.—In the year 1903 His Majesty's Secretary of State for India sanctioned as a provisional measure the institution of a certain number of scholarships, tenable by natives of India, in Europe or America. The purpose of these scholarships was to provide for natives of India that higher technical education which might qualify them to assist in promoting existing native industries and developing new industries wherever this might be possible. Technical education for this purpose was defined as (*a*) the study of the scientific methods and principles underlying the practice of any handicraft, industry or profession, and (*b*) the application of these methods and principles to the handicraft, industry or profession in question. Law, medicine, civil engineering, forestry and veterinary science, being already provided for, were not included among the subjects to be studied by the holders of the technical scholarships, and agriculture was excluded from the scope of the scheme.

2. The Government of India have decided to award, during the year 1914, one scholarship to each province, provided that the Local Government or Administration concerned has a suitable candidate to nominate, and that its recommendation is submitted in accordance with the principles which are stated in paragraph 5 below, and that the industry to be studied is either already developed or in the process of development.

3. It may, however, happen that owing to the dearth of eligible candidates in certain provinces, two or more scholarships may on occasion be available for allotment to other provinces. If, therefore, a Local Government is in a position to recommend confidently more than one candidate, such recommendation may be submitted to the Government of India. In such cases the candidates need not necessarily be selected for the same industry.

4. As regards the current year, it has been decided, after consultation with representatives of the mercantile and industrial communities, that one candidate will, if possible, be recommended for a scholarship in connection with either Mechanical Engineering or Electrical Engineering. If a second scholarship is allotted to Bengal, a second candidate may be recommended in either of the subjects. The selection will depend largely on the character of the applications received.

5. The principles in accordance with which recommendations for scholarships will be submitted to the Government of India are as follow:—

(*a*) In making selections Government will bear in mind the fact that it will be necessary for the students to have a competent knowledge of English, or of the language of any other country to which they may be sent.

(*b*) Government will also be guided by considerations of the capacity and intelligence of applicants, and of the practical interest shown by them in the industries selected, as also the assurance which they may afford that they will continue to devote themselves to the industries selected on their return in India. These being matters which cannot be decided by competition, it is to be understood that the scholarships are not to be regarded as prizes, for which every one has a right to claim an equal opportunity of competing.

(*c*) As a general rule, a scholar, before being nominated, should have received the best technical education available in the province in the particular industry which he proposes to study. The standard of this education differs in different industries, and each may be considered on its own merits. Even if the standard of technical education in a particular industry is low, the scholar may be nominated, if he has availed himself of the best facilities obtainable, and shown an interest in the industry selected.

(*d*) No age-limit is fixed for scholars, but an age-limit may, at the discretion of Government, be fixed for any particular scholarship for which he invites applications.

(*e*) No scholar shall be selected without passing a searching examination as to physical fitness to undertake the manual work which will be an essential part of his career.

6. The following are the conditions and terms on which the scholarships are tenable :—

(*a*) The value of the scholarships has been fixed at £150 a year, exclusive of fees payable to the institutions where the scholars will study, and travelling expenses; but in special cases Government will consider proposals for increasing the amount of the scholarships.

(*b*) In ordinary circumstances the period for which a scholarship is tenable will be two years, but in special cases it may be increased to a third year, or, on the other hand, it may be reduced below even two years.

(*c*) The scholarships are tenable in foreign countries as well as in Great Britain, and are payable from the date on which a scholar reports his arrival in the country which he may have selected for the purpose of study.

(*d*) The scholarships are tenable by persons who are natives of India within the meaning of section 6, Statutes 33 and 34 Vic., Cap. 3.

(*e*) The scholars, while in England or elsewhere, will be under the supervision and control of the Educational Adviser of Indian students in London. The conditions under which they will hold the scholarships are given in the "Rules for Indian Government Technical Scholars in England," a copy of which is attached to this notification.

7. It is essential, not only in the interests of the scholars themselves, but also in order to avoid unnecessary extensions of scholarships, that the beginning of the period of the scholars' residence in England should coincide with the opening of the academical session of the institution which they propose to enter. It has accordingly been arranged, in consultation with the Secretary of State, that scholars shall report themselves in England not later than the middle of September. It has also been ascertained that it is of no advantage to them to reach England earlier than this, and that consequently they should not ordinarily leave India before the middle of August.

8. The special attention of candidates is invited to the fact that scholars must depend upon their own exertions when they return to India, and that the Government cannot, and does not, undertake to provide them with employment.

9. All applications for scholarships to be awarded during the year 1914 must reach the Director of Public Instruction on or before the 25th February 1914.

10. Applicants for scholarships must state their birthplace, age and father's name and occupation and file certificates as to (1) moral character and antecedents, (2) educational qualifications, (3) knowledge of the language of the country in which the scholarship is to be held, and (4) physical fitness. Candidates must name the country to which they propose to proceed and the course of studies which they propose to take up while in receipt of scholarships. They should also state whether they have had any actual experience of the industry or industries for which the scholarships are offered.

RULES FOR INDIAN GOVERNMENT TECHNICAL SCHOLARS IN ENGLAND.

1. The Secretary of State considers it desirable that all Government scholars should avail themselves of the information and advice which the Educational Adviser to Indian students is in a position to give them, and these rules are framed with that end in view. Government scholars, equally with private students, may consult the Educational Adviser upon any question, and will receive from him all possible assistance, and the Secretary of State hopes that they will communicate with the Educational Adviser, not only on the occasions when they are directed so to do in these rules, but also in any circumstances of difficulty and whenever they desire advice or information. Scholars will be regarded as being under the supervision and charge of the Educational Adviser, to whom they should in all cases address any communication they may have to make, and to whom also all

reports or other communications having reference to scholars should be sent. The Educational Adviser will bring to the notice of the Secretary of State on behalf of any scholar any question requiring his decision, and will communicate to the scholar the orders passed by the Secretary of State.

2. Every scholar should, on reaching England, at once call on the Educational Adviser* and report his arrival in writing. He should leave his address with the Educational Adviser and intimate to him from time to time all changes therein.

3. Every scholar should, without unnecessary delay, inform the Educational Adviser to which University, College, or other Institution he is about to proceed, and should at once take steps to enter himself at the Institution finally selected with his approval.

4. Every scholar must, within four weeks of reaching England, submit to the Educational Adviser, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow to carry out the objects of the scholarship granted to him; and he should, during his first College term, submit a further statement showing as accurately as possible the details of the total cost of such course of study. This latter statement should in every case be prepared in consultation with the Principal of the College or Institution at which the student is entered.

The course approved must not be changed without the sanction of the Secretary of State.

5. Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

6. Every scholar will be required to keep a concise daily dairy, to be certified by the authority under whom he is working, and to be submitted at the end of each term through that authority to the Educational Adviser and to the Secretary of State for transmission to India. He must also submit, in the same way, from time to time, full notes of the work on which he is employed.

7. Scholars will be expected to continue their studies during the summer vacations of the Institutions where they are working, with the exception of three weeks in each year. Vacation study should, when possible, take the form of practical work.

8. Applications giving a detailed programme of the vacation work the scholar proposes to do, accompanied with a complete estimate of any extra expenses for fees and travelling, must be sent in through the Principal of the Institution or the Professor under whom the scholar is working before the end of the month of April.* Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

9. Every scholar must, at the end of each term of residence at a University or College, submit to the Educational Adviser a certificate from the proper University or College authority, showing that his residence, conduct, and progress in study have been satisfactory during the term.

10. Every scholar must at all times obey such instructions as he may receive from the Secretary of State, either directly or through the Educational Adviser.

11. Subject to a due compliance with the above conditions, the allowance, at the rate of £150 a year for two years, or three years if so determined, will be paid quarterly in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England. The first payment will be £37 10s. Three months after the date of reporting

* The Educational Adviser's office is at 21, Cromwell Road, South Kensington, S.-W.

arrival the amount of the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University, College or Institution during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State. Fees for private tuition are not defrayed by the Secretary of State unless previously sanctioned by him.

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Educational Adviser.

Deposits and other charges which are part of the regular fees exacted by the authorities of the educational establishment in which a scholar is working will be paid by the Secretary of State; but charges for books, instruments, hotel bills, and medical attendance must be paid by the scholar himself (any refund of a deposit must be repaid to the Secretary of State).

12. No claim can be admitted for the payment or refund of any expenditure unless the scholar has obtained the *previous* sanction of the Secretary of State for India to such expenditure. (This does not apply to necessary travelling expenses referred to above.)

13. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 4, or who is guilty of misconduct or disregard of the instructions of the Secretary of State. If a scholarship be forfeited, or if it be resigned before completion of its term, or if a scholar on completion of the term of his scholarship declines to return to India in accordance with the undertaking mentioned in rule 5, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

14. At the expiration of his scholarship a scholar is provided by the India Office with a free second class passage to India. The scholar is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office without the special sanction of the Secretary of State. All communications on this subject are to be made to the Educational Adviser.

15. Should the Secretary of State be advised that the state of scholar's health is such as to render his return to India desirable, the scholarship may be terminated forthwith and a free return passage granted to the scholar.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

No. 252—268-C., dated Delhi, the 26th December 1913.

RESOLUTION—By the Government of India, Department of Commerce and Industry (Emigration).

INTIMATION has been received from His Britannic Majesty's Consul at Havana that labour conditions in Cuba are not suitable for Indians and that those who go to that country in the expectation of being able to proceed to other countries in that quarter find themselves prevented from doing so, either by the prevailing immigration regulations or by the undesirable character of the country.

The Governor-General in Council accordingly requests all Local Governments and Administrations to make the above intimation as widely known as possible, particularly in places from which emigration to Cuba is believed to be most common. Intending emigrants should also be warned at the ports of embarkation of the risks they run in proceeding to Cuba.

No. 778P.—The 24th January 1914.—The following is published for general information.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

No. 2831—42.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

No. 894P.—The 27th January 1914.—The following draft of a rule which the Governor in Council proposes to make under section 3 of the Bengal Motor-car and Cycle Act, 1903 (Bengal Act III of 1903), to prevent the driving of motor-vehicles on a certain road in the district of Darjeeling, in supersession of the proposed rule published in draft with Notification No. 2750P.D., dated the 16th August 1913, is published for the information of persons likely to be affected thereby.

Darjeeling.

II. The draft will be taken into consideration on or after the 1st March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft Rule.

(*1*) No person shall, on the road (commonly known as the Lebong Cart Road), which runs between the Darjeeling Railway station and the Lebong Cantonment, in the district of Darjeeling—

(*a*) drive any mechanically driven vehicle (whether motor-car, cycle-car or motor-cycle), the propelling power of which is more than six horse-power, or

(*b*) drive any mechanically driven vehicle (whether motor-car, cycle-car or motor-cycle) at a speed exceeding eight miles per hour.

(*2*) This rule shall not be deemed to apply to traffic on railway lines.

The following is published for general information :—

EXECUTIVE ORDER.

To provide Maritime Quarantine Regulations for the Canal Zone and the Harbours of the Cities of Panama and Colon, Republic of Panama.

Whereas the official opening of the Panama Canal will require a revision of the maritime quarantine regulations of the Canal Zone and the harbours of the cities of Panama and Colon, Republic of Panama, and

Whereas the Government of the United States and the authorities of the Canal Zone are authorised to establish such rules and regulations for the ports and harbours of said cities, by virtue of the second paragraph of Article VII of the Treaty between the United States and the Republic of Panama for the construction of the Isthmian Canal, signed November 18, 1903, which paragraph reads, as follows :—

> "The Republic of Panama agrees that the cities of Panama and Colon shall comply in perpetuity with the sanitary ordinances, whether of a preventive or curative character, prescribed by the United States and in case the Government of Panama is unable or fails in its duty to enforce this compliance by the cities of Panama and Colon with the sanitary ordinances of the United States the Republic of Panama grants to the United States the right and authority to enforce the same ;"

and section 6 of the Executive Order of December 3, 1904, known as the Taft Agreement made between the Secretary of War of the United States and the Chief Executive of the Republic of Panama, which section reads, as follows :—

> "*Section 6.*—This order also shall be inoperative unless the proper Governmental authorities of the Republic of Panama shall grant power to the authorities of the Canal Zone to exercise immediate and complete jurisdiction in matters of sanitation and quarantine in the maritime waters of the ports of Panama and Colon ;"

and Article I of Decree No. 66 of December 6, 1904, issued by the President of Panama, agreeably to said Executive Order, and published in the Official Gazette, No. 70 of 1904, which article reads, as follows :—

> "*Article I.* The authorities of the Canal Zone are empowered to exercise freely, immediate and complete jurisdiction in all matters of sanitation and quarantine in the waters of the ports of Panama and Colon. In consequence, the authorities of the Republic shall proceed in conformity with the provisions of this decree to the end that these may be strictly complied with.'

By virtue of the authority vested in me and in conformity with the foregoing treaty provision and the Executive Order and Presidential Decree

abovementioned, I hereby establish the following maritime quarantine regulations for the Canal Zone and for the harbours of the cities of Panama and Colon, Republic of Panama:

BILLS OF HEALTH.

Section 1.—Masters of vessels clearing from any foreign port or from any port in the possessions or other dependencies of the United States for a port in the Canal Zone or for the ports of Panama or Colon, Republic of Panama, must obtain an original bill of health in duplicate from the officer or officers authorised by the quarantine laws and regulations of the United States to sign such certificates for vessels entering the ports of the United States.

The following form is prescribed for such bills of health.

———————.

Section 3.—The master of a vessel entering the ports of the Canal Zone or the ports of Panama and Colon, Republic of Panama, from any port of the United States, must present to the Quarantine Officer and to the Customs Officer of the Canal Zone or his authorized agent each a bill of health signed by the Customs Officer of the port of the United States from which said vessel sails.

FOREIGN REGULATIONS.

Inspection of vessels from Foreign Ports and Ports in the Dependencies of the United States.

Section 4.—The officer issuing the bill of health shall satisfy himself, by inspection if necessary, that the conditions certified to therein are true, and is

authorized to withhold the bill of health or the supplemental bill of health until he is satisfied that the vessel, the passengers, the crew, and the cargo have complied with these regulations.

Section 5.—Inspection is required of:

(*a*) All vessels from ports in which cholera, yellow fever or plague in men or rodents prevails, or at which small-pox or typhus fever prevails in epidemic form, and at which a medical officer is detailed.

(*b*) All vessels carrying steerage passengers; but need only include the inspection of such passengers and their living apartments, if sailing from a healthful port.

(*c*) Inspection of the vessel is such an examination of the vessel, cargo, passengers, crew, personal effects of same, including examination of manifests and other papers, food and water-supply, the ascertainment of its relations with the shore, the manner of loading and possibilities of invasion by rats and insects as will enable the inspecting officer to determine if these regulations have been complied with.

(*d*) When an inspection is required, it should be made by daylight, as late as practicable before sailing. The vessel should be inspected before the passengers go aboard, the passengers just before embarkation, and the crew on deck, and no communication should be had with the vessel after such inspection except by permission of the officer issuing the bill of health.

GENERAL REQUIREMENTS.

Section 6.—Vessels, prior to stowing cargo or receiving passengers, should be mechanically clean in all parts, especially the hold, forecastle, and steerage.

Section 7.—Any portions of the vessel liable to have been infected by any communicable disease should be disinfected before the issuance of the bill of health.

Section 8.—Street sweepings, city cleanings, or anything containing organic refuse should not be taken as ballast from any port.

Section 9.—Bedding, upholstered furniture, soiled wearing apparel, personal effects, and second-hand articles of a similar nature, coming from a district known to be infected with cholera, small-pox, typhus fever, or as to the origin of which no positive evidence can be obtained, and which the consular or medical officer has reason to believe are infected, should be disinfected prior to shipment. In the case of typhus fever, the destruction of vermin should be assured. Articles similar to the abovementioned, if from a district infected by plague, should be inspected, and, if necessary, disinfected and treated to destroy vermin.

Section 10.—Articles from an uninfected district shipped through an infected port may be accepted without restriction if not exposed to infection in transit.

Section 11.—Any article shipped from or through an infected port or place, and which the consul or medical officer has reason to believe infected, should be disinfected.

Section 12.—Any article presumably infected, which cannot be disinfected, should not be shipped.

Section 13.—Passengers, for the purpose of these regulations, are divided into two classes, cabin and steerage. (*a*)

Section 14.—So far as possible passengers should avoid embarking at a port where quarantinable disease prevails, and communication between the vessel and the shore should be reduced to a minimum. In such a port the personnel of the vessel should remain on board during their stay.

Vessels carrying passengers from any port where quarantinable disease prevails in epidemic form should have a medical officer.

(*a*) The sanitary measures applicable to second cabin passengers will be those designated for first cabin passengers or for steerage passengers, according as the arrangements of their quarters and accommodation aboard, both sanitary and for association, class them in the opinion of the inspecting officer with the first cabin or steerage.

Section 15.—No person suffering from a quarantinable disease, or scarlet fever, measles, diphtheria, or other communicable disease, should be allowed to ship.

Section 16.—All baggage of steerage passengers destined for the Canal Zone, or the ports of Panama or Colon, Republic of Panama, should be labelled. If the baggage is in good sanitary condition, the label shall be a red label bearing the name of the port, the vessel on which the baggage is to be carried, the word "Passed" in large type, the date of inspection, and the seal or stamp of the consular or medical officer of the United States. All baggage that has been disinfected shall bear a yellow label, upon which shall be printed the name of the port, the vessel upon which the baggage is to be carried, the word "Disinfected" in large type, the date of disinfection, and the seal or stamp of the consular or medical officer of the United States. It is understood, and it will be so printed on the blank, that the label is not valid unless bearing the consular or medical officer's stamp or seal.

Section 17.—Each steerage passenger shall be furnished with an inspection card, as follows. This card, stamped by the consular or medical officer, is to be issued to every member of a family as well as to the head thereof, and shall be in the following form:—

INSPECTION CARD.

(Immigrants and Steerage Passengers.)

Port of departure———. Date of departure———.
Name of ship———. Last permanent residence———.
Name of immigrant———.

Inspected and passed at (Seal or stamp of consular or medical officer).	Passed at quarantine, port of Canal Zone (or) Republic of Panama (Date.)	Vaccinated. (Signature or stamp.)

(The following to be filled in by ship's surgeon or agent prior to or after embarkation.)

(Ship's list or manifest ———. No. on ship's list or manifest———.

Berth No.	STEAMSHIP INSPECTION. Days.	To be punched by Ship's Surgeon at daily inspection.
	1st, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14	

Section 18.—Passengers and crews, merchandise and baggage, prior to shipment at a non-infected port, but coming from an infected locality, should be subject to the same restrictions as are imposed at an infected port.

LOCAL INSPECTION OF VESSELS.

Section 19.—Vessels arriving at any of the ports of the Canal Zone or the cities of Panama and Colon, Republic of Panama, under the following conditions, shall be inspected by the quarantine officer of the port prior to entry:

(*a*) Vessels from the United States; (*b*) vessels from foreign ports; (*c*) vessels with sickness aboard; (*d*) vessels from Panamanian ports where any quarantinable disease prevails; (*e*) vessels from Panamanian ports carrying passengers or articles suspected by the quarantine officer as being capable of conveying the infection of a transmissible disease.

Section 20.—The limits of anchorage of vessels awaiting inspection and of vessels undergoing quarantine, shall be fixed from time to time by the Chief Sanitary Officer of the Canal Zone.

Section 21.—Every vessel subject to quarantine inspection shall be considered in quarantine until granted free pratique, and such vessels shall fly a yellow flag from the foremast head from sunrise to sunset and shall observe all the other requirements of vessels actually quarantined.

Section 22.—The captain or master of a vessel in quarantine shall allow no communication with his vessel except as provided for in these regulations, nor shall any water craft approach within 200 meters of any such vessel.

Section 23.—No person or article shall be allowed to leave a vessel in quarantine without written authority from the quarantine officer.

Section 24.—Towboats, or any vessel or boat having had communication with a vessel in quarantine shall be submitted, with their personnel, to such measures of sanitation as the quarantine officer may judge to be necessary.

Section 25.—No person, except such officers of the port as are required to do so by the nature of their duties, and the agent of the vessel, if such agent has the consent of the quarantine officer, shall go aboard any vessel subject to quarantine until such vessel has been granted free pratique. Any person going aboard prior to the issuance of free pratique shall be subject to the same restrictions as the personnel of the vessel if, in the opinion of the quarantine officer, this is necessary for the protection of the public health.

Section 26.—The quarantine officer, after his inspection of the vessel and its documents, shall decide whether said vessel, or its personnel, or passengers, or any article aboard said vessel is liable to convey any of the following diseases: Plague, yellow fever, cholera, small-pox, typhus fever, or leprosy: and if so, such vessel shall be placed in quarantine and forbidden entry until the period of incubation of such diseases is past, and he shall take such measures in respect to the vessel, its passengers or personnel or cargo as, in his judgment, may be required to prevent the entry of such diseases into the Canal Zone or the cities of Panama or Colon, Republic of Panama.

Section 27.—Passengers boarding vessels from ports subject to quarantine will be required, in the discretion of the Chief Sanitary Officer of the Canal Zone, to present personal certificates from the officer authorized by these regulations to sign bills of health, certifying to their sanitary history and condition, provided due notice has been issued to the agents of the steamship companies on the Isthmus of Panama.

Section 28.—Every case of sickness aboard any vessel in the harbour shall be immediately reported by the master of the vessel to the quarantine officer, who shall see the case and take such sanitary measures as may be necessary.

Section 29.—The Chief Quarantine Officer shall have charge of the sanitation of the harbours and vessels lying therein and shall see that such measures are enforced as are necessary for the proper hygiene of vessels, their cargoes, and their personnel, whether in port or *en route*, and to prevent the vessels from being a source of danger to other vessels or to the port, and he is authorized to certify bills of health to vessels clearing from ports under his jurisdiction, setting forth in such bill of health the conditions of the port, vessel, cargo, passengers and crew; and is authorized at the request of the master of any vessel to disinfect and otherwise place such vessel in a sanitary condition so that it may leave the port in free pratique and be able to make entry at the port of destination without further disinfection or detention in quarantine.

Section 30.—The quarantine officer shall make such charges for the disinfection of vessels and their cargoes, and for the transportation and subsistence of passengers while in quarantine as may be fixed from time to time by the Governor of the Canal Zone.

Section 31.—A certificate from the quarantine officer that a vessel has complied with all the quarantine regulations shall be required of every vessel subject to inspection, as a pre-requisite for customs entry or passage through the Canal.

Section 32.—Quarantine stations shall be established and maintained at such places as may be decided upon by the Chief Sanitary Officer of the Canal Zone, with the approval of the Governor.

Persons detained in quarantine under these regulations shall not be permitted to go outside the limits of the quarantine station until discharged therefrom by the quarantine officer and if any such person shall leave the quarantine station without being duly discharged therefrom he may be taken into custody by the quarantine officers wherever found and returned to the quarantine station and, in addition, he may be punished as hereinafter described.

No person except the Chief Sanitary Officer of the Panama Canal or his representative, the quarantine officers and employés and personnel of the station shall be permitted to enter in or upon a quarantine station without permission from the Chief Sanitary Officer or the Chief Quarantine Officer of the Panama Canal.

Section 33.—The Governor of the Panama Canal may establish from time to time such rules and regulations as he may deem necessary to execute this order.

Section 34.—Any person violating any of the provisions of these regulations shall be punished by a fine not exceeding $500, or by imprisonment in jail not exceeding 90 days, or both, at the discretion of the court.

Section 35.—The medical officers of the Canal Zone, duly clothed with authority to act as quarantine officers at any port or place within the Canal Zone and the ports of the cities of Panama and Colon, Republic of Panama, and when performing the said duties, are hereby authorized to administer oaths and take declarations thereunder in matters relating to the administration of the quarantine laws and regulations of the Canal Zone Government.

Section 36.—These regulations shall take effect from and after the date upon which the Panama Canal is officially and formally opened for use and operation, by proclamation of the President of the United States.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 333Medl.—The 29th January 1914.—In exercise of the powers conferred by section 16 of the Lepers Act, 1898 (India Act III of 1898), and in supersession of the rules sanctioned under Government Notification No. 485T.—M., dated the 31st May 1901, the Governor in Council is pleased to make the following revised rules for carrying out the purposes of the Act in the Albert Victor Asylum for lepers at Gobra :—

24-Parganas.

1. (*1*) The executive charge of the Asylum shall be vested in the Commissioner of Police, Calcutta, under the control and supervision of the Board, appointed under section 5 of the Act.

General control.

(*2*) The Superintendent of the Asylum shall be *ex-officio* Secretary to the Board.

2. (*1*) The Board shall meet at least once every three months for the transaction of business at such place as may be fixed by the President. The President may also call a special meeting at any time. Three members shall form a quorum. The proceedings of the Board shall be recorded in a book to be kept for that purpose.

Meetings of the Board.

(*2*) The Board at its ordinary meetings shall appoint two or more of its members, one of whom shall be the Medical Officer, to fulfil the requirements of section 13 of the Act until the date of its next meeting.

(*3*) The inspection book kept under section 13 of the Act shall be laid before the Board, and the Board may enter any remarks that it may deem proper in regard to the condition of the Asylum and its inmates, and any suggestions for the management of the Asylum.

3. The Secretary shall submit to the President of the Board for submission to the Local Government a copy of all remarks entered by the members of the Board in the book kept under section 13.

Inspection remarks.

4. When a Magistrate sends a leper to the Asylum under section 9 of the Act, he shall cause to be attached to the warrant of detention (Form C) a descriptive roll containing the following particulars, namely :—

Descriptive roll.

1. Name.	5. Caste or religion.
2. Father's name.	6. Place of abode.
3. Age.	7. Occupation.
4. Sex and condition.	8. Family history, if known.

9. List of property sent with him.

5. (*1*) The Superintendent of the Asylum shall be responsible for the carrying out of all rules and orders affecting the Asylum, for the maintenance of orders and discipline therein, and for the comfort and well-being of the inmates in respect of general and medical treatment.

General duties of Superintendent.

(*2*) He shall report to the Commissioner of Police and President of the Board, as they occur, all escapes, breaches of discipline, sudden deaths and outbreaks of epidemic disease, and the measures taken to prevent the spread of such disease.

(*3*) In cases of escape he shall also forward a report to the nearest thana, with a description of the leper, to enable the police to take measures to effect a recapture.

(*4*) He shall satisfy himself that all articles supplied for use in the Asylum are of the quality contracted for.

(5) He shall keep the following registers and book, namely :—

a General Register, in Form I,
a register showing the punishment inflicted, in Form II,
two Daily Registers of Rations, in Form III and Form IV, respectively, and
a Cash-book, in Form VII,

and shall furnish to the Commissioner of Police and President of the Board the following annual returns, namely :—

a return of Admissions and Discharges, in Form V, and
a return of patients in Hospital, in Form VI,

and shall keep such other registers and accounts, and furnish such other returns, as may from time to time be prescribed by the Commissioner of Police and President.

(6) He may, in cases of misconduct on the part of any person serving under him, report the circumstances to the Commissioner of Police and President of the Board, who alone shall have power of suspending or dismissing any subordinate (except the Sub-Assistant Surgeon).

Appointment and duties of Sub-Assistant Surgeon.

6. (1) A Sub-Assistant Surgeon shall be appointed by the Inspector-General of Civil Hospitals.

(2) The Sub-Assistant Surgeon shall reside on the Asylum premises, and shall not engage in private practice except with the sanction of the Board.

(3) He shall act in immediate subordination to the Superintendent.

(4) He shall visit every part of the Asylum and inspect all the inmates daily, and shall attend to the comfort and cleanliness of the inmates, and see that every inmate occupies at night the sleeping place or bed which has been set apart for him; and that every part of the building and all furniture or fittings, &c., are kept clean, and that all cooking and other vessels and all other articles, including food, belonging to the inmates are kept in the places which are set apart for them.

(5) He may order any additions or alterations of diet for the sick, and recommend a special diet for any inmates of the Asylum whose condition appears to require it.

(6) He shall satisfy himself that the food is of good quality and well cooked.

(7) He shall attend the officials and their families residing on the premises.

(8) In the event of any epidemic disease appearing, he shall at once make a report to the Superintendent.

(9) He shall keep a Case-book in Form VII for each leper in the Asylum.

Appointment of subordinates.

7. All subordinates shall be appointed by the Board, but the Superintendent shall have power, in case of a vacancy occurring from any cause, to appoint a temporary substitute.

Procedure on admission.

8. When a leper is admitted into the Asylum, the Superintendent, after satisfying himself that the medical certificate (Form B) and the Magistrate's warrant (Form C) are in order, shall make the necessary entries regarding the leper in the General Register in Form I, shall cause the leper to be thoroughly searched and to wash himself, and shall then provide him with such articles for his use in the Asylum as may be prescribed by the Board.

Clothes and property of lepers.

9. (1) The Superintendent shall take charge of, and enter in a separate register, all clothes and property brought by any leper into the Asylum.

(2) No article shall be brought into the Asylum without the Superintendent's permission.

Diet and routine.

10. The scale of diet, the hours of meals and the general routine of the Asylum shall be prescribed by the Board.

Conduct of lepers.

11. The pauper lepers shall keep their own wards clean and tidy, fold up their bedding and obey all orders lawfully given by the Superintendent.

Employment of lepers.

12. The pauper lepers shall be employed on such light occupations as may be determined by the Board.

13. All articles required for the Asylum shall be obtained by contract tenders for which shall be publicly invited and shall be opened and decided on at a meeting of the Board.

Supplies.

14. The members appointed under Rule 2, clause 2, shall inspect the supplies and make a note of having done so.

Members to inspect supplies.

15. (*1*) The Superintendent should report to the Board at each of its meetings the number of inmates of each class who are in the Asylum, and whether there is any overcrowding in any section, or the number of vacancies in any ward.

(*2*) No pauper leper confined in the Asylum shall be provided with less dormitory accommodation than 68 superficial feet and 910 cubic feet.

(*3*) No pauper leper should be admitted into the Asylum or into any section of it, should there be overcrowding, without the consent of the Board and only then as a temporary measure.

16. To such pauper lepers as are well conducted, a daily allowance of tobacco and betel shall be granted.

17. With the approval of the Superintendent, clothing, food, and sweetmeats or other luxuries may be supplied to pauper lepers by friends.

18. For escape or other serious misconduct a pauper leper may be confined to his dormitory or in a cell under the orders of the Commissioner of Police for any period not exceeding a week; and for other breaches of discipline, the privileges allowed by the rules or any portion of them may be forfeited under the orders of the Commissioner for a period which may extend to one month.

For minor breaches of discipline the Superintendent may order the forfeiture of the privileges for a week, and confinement in a cell for not more than 24 hours.

19. All orders passed under Rule 18 shall be entered in a register which will be kept for the purpose, and should be submitted regularly to the visitors and to the Board.

20. The Local Government may appoint, from time to time, as visitors gentlemen of position, who are likely to take an interest in the welfare of the inmates of the Asylum.

(*1*) Every visitor so appointed shall hold office for two years, but can be re-appointed on the expiration of any such term, at the discretion of Government.

(*2*) The Board shall make arrangements with regard to the turn of visiting, etc.

(*3*) A visit must be made by one or more of the visitors at least once a month. Except in exceptional circumstances, visitors should not visit the Asylum after nightfall or before sunrise.

(*4*) Visitors should visit every ward, yard, and cell, and see every inmate at the time of their visit, and in every case of complaint made to them should enquire what the rules in force are, and whether these are observed or not; and they should ascertain generally whether rules and orders are adhered to. They may examine all prescribed registers and should examine the Punishment Register, and see that punishments are properly recorded.

(*5*) A visitors' book (to be prescribed by the Board) shall be kept in the Asylum, and shall be presented to every visitor, when he has completed his inspection of the Asylum. Every visitor shall record the date and hour of his visit and any remarks he may care to make. (Such remarks should be limited to a statement and fair criticism of the actual facts which come to his knowledge, and any suggestions he may wish the Board to consider.) This book will be laid before the next meeting of the Board, and the Board may, if necessary, forward a copy of the remarks to Government, together with its own observation.

21. A copy of these rules in English and in the Vernacular shall be hung up in each ward.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sectons 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I. of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under cla s II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed : Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12 At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrámpur khal up to Sangrampur bridge, and the Surjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. Teehs figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

DRAFT NOTIFICATION.

No. Marine, dated the 1914.—In exercise of the powers conferred by section 51 of the Inland Steam Vessels Act, 1884 (VI of 1884), read with section 3 of the Bengal, Bihar and Orissa and Assam Laws Act, 1912 (VII of 1912), and with the previous sanction of the Governor-General in Council, the Governor in Council of the Presidency of Fort William in Bengal is pleased to make the following rules to regulate the carriage of passengers in Inland Steam-vessels within that Presidency, in supersession of the rules issued by the Government of Bengal in Marine Department Notification No. 99Marine, dated the 8th September 1908, and by the late Government of Eastern Bengal and Assam in their notification No. 5241J., dated the 3rd December 1908.

RULES TO REGULATE THE CARRIAGE OF PASSENGERS IN INLAND STEAM-VESSELS.

Power to refuse admission of passengers to vessel.

1. The master, or any employé authorised in this behalf by the owner or master, of any inland steam-vessel may refuse to admit any person to the vessel as a passenger—

(*a*) if he has not paid his fare, or
(*b*) if he is insane, or
(*c*) if he is suffering from an infectious or contagious disease, or
(*d*) if he is drunk and incapable of taking care of himself, or
(*e*) if he is disorderly, or if he is otherwise in such a state, or is conducting himself in such a manner, as to cause or to be likely to cause annoyance to other passengers, or
(*f*) when the vessel, or the part thereof to which such person seeks admission, already contains the maximum number of passengers which may lawfully be carried therein.

Payment of fares, and use of tickets.

2. (*1*) No passenger shall—

(*a*) travel or attempt to travel in an inland steam-vessel without having previously paid his fare, or
(*b*) travel or attempt to travel in accommodation of a higher class than that for which his fare has been paid, or
(*c*) travel beyond the place to which his fare has been paid without previously paying the additional fare in respect of the additional distance, or
(*d*) use or attempt to use a ticket on any day for which such ticket is not available, or
(*e*) transfer or attempt to transfer a ticket, or
(*f*) take or attempt to take luggage with him without having previously paid the freight (if any) payable in respect thereof.

(2) Every passenger by an inland steam-vessel shall, when required by the master or any person authorised in this behalf by the master or owner,—

(i) pay his fare, if not already paid,

(ii) present his ticket for examination, and

(iii) at or near the end of the journey for which his ticket was issued deliver up such ticket.

(3) No passenger shall alter or deface his ticket so as to render illegible, the date or number or any other material portion thereof.

Conduct of passengers.

3. (1) No passenger shall take or keep on board an inland steam-vessel any decayed meat, fish or vegetable, or any other offensive article.

(2) No passenger shall—

(a) obstruct or impede the master or any other officer of the vessel in the discharge of his duties, or

(b) in any way obstruct or interfere with the loading or unloading of luggage or cargo, or

(c) damage or attempt to damage the vessel or any article on board thereof, or

(d) enter or leave or attempt to enter or leave, any inland steam-vessel when such vessel is in motion and until such vessel has been made fast to the landing-place, or

(e) without lawful excuse, enter a compartment or place reserved for the use of another passenger or refuse to leave it when required to do so by the master or any other officer of the vessel, or

(f) smoke, or be in possession of a fire or light, in any part of the vessel where smoking or the possession of a fire or light is not permitted by the master thereof, or

(g) be drunk and disorderly, or drunk and incapable of taking care of himself, or

(h) commit any nuisance or act of indecency, or use obscene or abusive language, or

(i) without lawful excuse, molest or interfere with the comfort of any other passenger.

(3) No male passenger by an inland steam-vessel, knowing that a compartment or place has been reserved for the exclusive use of females, shall enter such compartment or place without lawful excuse, or, having entered it, shall remain therein after being required by the master or any other officer of the vessel to leave it.

Power to require passengers to leave vessel.

4. The master, or any employé authorized in this behalf by the owner or master, of any inland steam-vessel may require the following passengers to leave the vessel, namely :—

(a) insane passengers and their attendants (if any), when they have embarked without the special permission of the master or of some employé authorised as aforesaid,

(b) passengers suffering from an infectious or contagious disease, when they have embarked without the special permission of the master or of some employé authorised as aforesaid, and are not subject to the rules made under sections 51 and 51A of the Inland Steam-vessels Act, 1884, and published under Notification No. 16Marine, dated the 5th March 1907, as amended by Notifications Nos. 78Marine, 136Marine and 103Marine, dated, respectively, the 13th July 1908, the 17th November 1908 and the 17th October 1911,

(c) passengers who are drunk and incapable of taking care of themselves,

(d) passengers who are disorderly, or are otherwise in such a state, or are conducting themselves in such a manner, as to cause or to be likely to cause annoyance to other passengers,

(e) any passengers who have embarked in excess of the maximum number of passengers which may lawfully be carried in the vessel or in the part thereof in which they propose to travel, and

(f) passengers who have not paid their fare.

Obligation to obey direction under rule 1 or rule 4.

5. A person who has, under rule 1, been refused admission to an inland steam-vessel shall not embark thereon; and a person who is required under rule 4 to leave an inland steam-vessel shall leave at such convenient time and place as the master may direct:

Provided that any person who is refused admission under clause (*f*) of rule 1 or is required under clause (*e*) of rule 4 to leave shall be entitled to have his fare returned to him.

Penalty.

6. Any passenger who, with intent to defraud, commits any breach of rule 2, and any person who commits any breach of rule 3 or rule 5, shall be punished with fine which may extend to twenty rupees.

NOTIFICATION.

No. 1301 Regn.—The 7th February 1914.—The following rules for Departmental Examinations in the Registration Department having been approved by the Governor in Council are published for general information :—

1. All Probationers and Sub-Registrars appointed direct to the higher grades shall be liable to pass a Departmental Examination in the following subjects :—

(i) The Bengal Registration Manual, 1912, excluding Parts II and III in Chapter IV.

(ii) The Stamp Act (II of 1899), Chapters I-IV and VII and Schedule I, the Notifications of the Government of India under section 9 of that Act (pages 185-189 of the Bengal Stamp Manual, 1911), Board's Circular Orders Nos. 1-3 at pages 177-181, and the High Court Ruling at pages 181-182 of the Stamp Manual.

(iii) The General Clauses Act (X of 1897) so far as it bears on the work of the Registration Department.

(iv) Order V, Rules 9-30 in the First Schedule to the Civil Procedure Code (Act V of 1908).

(v) Rules 64 to 71 of the Rules framed under section 69 of the Registration Act and published under Eastern Bengal and Assam Notification No. 8627, dated the 2nd September 1911, prescribing the procedure in the case of documents presented for registration under the provisions of the Bengal Tenancy Act.

2. To direct and control these Departmental Examinations, which will be held half-yearly, there shall be an Examination Board consisting of the Inspector-General of Registration as President and the Inspectors of Registration Offices as members.

3. The examination of all candidates will be held at a single centre in Calcutta.

4. Each District Registrar will report to the Inspector-General of Registration, the names of intending examinees.

5. The first half-yearly examination will be held in May and the second in the month of November. Exact dates will be communicated to the District Registrars by the Inspector-General of Registration.

6. (*a*) It will be the duty of the Board to prepare, previous to each half-yearly examination, two papers containing at least five questions each. The question papers shall be placed in a sealed envelope which shall remain in the custody of the President.

(*b*) For the examination in Law and Rules there will be two papers—

(i) One paper containing questions of a more difficult and practical character to be answered with books.

N.B.—Only unannotated edition of Acts or Codes will be allowed in answering this paper.

(ii) One paper containing questions of a simple, general character to be answered without books.

7. (*a*) The answers of the candidates will be examined by the Board and marks will be allotted. The minimum number of marks for a pass will be 50 per cent. of the total number of marks. Candidates obtaining 75 per cent. of the total will be held to have passed with credit.

(*b*) There will also be a practical examination in which each of the candidates will be expected to register a document correctly and their ability to read documents in the language commonly used will be tested. The minimum number of marks for a pass will be 50 per cent. of the total number of marks. Failure to qualify in this practical test will involve failure in the whole examination, whatever be the percentage of marks obtained in the written paper.

8. The results of the examination will be published in the *Calcutta Gazette*, the names of successful candidates being arranged in order of merit.

9. No Probationer will ordinarily be eligible for promotion to the fifth grade of Sub-Registrars and no Sub-Registrar appointed direct to one of the higher grades will be eligible for promotion unless he has passed this examination. Ordinarily, he will be superseded by those who pass. But the penalty for delay in passing will cease to operate when he passes, *i.e.*, on passing he will be placed, as soon as practicable, in the same position with regard to future promotions as if he had passed in the ordinary course.

10. If a Probationer or Sub-Registrar, as the case may be, fails to pass within two years of his first appointment, he will be liable to removal from the service, subject to the approval of Government.

11. Probationers attending at the half-yearly Departmental Examinations will be allowed travelling allowance subject to the rules laid down in section IV, Chapter LIV, of the Civil Service Regulations.

12. The Governor in Council reserves to himself the right of exempting for special reasons, any Probationer or Sub-Registrar, from the obligation to pass the Departmental Examination.

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as salteés, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the master, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11, dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or ruggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety of obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Surjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. Teehs figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

MARINE DEPARTMENT.

The 7th February 1914.

No. 20 Marine.—Mr. L. F. G. Smyth, Licensed Branch Pilot, is granted, under article 676 (*a*) of the Civil Service Regulations, privilege leave for ten days in extension of that already granted him under Bengal Government Notification No. 158 Marine, dated the 20th December 1913.

H. H. GREEN,
Secy. to the Govt. of Bengal.

The 10th February 1914.

No. 21Marine.—In exercise of the powers conferred by section 10 of the Indian Merchant Shipping Act, 1859 (I of 1859), the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following amendments in the rules for the conduct of examinations for Masters and Mates of Foreign-going and Home-trade Ships and as to the qualifications to be required, published under the Notification of this Department No. 113Marine, dated the 14th November 1910, as amended by notification No. 109Marine, dated the 7th October 1912.

H. H. GREEN,
Secy. to the Govt. of Bengal.

In the first line of rule 5, after the words "sea-service' *insert* the words " in the foreign or home trade."

For rule 25 (1) *substitute* the following :—

"25. (1) Every candidate for a certificate of competency of any grade will be required to produce a certificate from the St. John Ambulance Association, the St. Andrew's Ambulance Association, the St. Patrick's Ambulance Association, the London County Council, or other approved body to the effect that he has passed an examination in First Aid to the Injured."

After rule 25 (2) *add* the following :—

"Certificates issued by the St. John Ambulance Association more than three years before the examination for a certificate of competency will, however, be accepted, provided that, at the expiration of three years since its issue, the certificate has attached to it the 'Voucher' or 'Label' of the Association certifying that the holder has passed re-examination in First Aid."

For rule 25 (3) *substitute* the following :—

25. (3) If a candidate does not possess such a certificate of proficiency in First Aid, he should apply some time before he wishes to sit for examination for a certificate as Master or Mate to the local Secretary of the St. John Ambulance Association in Calcutta, who will inform him of the available facilities for the instruction and examination of candidates in First Aid.

A list of the names and addresses of the local Secretaries of the approved Associations is given in Appendix C, page 53.

For rules 26 and 27 *substitute* the following :—

SIGHT TESTS.

26. Every candidate for a certificate of competency must pass the prescribed sight tests before a certificate can be issued to him. If circumstances render it necessary for him to proceed with the examination in navigation and seamanship before undergoing the sight tests, he should be informed that the examination in navigation and seamanship will be cancelled in the event of his failure to pass either of the sight tests.

(1) *Form vision test.*—Every candidate for a certificate must pass the form vision test. If he presents himself for examination before January 1st, 1914, he will only be required to possess half normal vision using both eyes together. A candidate who has obtained a certificate before that date will be allowed to obtain his higher certificates on the same standard of vision.

Any candidate may, and every candidate presenting himself for examination for his first certificate on or after January 1st, 1914, must pass a higher standard, viz., normal vision using both eyes or either eye separately.

Any candidate who has obtained his first certificate under these conditions may obtain his higher certificates, provided that he has normal vision using both eyes or either eye separately.

Detailed information with regard to the conduct of the examination and the standards required is contained in Appendix O.

(2) *Colour vision tests.*—These tests comprise a wool test and a lantern test, and full particulars with regard to the methods adopted are given in Appendix O.

Every candidate must undergo the colour vision tests on the first occasion on which he presents himself for examination for a certificate of competency; but, if he then passes, he will not be required to undergo the colour vision tests on any subsequent occasion. No person who holds a certificate of competency should be examined in colour vision.

(3) A candidate who fails to pass the prescribed form vision test may present himself for re-examination at intervals of three months. A candidate who fails to pass the colour vision test is not allowed to be re-examined. In the case of a candidate who is referred for further examination the Port Officer will make arrangements for a special examination, and it is also open to any candidate, who is adjudged to have failed in the colour vision test, to appeal to Government, who may, if they think fit, remit the case to a special body of examiners for decision.

(4) The Government will repay, at a rate which will be notified to the candidate, the travelling expenses of any candidate, who is referred for further examination, as well as the travelling expenses of any candidate who, having appealed against failure, is reported by the special examiners to have passed. No payment whatever will be made towards the expenses of candidates who, upon their own application, are examined by the special examiners, and are reported by them to have failed, unless Government consider that the particular circumstances of the case justify such payment.

(5) When a candidate fails to pass the colour vision test, the examiner will point out to him the conditions under which he can appeal. Appeals are to be made through the Port Officer and forwarded to Government with the examiner's remarks.

(6) Only examiners who have themselves passed the colour vision tests are to undertake the examinations.

(7) The fee paid for examination for a certificate of competency includes the fee of one rupee for examination in form and colour vision, and if the candidate fails to pass those tests, this fee will, with the exception of one rupee, be returned to him.

(8) No additional fee will be charged to any candidate referred by the examiner for special examination or for the special examination allowed to a candidate who appeals against failure. If, however, a candidate, who has been reported by the special examiners as having failed, is still dissatisfied, it will be open to him, if he so desires, to present himself for a second special examination on payment of a fee of Rs. 75, provided that he brings with him a friend to witness the examination. This second examination will, however, be entirely voluntary, and will form no part of the examination for a certificate of competency. Consideration will, however, be given to the result of such examination in determining whether a certificate shall be granted.

Insert the following as rule 27 :—

27. The sight tests are open to all persons serving or intending to serve in the Mercantile Marine, and all such persons are recommended to take the earliest opportunity of ascertaining whether their vision is such as to qualify them for service in that profession. Any such person, if desirous of undergoing the tests, must make application to the Port Officer on the Form Exn. 2a, and must pay a fee of one rupee.

This fee will be payable on each occasion on which a candidate is examined.

In clause (*b*), rule 31, *delete* the word "rough" in the second line.

For clause (*l*), rule 31, *substitute* the following :—

(*l*) To find on a chart or plan the course or courses to steer and the distance or distances from one given position to another; to find the ship's position together with the set and drift (if any) on the chart or plan from cross-bearings of two objects; to find the ship's position from two bearings of the same object, the course and distance run between taking the bearings being given, making due allowance for a given tide or current; also, the distance of the ship from the object or any given position at the time of taking the second bearing; and to state what the small numbers and Roman numerals found on a chart indicate, and give a method of finding approximately the time of high water at any given place without the aid of the Admiralty or other Tide Tables. *See* Appendix H.

After clause (*p*), rule 31, *insert* the following :—

(*q*) The markings, signs and abbreviations on Admiralty charts or plans.

(*r*) The General Notices published in the Board of Trade Summary of Notices to Mariners.

In clause (4), rule 40, before the word "paragraphs" in the first line *insert* the word "sub."

For the figure "16" in the sixth line *substitute* "15"

For the word "six" in the last line *substitute* the word "five."

Insert the following as rule 103A :—

103A. For all certificates of competency as Master or Mate in the Mercantile Marine, the qualifying service usually required is service performed in ordinary trading vessels. While the Regulations provide for the acceptance in part of certain kinds of non-trading service (*e.g.*, that performed in fishing-boats, yachts, pilot vessels, &c.), non-trading service not specially provided for in the Regulations cannot be accepted as qualifying service unless it has been submitted to Government and their sanction obtained.

For rule 112, *substitute* the following :—

In charge of watch.

112. When service in charge of a watch in either the foreign or home trade is specified in the Regulations, candidates for certificates of competency as First Mate must be able to prove that during eight months at least of their service they have kept full regular watch *during the whole voyage*, i.e., *from port to port*, which, if in the foreign trade, must amount to not less than eight hours of each 24 hours' service. Where a candidate can prove eight months of such full service, service performed in cases where watches were doubled at any time during the voyage will be accepted as equivalent to half the same period of full watch-keeping service. No amount of occasional service will, by itself, be accepted as qualifying service. Candidates for certificates of competency as Master will be required to have served during the whole of the time specified by the Regulations, in full charge of a watch, and no service performed under the system of double watches except as the senior officer will be accepted as qualifying service for a certificate of this grade. Great care must be exercised by the Port Officer in regard to such service, and unless the candidate produces a clear and satisfactory testimonial specially setting forth the above facts from the Master or Owner of the vessel in which the service was performed, it must not be accepted.

Insert the following before the last paragraph of Appendix C :—

APPENDIX H.

EXAMINATION IN CHART.

For all Grades where the Chart is used, including Home Trade Passenger Ship Certificates.

1. Using deviation [card] [curve]† No. find the courses* to steer by compass from to ; also the distance on each course.

Note.—Alter course when and again when .

Answer.—1st Course . 1st Distance .
2nd „ . 2nd „ .
3rd „ . 3rd „ .
1st Deviation .
2nd „ .
3rd „ .

2. With the ship's head on the abovenamed compass course bore by compass and bore by the same compass, find the ship's position, also the set and drift experienced since the course was set, ship steaming knots per hour and taking hours to reach this position.

Answer.—Latitude . Longitude .
Set . Drift .

3. With the ship's head on abovenamed compass course bore by compass , and after continuing on the same course (hours) (minutes), it bore , find the ship's position, and her distance from , making due allowance for a (current) (tide) which set at the rate of knots per hour, ship steaming knots per hour.

Answer.—Latitude . Longitude .
Distance .

4. What do you understand the small numbers to indicate that you see placed about the chart, and at what time of tide?

5. What do the Roman numerals indicate that are occasionally seen on the chart near the coasts and in harbours?

6. How would you find, approximately, the time of high water at any place, the Admiralty tables not being at hand, nor any other special tables available?

All the foregoing questions must be answered, but this does not preclude the examiner from putting any other questions of a practical character or which the local circumstances of the port may require.

Additional questions for Only and First Mates and Masters, including Masters of Home Trade Passenger Ships.

7. Find the course to steer by compass from to to counteract the effect of a current which set at the rate of miles per hour, the ship making by log miles per hour; also the distance the ship would then make good in hours towards .

Answer.—Compass course .
Distance .

8. On being off took a cast of the lead ; required the correction to be applied to the depth obtained by the lead line before comparing it with the depth marked on the chart.

* These problems will be varied in the setting so as to include one, two, three or more courses and the remaining problems will also be varied so as to include all practical conditions.

† A candidate for an Ordinary Master's certificate is expected to use either a card of deviations, or a curve of deviations on a Napier's diagram, whichever the examiner may put before him.

9. The following horizontal sextant angles were taken to determine the ship's position :—

_____° '_____° '_____

Find the latitude and longitude, using a station pointer.

Answer.—Latitude .

Longitude .

All the foregoing questions, and those on Form Exn. 9c, must be answered, but this does not preclude the examiner from putting any other questions of a practical character or which the local circumstances of the port may require.

For Appendices O and Oa *substitute* the following :—

APPENDIX O.

THE SIGHT TESTS.

These tests must be conducted under the strict personal supervision of the examiner. A careful record must be kept of all mistakes made by the candidate in the form vision test, and on *no account whatever* must a candidate be allowed to make his selections in the colour vision test during any temporary absence of the examiner.

Each examiner must keep a record of all candidates passed by him for reference when required.

1.—FORM VISION TEST.

1. *Form vision test to be passed first.*—The first test which the candidate is required to undergo is the test for form vision, and until he has passed this test he must not be allowed to proceed further with the examination.

2. *Apparatus used.*—The form vision test to be used for all candidates is that conducted on Snellen's principle by means of sheets of letters. Sets of eight of these sheets are supplied to examiners.

3. *Object of the test.*—The object of the form vision test is to determine whether the candidate can reach a sufficient standard of visual acuteness, or, in other words, to find out whether his eyesight is good or bad.

4. *Standard of vision required.*—With the exceptions indicated below (*see* paragraph 8), every candidate for a first certificate of competency will be required to possess normal vision. Every candidate for a second or higher certificate will be required to possess normal vision.

"Normal vision" is defined, for the purpose of these Regulations, as ability to read correctly nine of the twelve letters in the sixth line and eight of the fifteen letters in the seventh line of a test sheet placed in a good light at a distance of 16 feet from the eye.

5. *Spectacles not allowed.*—During the examination for form vision candidates must not be allowed to use spectacles or glasses of any kind, or any other artificial aid to vision.

6. *Method of testing.*—The test sheets should be hung on the wall, *in a good light but not in a direct sunlight*, at a height of five or six feet from the ground. The candidate should be placed at a distance of exactly 16 feet from the sheets, and exactly opposite them. This distance should be carefully measured, and should never in any circumstances be varied.

One of the sheets should then be exposed, and the candidate should be asked to read the letters on each sheet, beginning at the top and going downwards. Any mistakes which he makes should be carefully noted. If then it is found that he has read correctly at least nine letters in the sixth line and eight letters in the seventh line of a sheet, the candidate may be considered to have normal vision and the entry "5/5" should be made in the appropriate column of the form of application (Exn. 2 or Exn. 2A, as the case may be).

7. *Passing or failure.*—If at the conclusion of the test the candidate is found to reach the required standard, he may be considered to have passed, and the examiner should proceed to test him for colour vision. If the candidate fails to reach the standard required for the certificate entered for, he should be tested with at least four sheets, and the examiner should fill in a Form Exn. 17b, and should forward it, with any remarks he may wish to make, to the Principal Examiner for his instructions as to whether the candidate is to be regarded as passing or as failing in form vision.

8. *Lower standard required in certain cases.*—Candidates examined before January 1st, 1911, and also candidates examined on or after that date who are already in possession of certificates obtained before that date, may be regarded as passing in form vision if they can read correctly with both eyes at least five of the eight letters in the fifth line of a test sheet.

9. *Tests to be varied.*—The examiner should take care, by varying the order of the test sheets and by every other means in his power, to guard against the possibility of any deception on the part of the candidate.

10. *Result of examination to be reported.*—The result of every examination in form vision should be reported, in the case of a candidate for a certificate of competency, to Government on Form Exn. 2, and to the Port Officer on Form Exn. 14; and, in the case of a candidate for the sight tests only, to Government on Form Exn. 2A.

2. COLOUR VISION TESTS.

I.—THE WOOL TEST.

1. The wools provided are divided into five groups, one to each test skein. The test skeins are labelled respectively I. (Light Green), II. (Pink), III. (Brown), IV. (Purple), and V. (Yellow), and must always be used in the order named. Care should be taken that the labels do not become detached nor the skeins belonging to the different groups get mixed. To avoid this only one group of skeins should be exposed on the table at one time.

A special bag with five pockets is provided in which the wools, when not in use, must be kept in order that they may not become faded or dirty.

2. The examination in the wool test should be conducted as follows:—

The first group of wools is placed in a heap upon a table covered with a white cloth and the first test skein a little to one side of it, care being taken that no strong sunlight falls directly upon the skeins. The person examined should be requested to note carefully the colour of the test skein and then to divide the group into two parts, one part consisting of those skeins which have the same colour as the test skein in them and the other part the skeins which have none of the test skein colour in them. The examiner should explain that there is no exact match for the test skein, as the skeins which contain this colour are all either lighter or darker, and that the only question is the division of those skeins which contain the test colour more or less from those which do not. No difficulty should be experienced in explaining to the candidate what he is required to do, but if the examiner thinks he has not grasped what is required he may himself divide the heap into two parts as a demonstration, mixing the skeins up again thoroughly before allowing the candidate to do the test.

3. When the candidate has dealt with the first test skein each of the four remaining tests should be gone through in a similar manner and in the order named.

4. As the examination proceeds the Examiner should place on one side the skeins which the candidate has wrongly selected as either resembling or not resembling the test skeins, and when the examination is finished, a small piece (say one inch) should be cut off *every one of the actual skeins incorrectly selected* by the candidate and *stitched* to Form Exn. 17c under the proper heading in the spaces provided for each test.

5. The greatest care must be taken that the pieces forwarded are cut off the actual skeins selected by the candidate, in order that there may be a reliable record of the actual selections made by the candidate if any question should subsequently arise.

6. During this test the Examiner should avoid naming the colours of any of the wools and should explain to the candidate that he does not require them to be named by him.

7. The wool test should only be held in daylight. *If a good natural light is not obtainable the test must be postponed.* If dark or foggy weather renders it necessary to postpone the examination until after the examination in navigation or seamanship has been begun, the examiner should not fail to inform the candidate that the latter examination will be cancelled in the event of failure to pass the Sight Tests.

II.—THE LANTERN TEST.

8. A special lantern and a mirror have been provided for this test. The lantern should be placed directly in front of the mirror, so that the front part of the lantern is exactly ten feet from the mirror. Care should be taken that the lantern is properly placed, that is to say, the lights reflected in the mirror must show clearly when viewed through the rectangular aperture on the left of the lantern. The examiner should always satisfy himself that these conditions are fulfilled before commencing the examination.

9. *It is essential that a Candidate should be kept in a room which is either completely or partially darkened for at least a quarter of an hour before he is required to undergo this test.*

10. Before the examination commences the examiner must satisfy himself that the room in which it is conducted is so darkened as to exclude all daylight.

11. The lantern supplied for the examination is so constructed as to allow one large or two small lights to be visible, and is fitted with 12 glasses of three colours—red, white and green. At the commencement of the examination the examiner should show to the candidate a series of lights through the large aperture, and should require him to name the colours as they appear to him. Care should be taken in showing the white light to emphasize the fact that the light is not a pure white. If a candidate makes a mistake of calling this light "red," a proper red light should be shown immediately after and the candidate's attention directed to the difference between the two.

After a series of lights through the large aperture has been shown, the Examiner should make a complete circuit with the two small apertures, requiring the candidate to name the colours of each set of two lights from left to right. To prevent any possibility of the order in which the lights are arranged from being learnt, the examiner should at least twice in each circuit go back a varying number of colours.

A record of any mistakes made with either the large aperture or the two smaller apertures should be kept on Form Exn. 17c in accordance with the instructions thereon.

12. As the lantern itself forms a test for Colour Ignorance, the old Colour Ignorance test becomes unnecessary and should be discontinued.

III.—SUCCESS OR FAILURE.

13. If a candidate with either the large aperture or the two smaller apertures of the lantern mistakes red for green or green for red, he should be considered to have "failed" in Colour Vision.

14. If a candidate makes no mistakes in the wool test and if the only mistakes made by him with the lantern is to call the white light "red," and if after his attention has been specially directed to the difference between the two he makes no further mistake of this nature, he should be considered to have passed in Colour Vision.

15. If a candidate makes any other mistakes with the lantern, *i.e.*, if he calls white "red" repeatedly or red "white" at all or confuses green and white or if he makes any mistake whatever in the wool test, his case should be reported to the Port Officer and he should be told that the decision as to whether he is passed or failed or a further examination is necessary will be communicated to him in due course. Pending the receipt of the Port Officer's instructions such a candidate should only be allowed to proceed with the remainder of the examination for a Certificate of Competency on the express understanding that the latter examination will be cancelled in the event of failure in the Sight Tests.

IV.—FURTHER EXAMINATION AND APPEALS.

16. If in the cases covered by the preceding paragraph the Port Officer decides that a further examination is necessary, arrangements will be made for a special examination to be held and the travelling expenses necessarily incurred by a candidate in attending such an examination will be paid by Government together with a subsistence allowance at a rate which will be notified to the candidate, but which will not in any circumstances exceed Rs. 5 for each day necessarily occupied in attending the examination. In these cases the above expenses will be paid whatever may be the result of the final examination.

17. If, however, on the report of the examiner the Port Officer decides that the nature of the mistakes made shows conclusively that a candidate is so colour blind as to be unfit to hold a certificate, the candidate shall be considered to have failed.

In cases where, upon the report of the examiner, a candidate is failed by the Port Officer as well as in the cases covered by paragraph 13, Government will be prepared to allow a candidate who is dissatisfied with this decision to appeal for a special examination, but Government will not pay the travelling expenses of any such candidate unless he is reported by the special examiners conducting the appeal examination to have passed.

3.—REPORTS.

18. The result of every test in form or colour vision should be reported to Government on the Form Exn. 2, and to the Port Officer on the Form Exn. 14, when the candidate is up for examination for a certificate of competency: and to Government on the Form Exn. 2A, when the candidate is up for examination in vision only.

All cases of failure should also be reported to the Port Officer on Form Exn. 17B, to which should be attached Form Exn. 17C, containing the pieces of the wools incorrectly selected by the candidate, and the record of any mistakes made with the lantern.

Every report relating to such an examination must be signed by the examiner who conducted the examination.

MEDICAL DEPARTMENT.

NOTIFICATION.

No. 527Medl.—The 12th February 1914.—It is hereby notified for general information that the Governor in Council is pleased to make the following rules for the management, admission and training of students in the medical schools in Bengal in supersession of all previous rules on the subject :—

SECTION I.—GENERAL.

Management and control.

The management of the Government medical schools in Bengal in all matters is vested in the Superintendents of the schools under the general control of the Inspector-General of Civil Hospitals, Bengal.

2. There are at present two Government medical schools in the Presidency, viz.—

Names of Government schools.

(1) The Campbell Medical School at Calcutta, and (2) The Dacca Medical School at Dacca.

3. Both men and women are trained in these schools and granted licenses to practise Medicine and Surgery. The passed students are authorized to style themselves—

L. M. P. (Camp), *i.e.*, Licensed Medical Practitioner of the Campbell Medical School; or

L. M. P. (Dacca), *i.e.*, Licensed Medical Practitioner of the Dacca Medical School.

Length of course.

4. The course of study in the schools extends over four years.

Session.

5. The session commences on the 16th of June each year. Students must join on the opening day of the session. In special cases a student may be permitted to join within a fortnight of the commencement of the session, provided he is able to satisfy the Superintendent that the delay was unavoidable.

6. The number of students in each school is limited as follows :—

In the Campbell Medical School	...	...	300
„ Dacca Medical School	...	...	200

Number of students admitted.

But to guard against excessive depletion by casualties of all kinds, the Superintendents may begin the session with 15 per cent. over the standard number.

SECTION II.—ADMISSION.

7. Candidates for admission to the schools must produce the following certificates :—

(1) *Certificate of general education.*—Certificate of having passed the Matriculation examination or an examination equivalent thereto or the B Final examination or any higher examination in Arts or Science of an Indian University.

NOTE.—(*a*) School Final examination for Indian schools and High School and Scholarship examination for European schools are accepted as equivalent to Matriculation examination.

(*b*) Ordinarily certificates from the Calcutta University only are accepted; but if a candidate can show that he is a resident of Bengal or is acquainted with the Bengali language, a certificate from any other University may be accepted.

[*Exceptions.*—(*a*) In special cases, and with the sanction of the Inspector-General of Civil Hospitals, a candidate may be accepted for admission on his producing satisfactory evidence of his having passed the Matriculation or any examination recognized as equivalent thereto, in two subjects, of which English must be one.

(*b*) A woman candidate who is unable to produce any of the above certificates may be admitted on producing one of the following certificates, if the Superintendent is satisfied after examining her that she is sufficiently intelligent and educated to study Medicine efficiently :—

(*i*) certificate of having passed the Middle English Scholarship examination, or

(*ii*) certificate of satisfactory completion of the full course in a Middle English School, or

(*iii*) certificate of having passed the Primary examination held at the end of standard VI under the vernacular scheme of education, and of being qualified in English up to that stage, or

(*iv*) certificate from an Inspector of Schools of having passed the Annual Class examination held at the end of standard VI in a recognized High English or Middle English school, in all the subjects of the prescribed curriculum, including English.]

(2) *Certificate of character*—From a Deputy Magistrate or a gentleman of equal position, or from the Principal or Head Master of the college or school in which the candidate last studied.

(3) *Certificate of age.*—Male candidates shall not be under 16 or over 23 years of age, and women candidates must be over 17 years of age, before commencing their studies.

Certificate of residence and respectability required of women candidates.

8. Every woman candidate must produce a certificate of residence and respectability, signed by a Government officer, not below the rank of a Deputy Magistrate, serving in the district in which the candidate ordinarily resides, or by some other authority satisfactory to the Superintendent. The certificate should invariably be countersigned by the Magistrate of the district.

9. If there are more candidates than vacancies, preference is ordinarily given to those who are natives of the Presidency and who possess better educational qualifications.

Form of application.

10. An application for admission into the medical schools should be submitted in Form A appended to these rules.

Date of submission of application.

11. The application with the certificates referred to in rules 7 and 8 must reach the Superintendent's office on or before the 1st of June each year, or within 10 days of the publication of the result of the Matriculation examination.

12. Candidates selected for admission must appear before the Superintendent on the 15th of June or on any date notified by the Superintendent for examination as to their fitness for the study of Medicine.

13. All women students of the Campbell Medical School are required to reside in the Lady Elliot Hostel. If, therefore, any woman student is requested by the Ladies Committee to leave the hostel, she will automatically cease to be a student in the Campbell Medical School.

SECTION III.—FEES.

14. Every student, on admission to the first-year class, must pay a license fee of Rs. 10, a sports fee of Rs. 2, an entrance fee of Rs. 2 and a school fee of Rs. 4 for the month of June.

15. Muhammadan students are required to pay only such portion of the school fees as cannot be contributed by the Mohsin Fund.

16. Government scholars and free-studentship-holders are exempted from the payment of school fees.

NOTE.—The midwifery fee is included in the school fee of Rs. 4.

17. No fees are charged from women students either on admission or tuition.

Date of payment of monthly fees.

18. School fees must be paid in advance on or before the 15th of each month, failing which the student will be liable to pay a fine to be fixed by the Superintendent for each day's delay. Should the 15th of a month fall on a Sunday or on a recognized holiday of the schools, the school fees will be received without fine on the re-opening day, except in the case of the Summer and the Durga Puja vacations.

Fees for re-admission.

19. A student, whose name has been removed from the school registers for non-payment of fees, may be re-admitted at the beginning of the next session into the class to which he belonged, on paying a re-admission fee of Rs. 4 (or Rs. 2 in case of a Muhammadan student) if his conduct and attendance while in the school have been good.

20. A first-year student, who is removed from the school for failure at the school test examination, or who leaves during the session without the permission of the Superintendent, may be re-admitted at the beginning of the next session; but he must pay all the fees required of a new candidate. He will not be eligible to compete for the scholarships and free-studentships that are open to first-year students. He will, however, be eligible for the privileges common to all in subsequent years.

21. Students rusticated may be re-admitted after their period of punishment is over.

22. Second, third or fourth-year students, who have failed once in the annual examination, may be retained in the same class for another year on paying the usual monthly school fees. If they, however, leave the school without the Superintendent's permission and ask for re-admission, they must pay a special fee of Rs. 10, and will also be required to pass the necessary test examination before the 15th June prior to their readmission.

Superintendent's power to dismiss or to refuse re-admission.

23. The Superintendent can refuse re-admission to or dismiss any student on account of incompetence or misconduct.

Refund of fees paid.

24. No fees paid and credited in the school books can be refunded under any circumstances, except in the case of a student who has been awarded a scholarship or a free-studentship.

SECTION IV.—SCHOLARSHIPS AND FREE-STUDENTSHIPS.

Scholarships and free-studentships for men students.

25. The following scholarships and free-studenships are tenable by the men students at the schools. Only natives of the province are entitled to these:—

NAME OF SCHOOL.		First-year class.	Second-year class.	Third-year class.	Fourth-year class.
Campbell Medical School.	Scholarships ...	9 of Rs. 5 each	9 of Rs. 5 each	9 of Rs. 5 each	9 of Rs. 5 each.
	Free-studentships	9	9	9	9
Dacca Medical School.	Scholarships ...	6 of Rs. 5 each	6 of Rs. 5 each	6 of Rs. 5 each	6 of Rs. 5 each.
	Free-studentships	6	6	6	6

Scholarships for women students.

26. Thirty Government scholarships are available for women students at the Campbell Medical School, and 26 at the Dacca Medical School. The value of a Government scholarship is Rs. 10 a month.

Besides those given by Government, scholarships given by District Boards, Municipalities, Countess of Dufferin Fund and other approved associations or individuals are tenable at these schools.

A list of these scholarships is given in Appendix B.

NOTE.—As a condition of the grant of a Government scholarship, the student will be required to give a written undertaking signed by her father or guardian to the effect that she will serve Government or a local authority for a period not exceeding four years, if required to do so by the Inspector-General of Civil Hospitals.

27. Scholarships are awarded to first-year students in order of merit on the basis of the certificates of general education, as stated in the admission rules. Ordinarily no scholarship will be awarded to any first-year student who has not passed the Matriculation or any higher examination in Arts or Science of an Indian University. Scholarships are distributed to the second and fourth-year students on the results of the annual examination, and to the third-year students on the result of the first qualifying examination, irrespective of their certificates of general education.

28. One special scholarship of Rs. 15 shall be awarded annually to a poor student of first-year class by the Inspector-General of Civil Hospitals, Bengal. Preference will be given to a member of depressed class. Subject to the scholarship-holder's good conduct and satisfactory progress and poverty, these scholarships are tenable for four years.

29. Free-studentships are awarded at the discretion of the Superintendent to the really deserving students requiring financial assistance.

30. Scholarships and free-studentships are tenable in the first-year class from the beginning of the session to the 31st March following, and in other classes from 1st April to the 31st March.

31. Scholarships and free-studentships are liable to forfeiture at the discretion of the Superintendent for misconduct, want of progress, irregular attendance or failure to show satisfactory results at subsequent examinations.

32. A list of the prizes and medals available at the Campbell and the Dacca Medical Schools and the conditions on which they can be obtained are given in Appendix C.

Medals and prizes.

SECTION V.—TRANSFER OF STUDENT TO OTHER MEDICAL SCHOOLS.

Transfers.

33. Transfers are allowed only at the beginning of a session and under special circumstances.

34. A student applying for transfer should submit his application to the Superintendent of the school to which he is attached, who on receiving the application will satisfy himself—

(1) that the applicant's conduct in the school has been good;

(2) that he has successfully passed the examination that he should have passed in the previous session; and

(3) that he possesses such a certificate of general education as is accepted by the school to which he wishes to be transferred.

35. The Superintendent will, if these conditions are satisfied, forward the application to the Superintendent of the school the student is desirous of joining, with his recommendation, and, on receiving sanction from the latter will grant the certificate of transfer to the applicant.

SECTION VI.—DISCIPLINE AND PUNISHMENTS.

Discipline.

36. For the maintenance of discipline, the punishments set forth in the rules immediately below shall be enforced at the discretion of the Superintendents of the schools according to the nature of the offence.

Punishments.

37. The punishments are verbal reprimand, written reprimand in the order-book, extra duty, fine, stoppage of leave, deprivation of scholarship or free-studentship, rustication and expulsion from the school.

38. Expulsion from the school shall be enforced for offences of a heinous nature involving disgraceful and dishonourable conduct, or persistent and wilful infringement of the school rules, or for gross insubordination and disrespect to the constituted authorities of the school.

39. When a student is expelled, a full report of $\frac{\text{his}}{\text{her}}$ case, with as much information as may be available for $\frac{\text{his}}{\text{her}}$ identification, should be submitted to the Inspector-General of Civil Hospitals, who will take measures to prevent the student's admission into any other medical school.

SECTION VII.—ATTENDANCE AND LEAVE OF ABSENCE.

Programme of lectures.

40. The Superintendent shall publish for general information a programme of the lectures of each teacher at the commencement of each session.

Attendance at hospital.

41. Second, third and fourth-year students are required to be present in the wards of the hospital at 6-30 A.M. in summer and at 7-30 A.M. in winter for clinical duties and instruction. They must not absent themselves from the ward without the permission of the medical officer in charge.

Duty at hospital.

42. Each dresser or clinical clerk will have charge of a certain number (not less than six in the surgical wards and six in the medical wards) of cases and must write out a full history of such cases, with their daily symptoms, treatment, etc., in the form prescribed and read it to the teacher. He should enter such cases with the corrections made by the teacher in his case-book, and will have to read them and be examined on them before leaving the ward at the end of his term of duty. The teacher, when granting a certificate of attendance at hospital to a student, should specially mention, for the information of the Superintendent, the number of cases in his ward satisfactorily recorded by the student.

43. The dressers have, in addition, to dress the cases allotted to them under the supervision of the medical officer in charge.

44. All the students attending the hospital will have to take their turn of day and night duty, as may be arranged by the medical officer attached to the ward. During such time they will be responsible for the proper working of the ward, and they must not leave it until relieved by their successors or until permitted to do so by the officer in charge. Any infringement of the hospital rules by a student will be reported by the medical officer to the Superintendent.

45. The total amount of leave admissible to a student, including regular vacation, casual leave, leave on private affairs or on account of sickness, is limited to 72 days in a year.

46. Not more than 30 days' leave shall be granted to a student at a time except on medical certificate.

47. The regular vacation leave shall always be notified in school orders. These are—

(*a*) The long summer vacation from the 15th April to the 15th June, both days inclusive	...	...	62 days.
(*b*) The Durga Puja vacation—a period of	...	...	21 „
(*c*) The Christmas vacation—a period of	...	...	11 „

48. *For regular vacation leave* students will be divided into two batches—A and B. Batch A will go on leave for the first half of each regular vacation, batch B meanwhile remaining on duty in the wards. On the return of batch A, batch B will go on leave for the second half of the vacation, batch A taking up duty in the wards.

49. No leave except leave on medical certificate shall be granted to a student—

(*a*) when he is placed on special duty in the wards,

(*b*) when he is undergoing any punishment,

(*c*) when there is any matter pending in connection with which he has been directed to appear before his teacher or before the Superintendent,

(*d*) when he is on duty during the regular vacations, or

(*e*) to extend regular vacation leave.

50. No student is allowed to absent himself from the hospital without obtaining, in the first instance, the recommendation of the teacher under whom he may be working, and then the sanction of the Superintendent.

Dismissal for absence without leave.

51. Any student who absents himself from school without leave for a period of more than one month will be liable to dismissal under order of the Superintendent.

52. A student overstaying the authorised vacation leave or absenting himself immediately before the commencement of the leave, without a medical certificate (*vide* rule 58) or other good cause approved of by the

Superintendent, will be liable to one of the following punishments at the discretion of the Superintendent—

(*i*) fine up to one rupee for each day's absence;
(*ii*) forfeiture of all claim to future vacation leave;
(*iii*) deprivation of scholarship or free-studentship, if any;
(*iv*) a withholding of the usual certificate for hospital or dispensary attendance.

Absence without leave.

53. Scholarship-holders absent without leave will forfeit their scholarships for the days they are absent.

Unauthorised absence of all students.

54. A student who absents himself from classes or hospital duty shall, except in case of sickness or sanctioned leave, be liable to pay a fine at the discretion of the Superintendent for each absence.

55. Should it be apparent to the Superintendent that any students have combined to stay away in order either to defy or to defeat discipline, such offenders will be liable to the severest punishment under rules 36 to 38.

56. On no account will any student be certified as having attended hospital or receive the benefit of promotion or be admitted to the Diploma examination who is absent from hospital on leave for more than 72 days in the year as counted from the 1st April.

57. No student shall on any account be certified as having completed his course of instruction, and receive the benefit of promotion or be admitted to a Diploma examination who has not attended at least 75 per cent. of all lectures and demonstrarions on all subjects embraced in such examination.

Medical certificates.

58. Except in the circumstances referred to in the concluding portion of this rule, all medical certificates in support of absence from classes or hospital duty must be from a medical officer in Government employ, and they must be forwarded to the Superintendent through the teacher within three days of the date the student states that he was ill: when delayed beyond that time, the student will be considered as having been absent without leave. If a student happens to be in the interior of a district where no Government medical officer is available within a reasonable distance, a certificate from a qualified private medical practitioner may be accepted.

SECTION VIII.—COURSE OF STUDY.

Curriculum of study.

59. The course of study shall be as follows:—

First year.	Second year.	Third year.	Fourth year.
Anatomy, including Dissections.	Anatomy, including Dissections.	Medicine and Therapeutics.	Medicine and Therapeutics.
Physiology	Physiology ...	Surgery	Surgery.
Chemistry and Physics ...	Chemistry and Physics°	Medical Jurisprudence	Medical Jurisprudance.

		Midwifery and Gynæcology.	Midwifery and Gynæcology.
.....	Minor Surgery ...	Hygiene	Hygiene.
.....	In and out-patient practice.	In and out-patient practice.	Vaccination.
			In and out-patient practice.

° For those students only who failed to pass in those subjects at the examination held at the end of their first-year class.

60. The curriculum of study may be modified according to the resources of the school on the recommendation of the Superintendent and with the sanction of the Inspector-General of Civil Hospitals.

61. Each student will be required to dissect the whole human body at least once during his first two years of study. During the third and fourth years of study each student shall be required to assist with his own hands at not less than six *post-mortem* examinations. All students shall, as far as possible, be made to attend all *post-mortem* examinations.

62. Each student shall have practical instruction in vaccination.

SECTION IX.—EXAMINATIONS.

63. (*a*) The class examinations of first and third-year students for promotion are held by the teachers at the close of the session. Students who fail to gain one-third of the marks in each subject will not be promoted to the second and fourth-year classes, respectively.

Class examinations—first and third-year students.

(*b*) Monthly examinations of the second-year students are held by the teachers in all subjects of that year's course; and no student shall be admitted to the first qualifying examination, unless he has gained in the aggregate 33 per cent. of the marks in each subject in the whole series of these examinations.

Monthly examinations—second-year students.

(*c*) A test examination of fourth-year students is held by the teachers towards the end of the year in all the subjects of that year's course. No student shall be admitted to the second qualifying examination unless he has gained in the aggregate 33 per cent. of the marks in each of those subjects.

Test examinations—fourth-year students.

This and the preceding clause may be relaxed by the Superintendent of the school in the case of a student who through illness or other cause has been prevented from gaining the prescribed percentage of marks, especially if his class examinations have been satisfactory.

(*d*) Qualifying examinations, viz., the examinations for the Licensed Medical Practitioner's certificate are two in number, a first or junior and a second or final. They are held at the end of the second and fourth year of study, respectively. These examinations are written, oral and practical. The following are the subjects of examination and the marks allotted to each subject (the detailed syllabus of instruction and examination is given in Appendix D) :—

Qualifying examinations.

SUBJECTS.	MARKS ALLOTTED TO EACH SUBJECT.		
	Oral and Practical.	Written.	Total.

Hygiene and Vaccination ...	100	100	200

* The students who successfully pass in Chemistry and Physics in the examination held at the end of their first-year class are not required to appear in these subjects.

64. Students who obtain not less than 50 per cent. of the total marks in each subject shall be judged to have passed, provided they have obtained not less than 50 per cent. in the oral and practical portions. Students obtaining 75 per cent. of marks or upwards in the Second or Final Examination are to be considered to have passed with honours, those obtaining 66 per cent. to be placed in the first and the rest in the second division.

65. The qualifying examinations for the Campbell and the Dacca Medical Schools shall be held at Calcutta and Dacca respectively. The questions for the written portion of the examinations shall be set by the Superintendent of one of the schools, in rotation, and the answer-papers examined and marked by the teachers of each school, also in rotation. The oral and practical parts of the examinations shall be conducted by the Professors of the Medical College, Calcutta, in respect of the students of the Campbell Medical School, and by a Special Examining Board, constituted for the purpose, in respect of the students of the Dacca Medical School.

66. The teachers of medical schools who examine and mark the written answer-papers of the students shall be allowed a fee of rupee one per paper.

Penalty for failure at the examination.

67. A first-year student who fails to get promotion is removed from the school. He may, however, be re-admitted under exceptional circumstances at the discretion of the Superintendent.

68. Students who fail for the first time at either of the qualifying examinations for the Licensed Medical Practitioner's certificate, or at the class examinations, shall be remanded for another year to their respective classes. Students who fail twice in any of the abovementioned examinations shall be removed from the school.

Re-examination.

69. A student who fails at the first qualifying examination in one subject only may be provisionally promoted to the third-year class and allowed to present himself for a special examination in that subject at the end of three months.

A student who fails in the second qualifying examination in not more than half the subjects, and who obtains at least 33 per cent. aggregate in the examination, or in that part of the examination in which he had to appear, will be considered as having passed in those subjects in which he obtained the requisite number of marks, and may, at the discretion of the Superintendent, be allowed to present himself for re-examination in the remaining subjects at the end of three months. In qualifying examinations grace marks can only be given by the examiners and not by the Superintendent.

Publication of the result of the Final examination.

70. After the result of the second qualifying examination has been decided, the names of successful students, arranged in order of merit, shall be reported to the Inspector-General of Civil Hopitals for publication in the Government Gazette.

Pass certificate.

71. Successful students will receive a certificate or license in the form given in Appendix E.

Duplicate copy of pass certificate.

72. An applicant for a duplicate copy of his pass certificate must pay a fee of Rs. 2 and produce before the Superintendent of the School from which he passed an affidavit sworn in a magisterial court, showing—

(1) His name and residence.

(2) Father's name and residence.

(3) Date on which he passed the second qualifying examination and obtained the certificate.

(4) Name of the school from which he passed.

(5) Circumstances in which he lost the certificate.

The affidavit should also show that due search has been made for the certificate, that there is no hope of its recovery, and that the affidavit has been made by the applicant with a view to induce the Superintendent to issue a duplicate in his favour.

APPENDIX A.

Form of Application for admission as a student into the Medical School.

1. Name.
2. Age.
3. Race or caste.
4. Religion.
5. Father's or guardian's name. (In the case of the female candidate, if married, the name of husband.)
6. Residence of father, guardian or husband—
   (*a*) Permanent residence.
   (*b*) Present residence.
7. Occupation of father, guardian or husband.
8. Educational qualification of the candidate (date and division of passing Matriculation or any other examination should be given).

I HEREBY certify that the above statement of particulars is true.

APPENDIX B.

List of Scholarships available for women students.

CAMPBELL MEDICAL SCHOOL.

1. Two Muir Scholarships of the value of Rs. 7 per mensem shall be annually awarded to the two most deserving second-year women students on their passing into the third-year class, merit and poverty being alike considered.

2. Two Pran Kissen Mullick Scholarships of the value of Rs. 4-2-8 per mensem shall be annually awarded to two women students for high proficiency at the Campbell Medical School.

3. One Sarala Scholarship of the value of Rs 3-12 per mensem shall be annually awarded to the most deserving second-year woman student on her passing into the third-year class. This scholarship is reserved only for Hindus or members of the Brahmo Somaj, or any other deserving student if no such student is available.

4. One Walter Thompson Female Scholarship, tenable for two years, shall be awarded in the month of April to a woman student who shall pass the annual examinations; or if there be no such student eligible therefor, then in the month of June to a newly admitted woman student holding a qualification certificate. The Superintendent for the time being of the said school shall elect the recipient of such scholarship, and in determining the eligibility of any student shall consider, in adddition to her other qualifications, the student's conduct and, as far as possible, her parent's or guardian's pecuniary position. No student shall be elected who shall not bear a good moral character. The Trustee shall be the Superintendent for the time being of the said Campbell Medical School. The surplus income and surplus cash balance shall be applied, at the discretion of the Trustee, in defraying any necessary expenses connected with the trust, or in increasing the value of the said scholarship or in any other way consistent with the declared object of the fund, and shall be paid to the said Trustee by the said Treasurer as and when the same may be available and may be required by the Trustee for any of those purposes.

5. Thirty Government scholarships of the value of Rs. 10 per mensem shall be annually awarded to women students of this school.

6. The Assam Government have also sanctioned three scholarships of Rs. 18, Rs. 14-8 and Rs. 10, respectively, to students resident in Assam.

DACCA MEDICAL SCHOOL.

Twenty-six Government scholarships of the value of Rs. 10 per mensem shall be annually awarded to women students of the Dacca Medical School.

APPENDIX C.

List of Medals and Prizes available at the Medical Schools.

CAMPBELL MEDICAL SCHOOL.

MEDALS.

1. A gold medal of the value of Rs. 79-12 shall be annually awarded for general proficiency to the fourth-year student of the Campbell Medical School who obtains the highest aggregate marks in all subjects at the Second of Final Qualifying examination, provided that his conduct has been uniformly good.

2. A silver medal of the value of Rs. 13-4 shall be awarded annually to the third-year student who obtains the highest aggregate marks in all subjects at the Progress and Sessional examinations, provided that his conduct has been uniformly good.

3. A silver medal of the value of Rs. 13-4 shall be annually awarded to the second-year student who obtains the highest aggregate marks at the First or Junior Qualifying examination, excluding Chemistry, provided that his conduct has been uniformly good.

4. A bronze medal, named the "Rivers Thompson medal," shall be annually awarded to the first-year student who obtains the highest aggregate marks at the Progress and Sessional examinations and the Junior Qualifying examination in Chemistry, provided that his conduct has been uniformly good.

5. Six silver medals of the value of Rs. 13-4 each shall be annually awarded to the fourth-year student who obtains the highest marks in each of the following subjects, viz.—Surgery, Medicine, Midwifery, Medical Jurisprudence, Pathology and Hygiene, at the Final Qualifying examination.

6. Three silver medals of the value of Rs. 13-4 each shall be annually awarded to the second-year student who obtains the highest marks in each of the following subjects, viz.—Anatomy, Physiology and Materia Medica, at the Junior Qualifying examination.

7. One silver medal of the value of Rs. 13-4 shall be annually awarded to the first-year student who obtains the highest marks in Chemistry at the Junior Qualifying examination.

PRIZES.

8. The Maharajah Scindia of Gwalior Prize of Rs. 6 shall be awarded annually for general proficiency to the fourth-year student who obtains the highest aggregate marks at the Second or Final Qualifying examination.

9. Two pocket instrument cases of the value of Rs. 20 each shall be annually awarded to the two second-year students who have acted as prosectors during the year.

10. Two copies of the late Dr. Zahiruddin's book on "Surgery" in Bengali are presented annually to the two second-year students (one man and one woman) who obtain the highest marks in Anatomy in the First or Junior Qualifying examination in memory of the author by his son.

11. Three certificates of honour shall be annually awarded in each subject of examination to the next three most meritorious students of the fourth, second and first-year classes after the medalists defined in paragraphs. 5, 6 and 7 above, and to the three most meritorious students of the third and first-year classes on the combined results of the Progress and Sessional examinations. Should a smaller number than three students in each year be really deserving, then that number of certificates only will be awarded.

MEDALS AND PRIZES OPEN TO WOMEN STUDENTS OF THE CAMPBELL MEDICAL SCHOOL.

12. The Viceroy's Prize Medal (silver) of the value of Rs. 90 shall be annually awarded to the female student who obtains the highest marks in

the following subjects and passes the Final Examination and obtains license to practise—

(1) Anatomy (including rudiments of Physiology);
(2) Surgery (including Operative Surgery and Medicine);
(3) Midwifery;
(4) Medicine; and
(5) Medical Jurisprudence:

Provided that to render a candidate eligible she must have obtained—

(1) a minimum of 60 per cent. marks in each of the above subjects in which she was examined, and
(2) a minimum average of all subjects combined of 70 per cent. of the total number of marks obtainable.

13. Kadambini Prize Medal (silver) of the value of Rs. 17-8 shall be annually awarded to the fourth-year woman student who passes the Final examination of the Campbell Medical School and secures the highest aggregate marks among the women candidates, without any distinction of caste or religion, provided she is a native of India. No one with any trace of foreign or mixed descent (whether European, Eurasian, African, American or other Asiatic than Indian) will be eligible for it.

NOTE.—Medals, prizes and certificates of Honour will only be awarded to students who pass in all the subjects of the examination at the same time.

DACCA MEDICAL SCHOOL.

MEDALS.

1. A gold medal of the value of Rs. 35 shall be annually awarded for general proficiency to the fourth-year student of the Dacca Medical School who obtains the highest aggregate marks in all subjects at the Second or Final Qualifying examination, provided that his conduct has been uniformly good.

2. A silver medal of the value of Rs. 13 shall be awarded annually to the third-year student who obtains the highest aggregate marks in all subjects at the Sessional examination, provided that his conduct has been uniformly good.

3. A silver medal of the value of Rs. 13 shall be annually awarded to the second-year student who obtains the highest aggregate marks at the First or Junior Qualifying examination, excluding Chemistry, provided that his conduct has been uniformly good.

4. A silver medal of the value of Rs. 13 shall be annually awarded to the first-year student who obtains the highest aggregate marks in all subjects at the Sessional examination and the Junior Qualifying examination in Chemistry, provided that his conduct has been uniformly good.

5. Six silver medals of the value of Rs. 13 each shall be annually awarded to the fourth-year students who obtain the highest marks in each of the following subjects, viz., (1) Surgery, (2) Medicine, (3) Midwifery, (4) Medical Jurisprudence, (5) Pathology, (6) Hygiene at the Final Qualifying examination.

6. Three silver medals of the value of Rs. 13 each shall be annually awarded to the second-year students who obtain the highest marks in each of the following subjects, viz., (1) Anatomy, (2) Physiology, (3) Materia Medica at the Junior Qualifying examination.

7. One silver medal of the value of Rs. 13 shall be annually awarded to the first-year student who obtains the highest marks in Chemistry at the Junior Qualifying examination.

PRIZES.

Two pocket instrument cases of the value of Rs. 20 each shall be annually awarded to the two second-year students who have acted as prosectors during the year.

Three certificates of honour shall be annually awarded in each subject of examination to the next three most meritorious students of the fourth, second and first-year classes after the medalists defined in paragraphs 5, 6 and 7 above, and to the three most meritorious students of the third and first-year classes on the results of the Sessional examinations. Should a smaller number than three students in each year be really deserving, then that number of certificates only will be awarded.

MEDALS AND PRIZES OPEN TO WOMEN STUDENTS OF THE DACCA MEDICAL SCHOOL.

Licentiate Class.

MEDALS.

1. One silver medal of the value of Rs. 13 shall be annually awarded to the woman student who obtains the highest aggregate marks in Junior Qualifying examinations among the women students, provided she obtains not less than 66 per cent. aggregate marks.

2. One silver medal of the value of Rs. 13 shall be awarded to the woman student who obtains highest aggregate marks in the Final Qualifying examination among the women students, provided she obtains not less than 66 per cent. aggregate marks.

3. One silver medal of the value of Rs. 13 shall be awarded to the woman student who obtains the highest aggregate marks in Midwifery and Gynæcology in Final Qualifying examination among the women students, provided she obtains not less than 75 per cent. aggregate marks.

4. One silver medal shall be annually awarded to the first-year woman student who obtains the highest aggregate marks in Sessional examination among the women students, provided she obtains 66 per cent. aggregate marks.

5. One silver medal shall be annually awarded to the third-year woman student who obtains the highest aggregate marks in Sessional examination among the women students, provided she obtains 66 per cent. aggregate marks.

PRIZES.

Two special prices of Rs. 10 each shall be awarded annually to women students for good conduct, progress and regularity of attendance in the class. Preference will be given to students living in the Government Boarding House for women students attached to Dacca Medical School.

NOTE.—Medals, prizes and certificates of honour will only be awarded to students who pass in all subjects of the examination at the same time.

APPENDIX D.

Detailed Syllabus of Instruction and Examination for the Medical Schools of Bengal.

N.B.—Instruction and examination in all subjects shall be conducted from a simple and practical standpoint, avoiding theories, and abstruse questions, and being limited to well ascertained facts of practical every-day importance with special reference to tropical conditions.

The number of systematic lectures to be given is noted against each subject. The number of tutorial classes should be one per week in each subject and two per week in the practical classes in Pathology and Physiology.

ANATOMY.

(*Number of Lectures—70.*)

I.—OSTEOLOGY.

General description of the skeleton. Brief description of development. Attachment of muscles and ligaments.

II.—JOINTS

The articular surfaces. Ligaments and accessory structures. Brief description of their movements.

III.—MUSCLES AND FASCIÆ.

Origin, relations, insertion and tendons. Nervous and vascular supply. Actions.

IV.—CIRCULATORY SYSTEM.

Heart.—Surface-marking, position, size, shape, pericardium, cavities, valves and openings. Arteries and veins leading from and to it. Nerve supply.

Arteries.—Origin, course, branches, and anastomosis and areas they supply. Relation of main arteries.

Veins.—Origin, course, branches and anastomosis. Relations of main veins.

Lymph Vessels (main).—The area they drain, course and termination. Lymph glands in their course.

V.—RESPIRATORY SYSTEM.

Larynx.—Brief description of the cartilages, glottis and vocal cords. Nerve supply.

Thyroid Gland.—Lobes, vascular supply.

Trachea and Bronchi.—Relation and subdivisions, surface-marking.

Lungs.—Surface-markings, pleuræ. Lobes of lungs. Borders. Nervous and vascular supply.

VI.—DIGESTIVE SYSTEM.

Mouth.—Dentition. Temporary and permanent. Eruption of teeth Tongue, muscles, nervous and vascular supply. Salivery glands. Pharynx Tonsils, soft palate. Nervous and vascular supply. Oesophagus. Length and relations.

Stomach.—Surface marking, walls, shape, size and relations. Cardiac and pyloric openings. Nervous and blood supply.

Small Intestine.—Duodenum. Jejunum and Ileum. Peritoneal and other relations. Nervous and blood supply.

Large Intestine.—Caecum. Appendix. Colon. Sigmoid flexure rectum and anus. Length. Blood supply. Peritoneal and other relations and nervous supply.

Abdominal Viscera.

Liver.—Surface-marking, borders, surfaces, relations, nervous and blood supply. Gall bladder.

Spleen.—Surface-marking, surfaces, borders, relations, nervous and blood supply.

Pancreas.—Surfaces, position, borders, relations, nervous and blood supply.

VII.—URINARY ORGANS.

Kidney.—Position, surface-markings, size, shape, relations, capsule, hilum, borders. Suprarenal capsules. Ureters. Course and relations.

Bladder (urinary).—Position, size, shape, peritoneal reflections. Interior.

Urethra.—Structures seen on its walls. Composition of the walls. Nervous supply of urinary organs.

VIII.—REPRODUCTIVE SYSTEM.

Penis.—Prepuce, glans, corpora cavernosa and spongiosum, nervous and vascular supply.

Prostate.—Capsule and relations. Male perinæum. Fasciæ. Relations. Nervous and blood supply.

Scrotum.—Layers.

Spermatic Cord.—Structures contained in relations, nervous and blood supply.

Testis and Epididymis.—Position and coverings (tunica-vaginalis).

Female Uterus.—Body and cervix, position, peritoneal reflections, surfaces, ligaments and vascular supply.

Fallopian Tubes.—Course, ligaments and blood supply and nervous supply.

Ovaries.—Relations and blood supply. Their surfaces and borders. Nervous supply.

Vagina.—Wall, fornices and relations. Nervous supply.

Vulva.—Female urethra and other structures.

IX.—BRAIN AND CENTRAL NERVOUS SYSTEM.

Meninges, blood supply. Venous sinuses. Fissures and lobes of the cerebrum. Blood supply. Short description of the cerebellum. Pons and medulla. Brief description of the grey matter. The ventricles. Brief description of the different regions of the spinal cord.

X.—PERIPHERAL NERVOUS SYSTEM.

Origin of cranial nerves, course, branches and distribution. Origin, course, branches and distribution of the peripheral nervous system. Brief description of brachial and cervical and sacral and lumber plexuses. Relation of main nerve trunks and their distribution.

XI.—SYMPATHETIC SYSTEM.

Brief description.

XII.—ORGANS OF SPECIAL SENSE.

Orbit and Eye.—Walls, contents, the muscles acting on the eyeball, their nerve supply, the vessels and nerves found in the orbit. Lachrymal apparatus.

Nose.—Formation of the walls and the septum. Structures found on the outer walls, the turbinated bones, the meatuses and the openings into them.

Ear.—External ear direction, lining, membrana tympani. Middle ear—ossicles. Openings on its walls. Eustachian tube. Internal ear—short description. Auditory N. Distribution.

PRACTICAL ANATOMY.

BOOKS RECOMMENDED.

Gray's Anatomy, Cunningham's and Mustafi's.

MATERIA MEDICA AND THERAPEUTICS.

(Number of Lectures—70.)

1. Definition of—
   (1) the various technical terms used in describing the action and preparations of medicinal agents and drugs, with examples on each;
   (2) the uses and methods of preparations of the more commonly used official and non-official pharmacopœial preparations, *e.g.*, tincturæ, pilulæ, gauzes, gargarismata, pigmenta, etc.
   (3) apothecaries' scales of weights and measures and signs;

2. The source, preparation, composition, dosage, pharmacological action, therapeutic use and incompatibility (physical, chemical and pharmaceutical) of the more commonly used drugs and their preparations in the British Pharmacopœia, and the indigenous drugs in the Indian and Colonial addendum.

PRACTICAL.

3. Recognition of crude drugs and their commoner pharmaceutical preparations, by their sensible qualities.

4. Reading and writing of prescriptions, labelling and marking doses and writing directions.

5. Practical pharmacy and dispensing, including labelling.

PHYSICS AND CHEMISTRY.

(Number of Lectures—40.)

A.—PHYSICS.

I.—HEAT.

Sources of heat.
Effects of heat on bodies.
Mercurial thermometer; maximum and minimum thermometer; clinical thermometer.
Simple facts relating to conduction and absorption and reflection of heat.
Combustion; Davy lamp.

II.—LIGHT.

Sources of light.
Simple facts relating to reflection, refraction and dispersion of light.
Plane and concave mirrors.
Double convex and concave lenses.
Prisms.
Simple and compound microscopes.
Eye as an organ of vision; long and short sights, their causes and rectification.

III.—ELECTRICITY.

Production of electricity by friction.
Two kinds of electricity.
Electric induction; electrophorus: Voss's machine.
Gold leaf electroscope.
Leyden jar.
Effects of frictional electricity.
Electric conductors.
Production of electricity by chemical action.
Voltaic cell.
Electrolysis.
Electro-magnet.
Galvanometer.
Induction of currents; magneto-electric machine.

B—CHEMISTRY.

Chemical and physical changes.
Indestructibility of matter.
Elements and compounds.
Chemical symbols, formulæ and equations.
Simple laws of chemical combination.
Difference between mechanical mixtures and chemical compounds.

Simple methods of preparation, and principal properties and simple tests of the following :—

Oxygen; hydrogen; nitrogen; carbon; chlorine; bromine; iodine; sulphur; phosphorus; ammonia; nitric acid; carbon monoxide; carbon dioxide; marsh gas; hydrochloric acid; hydrobromic acid; hydreodic acid; sulphur dioxide; sulphuric acid; sulphuretted hydrogen; oxides and sulphides of arsenic; boric acid; hydrocyanic acid.

General study of water, air, oxides, bases and acids.

General properties of the following metals, and the preparation, properties and simple tests of their undermentioned compounds :—

Potassium, its hydroxide, nitrate, chlorate, iodide, bromide permanganate and cyanide.
Sodium, its hydroxide, carbonate, bicarbonate, chloride, sulphate and phosphate.
Calcium, its oxide and hydroxide, carbonate and chloride.
Magnesium, its oxide, carbonate and sulphate.
Zinc, its oxide, chloride and sulphate.
Copper, its oxides and sulphate.
Mercury, its oxides and chlorides.
Lead, its oxides, nitrate and acetate.

Preparation, properties and tests of the following organic compounds used in the Pharmacopœia :—

Alcohol, ether, chloroform; chloral hydrate; acetic acid, oxalic acid, carbolic acid; and such alkaloids as morphine, brucine, strychnine and quinine.
Simple qualitative examination of urine and calculus.

BOOKS RECOMMENDED.

For Physics.—Ganot's "Popular Natural Philosophy."
For Chemistry.—"Manual of Chemistry," by Luff and Candy.
For both Physics and Chemistry (in Bengali).—"Rasayana-Sutra," Parts I and II, by Chuni Lal Bose, M.B., F.C.S.

PHYSIOLOGY.

(Number of Lectures—70.)

I.—HISTOLOGY.

The animal cell, Epithelium, Areolar, fibrous retiform, elastic, adipose and lymphoid tissues. Cartilage and bone. Dentine. Muscle (striped and unstriped). Nerves.

II.—HÆMATOLOGY.

Histology of blood corpuscles. Varieties of leucocytes. Definition of plasma and serum. Chemistry of blood. Phenomena of coagulation.

III.—PHYSIOLOGY OF MUSCLE.

Chemistry of muscle. Physical properties of muscular tissue. Phenomena of muscular contraction. Effects of muscular exercise.

IV.—PHYSIOLOGY OF NERVE.

Classification. Degeneration and regeneration of nerve fibres. Nerve impulse, its velocity and direction. Electrical phenomena of nerves.

V.—FOODS.

Classification. Nitrogenous. Hydrocarbons or fats. Carbohydrates or starches. Inorganic or mineral, with examples. Principles of dietetics. Effects of insufficient or improper diet; excess and starvation.

VI.—CIRCULATORY SYSTEM.

Heart.—Structure of cardiac muscle. The heart as a mechanical apparatus. The cardiac cycle. Action of the valves. Heart sounds. Intracardiac pressure. Innervation of the heart. Frequency of action.

Circulation—Of the blood. Histology of the arteries, veins and capillaries. Velocity of the blood-flow. The time of a complete circulation. The pulse. Arterial pressure. Innervation of blood-vessels.

VII.—RESPIRATORY SYSTEM.

Lungs.—Structure and vascular supply. Respiratory muscles. Mechanism of respiration. Nervous mechanism.

Changes in the air and blood in respiration. Effects of respiration on the circulation. Tissue-respiration. Modified respiratory acts. Vital capacity. Apnœa. Dyspnœa and asphyxia.

VIII.—ALIMENTARY SYSTEM.

Mouth.—Teeth. Mastication. Tongue. Function. Salivary glands. Structure. Action and composition of saliva. Innervation of salivary glands.

Pharynx and Aesophagus.—Structure. Mechanism of deglutition.

Stomach.—Small intestine, large intestine, pancreas. Histology. Composition of digestive juices, and bile. Selective action on varying classes of foods. Process of digestion, in stomach, duodenum, small intestine and large intestine. Chyme. Absorption. Composition of fæces. Structure of rectum. Function of sigmoid and rectum. Mechanism of defæcation.

Liver.—Histology. Portal circulation. Hepatic functions.

IX.—LYMPHATIC SYSTEM.

Structure of lymphatic glands and vessels. Composition of lymph. Lymph flow. Chyle. Thoracic Duct.

X.—URINARY SYSTEM.

Kidneys.—Structure and capillary blood supply. Action of glomorular and renal epithelium. Urine. Physical properties and chemical composition. Commoner abnormal constituents.

Bladder.—Structure. Micturition. Nervous mechanism.

XI.—CUTANEOUS SYSTEM.

Skin and its appendages. Structure of. Vascular and nerve supply. Sweat and other glands. Composition of sweat. Functions of skin.

XII.—GENERAL METABOLISM.

Body-heat.—Thermo-taxic mechanism in warm blooded animals.

XIII.—DUCTLESS GLANDS.

Structure and functions of spleen. Thymus. Thyroid. Parathyroids. Adrenals. Pituitary body.

XIV.—NERVOUS SYSTEM.

Brain.—Structure and function of the cerebral convolutions. Localization of cerebral centres.

Structure and functions of basal or central ganglia. Corpora quadrigemina. Mesencephalon. Crura cerebri. Pons Varoli.

Cerebellum.—Structure and functions.

Medulla Oblongata.—Structure and functions. Decussation of fibres. Localization of spinal centres.

Special Cord.—Structure. Columns. Function. Localization of spinal centres.

Physiology of Nervous System.—Efferent and afferent course of the motor fibres. Course of the impulses. Sensory fibres. Functions of the cranial nerves. Functions of the spina nervous system.

Sympathetic System.—Structure and functions.

XV.—ORGANS OF SPECIAL SENSE.

Eye.—Anatomy and histology. Cornea. Sclerotic. Acqueous humor. Iris and ciliary body. Ciliary muscle. Virreous humor. Choroid. Retina. Macula lutea. Optic disc. Ophthalmoscopic appearances. Sight. The eye as an optical instrument. Mechanism of accommodation. Commoner errors of refraction.

Ear.—Anatomy of middle and internal ear. Hearing. Semicircular canals. Equilibration.

Larynx.—Anatomy and function. The mechanism of phonation and speech.

Special Senses.—Taste and smell. Tactile sensation. Heat and cold. Muscular sense.

XVI.—REPRODUCTIVE ORGANS.

Male.

Testis. Epididymis and vas deferens. Vesiculæ seminales. Structure and functions. Semen and sparmatozoa.

Female.

Ovaries. Fallopian tubes. Uterus. Structures and functions. Menstruation. Ovulation. Corpus luteum.

Development.—Impregnation. Conception. Implantation and development of ovum. Formation of placenta and fœtal coverings. Brief development of fœtus and fœtal circulation.

Mammary Gland.—Histology and function. Milk. Chemical composition.

XVII.—PRACTICAL PHYSIOLOGY.

Recognition of histological specimens. Staining and mounting of cut-sections.

Use of microscope. Sphymograph and Manometer. Blood Coagulometer. Blood Alkalimeter. Hæmoglobinometer. Hœmocytometer.

SURGERY.

(Number of Lectures—70.)

I.—GENERAL SURGICAL PATHOLOGY AND BACTERIOLOGY (ÆTIOLOGY AND SYMPTOMATOLOGY).

1. *Local*—Inflammation, suppuration, abscess, cellulitis, sinus and fistula. Ulceration, phagedena and gangrene.

2. *General and Special Infections.*—Sapræmia. Pyogenic infections—boil, carbuncle and pyæmia. Cellulitis erysipelas and septicæmia. Coli infections. Anthrax Tetanus. Venereal infections, gonorrhœa, soft chancre and syphilis. Tuberculosis. Mycetoma. Parasitic, 9 filariasis and guinea worm.

3. *New Growth.*—Innocent. Malignant—carcinoma and sarcoma.

II.—General Surgery and Surgical Physiology.

1. Contusions, wounds and burns. Repair. Sutures.
2. Prevention of wound infection. Natural protection. Asepsis. Antisepsis and treatment of local and general sepsis. Vaccines. Anti-sera. Snake-bites anti-venene. Insect stings.
3. Shock. Asphyxia. Treatment.
4. Anæsthetics. Local, general.

III.—Systematic Surgical Injuries and Diseases (Symptomatology and Treatment).

1. *Skin and its appendages.*—Corns, warts, fibroma, sebaceous and dermoid cysts, onychia, ingrowing toe-nail.
2. *Vascular System.*—Aneurysm and embolism. Verix, phlebitis and thrombosis. Hæmorrhage and hæmophilia.
3. *Lymphatic System.*—Lymphangitis and lymphadenitis.
4. *Muscular and Peripheral Nervous Systems.*—Rupture of muscles and tendons, tenosynovitis, ganglion, bursitis and bunion. Wounds of nerves and pressure neuritis.

Osseous System.

5. *Bones.*—Contusions, fractures—varieties. Repair. Special fractures (long bones). Diseases. Periosteitis, osteitis, abscess, necrosis, caries, osteomyelitis, epiphysitis and rickets, Tumours of bone, innocent and malignant.

Joints.—Contusions, sprains and dislocation. Dislocation of special joints. Diseases. Synovitis, acute and chronic, traumatic, pyæmic, rheumatic and gonorrheal. Anchylosis. Loose bodies. Tubercular, hip-joint disease as a type. Arthritis.

IV.—Regional Surgical Injuries and Diseases (Symptomatology and Treatment).

1. *Head.*—Hæmatoma and scalp wounds. Fractures on skull, vertical and basal. Cerebral concussion, compression and irritation. Intra-cranial hæmorrhage. Cerebral laceration. Osteomyelitis. Meningitis. Cerebral tumours.
2. *Spine.*—Fracture-dislocation. Caries and curvature.
3. *Face and Neck.*—Common injuries and diseases, rodent ulcer.
4. *Larynx and Chest.*—Laryngeal obstruction. Tracheotomy. Foreign bodies in air passages. Contusions and wounds of parietes and thoracic viscera. Empyema.
5. *Breast.*—Galactocele, mastitis and abscess. Tumours.
6. *Mouth, Pharynx and Oesophagus.*—Stomatitis and cancrumoris. Dental caries and abscess, pyorrhea alveolaris. Glossitis and epithelioma of tongue, Ranula, Peritonsillar abscess. Follicular pharyngitis. Stricture of and foreign bodies in œsophagus.
7. *Abdomen.*—Parietal contusions and visceral rupture. Penetrating wounds. Peritonitis.

Liver.—Abscess, carcinoma, gallstones.

Stomach and Duodenum.—Ulcer and carcinoma. Subphrenic abscess.

Intestines.—Acute obstruction, varieties. Appendicitis and abscess.

Ulcer: Rectum and Anus.—Polypi. Carcinoma. Stricture. Prolapse. Hæmorrhoids. Ischiorectal abcess and fistula in ano. Fissure.

Hernia.—Inguinal, femoral and umbilical.

Kidneys and Bladder.—Renal calculus and colic. Surgical kidney hydro and pyonephrosis. Floating kidney. Suppression of urine and uræmia. Cystitis, hæmaturia and stone in bladder. Tumours. Enlargement of prostate. Retention of urine.

8. *Penis and Scrotum.*—Balanitis. Phimosis and paraphimosis. Condylomata. Urethritis. Stricture and sequelæ. Retention and extravasation of urine. Varicocele, hydrocele and hæmatocele, and abscess of tunica vaginalis. Orchitis and epididymitis. Tumours of testis. Elephantiasis scroti.
9. *Ear.*—Foreign bodies. Otitis externa and media. Mastoiditis. Otorrhea.

10. *Orbit and Eye, and its appendages.*—Orbital tumours. Stye. Conjunctivitis. Corneal ulcer and foreign bodies. Iritis. Panophthalmitis. Inflammation of uveal tract. Cataract. Glaucoma. Optic neuritis and atrophy. Dachryocystitis.

11. *Commoner Deformities.*—Spina bifida. Hare lip and cleft palate. Spadias (Epi and Hypo), Knock-knee. Club-foot and flat-foot.

V.—PRACTICAL AND OPERATIVE SURGERY.

1. Clinical cases and case-taking.
2. Minor operations, including simple amputations and intravenous transfusion.
3. Recognition and use of instruments.
4. Bandaging and application of splints.
5. Practical asepsis for operations.
6. Administration of chloroform and artificial respiration.
7. Surgical Anatomy and surface-markings.
8. Clinical microscopy. Preparation, staining and examination of smears for pyogono and streptococci.

MEDICINE.

(*Number of Lectures—70.*)

ETIOLOGY, SYMPTOMATOLOGY, DIAGNOSIS AND TREATMENT OF THE FOLLOWING DISEASES:—

I.—FEVERS, INFECTIVE AND OTHERWISE.

Plague. Small-pox. Chicken-pox. Measles. Mumps. Diphtheria. Malaria (varieties). Black-water Fever. Enteric. Malta or Undulant Fever. Kala-azar. Trypanosomiasis. Relapsing Fever. Epidemic Cerebro-spinal Meningitis. Dengue, Seven-day or Urban Fever. Rheumatic Fever. Heat-stroke. Influenza. Febricula.

II.—INFECTIVE AND OTHER BOWEL COMPLAINTS.

Dysentery. Cholera. Ptomaine-poisoning. Sprue. Hill Diarrhœa.

III.—INFECTIVE GRANULOMATA.

J. G. CUMMING,

Offg. Chief Secy. to the Govt. of Bengal.

[Third publication.]

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sectons 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed : Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12 At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. Teehs figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sectons 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggées in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 8 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

No. 28Marine.—The following draft of rules which, in exercise of the power conferred by section 50A of the Inland Steam-vessels Act, 1884 (VI of 1884), the Governor in Council intends to make to regulate the navigation of inland steam-vessels in certain portions of the river Hooghly, in supersession of the rules published under this Department's Notification No. 5Marine, dated the 10th January 1902, as amended by Notification No. 140Marine, dated the 22nd December 1906, and also in supersession of this Department's preliminary Notification No. 93Marine, dated the 1st July 1913, is published for the information of persons likely to be affected thereby.

II. The draft rules will be taken into consideration on or after the 25th March 1914, and any objections or suggestions with regard thereto which are received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT.

Steering rules to regulate the navigation of inland steam-vessels in certain portions of the river Hooghly.

1. All inland steam-vessels navigating the river Hooghly shall be navigated as follows:—

(*a*) Between Kidderpore Docks and Luff Point, they shall be navigated on the shallow side of the channel when meeting or being overtaken by sea-going vessels.

(*b*) In College Reach, they shall navigate on the edge of College Sand, and shall keep to the northward of the sea-going traffic between Shalimar Point and Camberbachies Point.

[*Note.*—College Reach is bounded to the west by a line drawn due north of Camberbachies Point and to the east by a line drawn from Shalimar Point flagstaff and Kidderpore Clock Tower.]

(*c*) In Panchpara and Sangral Reach, they shall navigate on the edge of Sangral Sand.

(*d*) In Jarmakers Reach, they shall navigate on the edge of Munikolli Sand.

(*e*) In Koffri Reach, they shall navigate on the edge of Koffri Sand.

(*f*) In the upper part of Budge-Budge Reach, they shall navigate on the right bank of the river; in the lower part, on the edge of Budge-Budge Sand.

(*g*) At Pujali Crossing and in the Ulubaria and Achipur Reaches, they shall navigate on the edge of the sand on the left bank of the river.

(*h*) At Moyapur Bar, they shall navigate the shallow tracks.

(*i*) In Royapur Reach, they shall navigate on the edge of the Royapur Sand.

(*j*) In Royapur Crossing, they shall navigate the shallow tracks.

(*k*) In Hog River Reach, they shall navigate on the edge of Hog River Sand.

(*l*) At Fisherman's Point and in Fulta Reach, they shall navigate on the edge of Fulta Sand.

(*m*) At Ninan, they shall navigate on the edge of Shibgunge Sand.

(*n*) At the James and Mary, they shall navigate the Western Gut when there is sufficient depth of water. When obliged to use the Eastern Gut, they shall navigate on the edge of Nurpur Sand and the Muckraputti Lumps.

2. When crossing from one reach to the other or from one side of the channel to the other, in the portions of the river Hooghly specified in rule 1, inland steam-vessels shall not obstruct the passage or cause risk of collision with any sea-going vessels crossing or passing at the same time, and if necessary, they shall slacken their speed, or shall stop and reverse engines until the sea-going vessel has passed them.

3. When inland steam-vessels meet other inland steam-vessels, they shall pass port to port.

The 24th February 1914.

MEDICAL DEPARTMENT.

NOTIFICATION.

No. 703Medl.—The 26th February 1914.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 69B, clause (*ii*) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and section 138, clause (*k*) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor in Council on or after the 1st May 1914.

Any objection or suggestion which may be received from any person with respect to the draft before the date fixed as aforesaid will be considered by the Governor in Council.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

DRAFT NOTIFICATION.

IN exercise of the powers conferred upon him by section 69B, clause (*ii*) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and section 138, clause (*k*) of the Bengal Local Self-Government Act, III of 1885 (Bengal Act III of 1885), and in supersession of the Notification No. 2497Medl., dated the 31st December 1908, and of the rules published therewith, as subsequently amended, the Governor in Council is pleased to make the following rules for the establishment and management of hospitals and dispensaries under the supervision of the Government of Bengal :—

RULES FOR THE MANAGEMENT OF HOSPITALS AND DISPENSARIES UNDER THE SUPERVISION OF THE GOVERNMENT OF BENGAL.

PRELIMINARY.

In these rules—

"Local authority" and "Local Fund" defined.

(*a*) "Local authority" means any body of persons for the time being invested by law with the control and administration of any matters within a specified local area. It includes a Joint Committee under section 30 and a Local Board under section 101 of Bengal Act III of 1885.

(*b*) "Local fund" means any fund under the control or management of a local authority.

CLASSIFICATION.

Classification of hospitals and dispensaries.

RULE 1.—Hospitals and dispensaries under Government supervision are divided into the following classes :—

Class I. *State—Public hospitals and dispensaries.*	These include all institutions maintained by Provincial funds and under Government management. (The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions should not be regarded as a reason for not classing it as "State," so long as Provincial and Imperial funds are ultimately responsible for all the charges connected with it.)
Class II. *State—Special hospitals and dispensaries.*	
(*i*) Police ...	Class I.—"Public" are State dispensaries which are open to the poorer classes of the public.
(*ii*) Forest and Surveys ...	
(*iii*) Canals ...	
(*iv*) Others ...	Class II.—"Special" are State dispensaries which serve only a special section of the public, as indicated in the sub-classification attached.

Class III.—*Local Fund Hospitals and Dispensaries*—includes all institutions which are vested in local authorities, or guaranteed or maintained by local funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine or otherwise, should not be regarded as a reason for not classing it as a Local Fund Dispensary so long as its existence is ultimately dependent upon local funds.

Class IV.—*Private aided Hospitals and Dispensaries*—comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

Class V.—*Private non-aided Hospitals and Dispensaries*—comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers and forms should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—*Railway Hospitals and Dispensaries*—comprises all Railway institutions whether maintained by State Railways or others.

OPENING AND CLOSING OF DISPENSARIES AND CONDITIONS UNDER WHICH GOVERNMENT AID AND SUPERVISION WILL BE GIVEN.

Opening and closing of Dispensaries.

RULE 2.—A dispensary may be opened by a local authority with the sanction, general or special, of the Commissioner, and on provision of the necessary funds in the annual budget, and it may be closed by the same authority, with the same sanction. When thus opened or closed by a local authority, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hosp tals, in order that the dispensary may be added to or struck off from the list in class III. No dispensary in class III in which a Government medical subordinate is employed shall, however, be closed without the sanction of Government, and, in the case of a dispensary in class IV or V, three months' notice shall be given to the District Magistrate and the Civil Surgeon before the dispensary is closed. All dispensaries maintained by local authorities with public funds entrusted to them by Government are subject to all the rules hereby laid down for the management of such institutions. Whenever a dispensary under class IV or class V is opened or closed by a private individual, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals.

(i) Institutions in class IV, which are in receipt of aid from Government or Local funds, shall be subject to these rules. Private non-aided dispensaries shall not be brought under the supervision of Government except at the request of those who are responsible for their maintenance. When the Inspector-General of Civil Hospitals approves of their being brought under Government supervision, they shall be placed in class V and be subject to such of these rules as are applicable to them.

(ii) Whenever a new dispensary is opened, whether it is a State or Local Fund dispensary, or when a private dispensary is proposed to be placed under Government supervision, the Civil Surgeon of the district should furnish the Inspector-General of Civil Hospitals with information on the following points :—

(*a*) Allotment made under the different heads of expenditure for the maintenance of the dispensary.

(*b*) A copy of the Divisional Commissioner's order sanctioning the establishment of the dispensary, unless it is a private one.

(*c*) A plan of the building in which the dispensary is or will be located.

(*d*) The authority mainly responsible for its maintenance and the class in which it is proposed to place it.

(*e*) The diploma and other certificates of the Medical Officer whom it is proposed to appoint as laid down in rule 10.

(iii) No dispensary should be removed from one place to another until the matter has been fully discussed and the Inspector-General of Civil Hospitals informed in sufficient time to enable him to express an opinion and to sanction or reject the proposal.

Grants-in-aid by Government and Local authorities.

RULE 3.—Applications for grants from Government in respect of any dispensary shall be submitted to Government through the Magistrate and the Commissioner.

(i) The Governor in Council reserves the right to withdraw Government supervision or aid in any case, or at any time, when it may seem desirable to do so.

(ii) No grant may be made by a local authority in aid of any hospital or dispensary which has not received the recognition of Government and been classified under these rules. Grants-in-aid shall be made only in accordance with these rules.

Guarantee bond.

RULE 4.—A guarantee bond for the maintenance of a dispensary for a given period may, if thought necessary, be required from the intending supporters of an institution in class IV or V as a condition precedent to their obtaining assistance from Government in money or in any other way.

Submission of reports, returns and accounts.

RULE 5.—The Managing Committee or Manager or person or persons vested with the management of every hospital or dispensary under these rules, whether in class I, class II, class III, class IV, class V or class VI, shall submit to the Medical Department, through the Civil Surgeon of the district, such reports, returns, and accounts as may be prescribed by the Inspector-General of Civil Hospitals from time to time. Such reports, returns, and accounts shall be in such forms, and be submitted on such dates, as may be prescribed. All books, registers, and forms which may be necessary for the preparation and submission of such reports, returns, and accounts will be supplied by Government free of cost.

Inspection and supervision.

RULE 6.—Every institution which is recognized by Government and brought under these rules is subject to inspection and supervision by the Commissioner of the Division, by the Civil authorities of the district, by the Civil Surgeon, by the administrative officers of the Medical Department, and by any other person who may be generally or specially appointed by the Commissioner of the Division in that behalf. No charge will be made for such inspection or supervision.

Conditions for grant-in-aid.

RULE 7.—Government aid to a hospital or dispensary will be conditional on the observance of due economy in the management of the dispensary funds. The Inspector-General of Civil Hospitals will bring to the notice of Government any instance in which he considers that such economy is not observed, and that the Government aid should be continued or withdrawn.

Admission of Police cases, and *post mortems*.

RULE 8.—Every dispensary under Government supervision which has accommodation for in-patients shall admit all cases brought by the Police for examination and treatment.

APPOINTMENT, PAY, LEAVE, AND PENSION OF MEDICAL OFFICERS.

Appointment of medical officer in State institutions.

RULE 9.—The medical officer of every institution in class I or II of these rules shall be a member of the Government service, and shall be appointed by the Inspector-General of Civil Hospitals.

Appointment of medical officer in other cases.

RULE 10.—The local authority or Managing Committee vested with the control and administration of an institution in class III, and the Managing Committee, Manager or person or persons vested with the management of an institution in class IV, V or VI (private) shall be entitled to appoint their own medical officer subject to the following conditions, viz.—

(*a*) that he be a duly qualified medical man, licensed or certified by a recognised medical college or school, his license or diploma being subject to examination and approval by the Inspector-General of Civil Hospitals;

(*b*) that he be not a dismissed servant of Government, or disqualified for his duties by age, infirmity or character; and

(*c*) that in the event of misconduct, insolvency, or professional incompetence by reason of age or otherwise, being proved against him to the satisfaction of the Medical Department he be removed from his charge on the requisition of the Inspector-General of Civil Hospitals:

(i) Provided that, on the application of the local authority or Managing Committee of any such institution, the services of a Government medical officer may be lent to such institution, subject to these rules. In such cases the pay *plus* contribution towards pension and allowance for leave including privilege leave of an Assistant Surgeon will be assumed to be Rs. 290 per mensem, and the pay including contribution for privilege leave allowance of a Sub-Assistant Surgeon Rs. 57, and local authorities be required to pay these sums into the treasury half-yearly in June and December, irrespective of the actual pay of the officer appointed.

(ii) Provided, also, that in the case of dispensaries situated at the head-quarters of districts or of subdivisions, the medical officer shall be a member of the Government service, and shall, in all cases, possess such qualifications as may be declared to be necessary for such an appointment. The salary of a medical officer in charge of a dispensary at the head-quarters of a subdivision shall be as laid down in Rule 11.

NOTE.—This rule does not preclude the local authority or the Managing Committee or Manager which appoints a medical officer to the charge of a dispensary vested in it from removing that officer on its own initiative. It only vests the Inspector-General of Civil Hospitals with power to secure the dismissal of a medical officer found to be incompetent.

Remuneration of Assistant Surgeons and Civil Hospital Assistants.

RULE 11.—In the case of a hospital or dispensary situated at the head-quarters of a subdivision, the Government medical officer in charge of the subdivision will usually be in charge of the hospital or dispensary in addition to his other duties, and will receive from the managers of the dispensary an additional allowance of Rs. 10 a month if he is a Sub-Assistant Surgeon, or Rs. 20 a month if he is an Assistant Surgeon.

(i) If the officer sanctioned by Government for the medical charge of the subdivision is of the Sub-Assistant Surgeon class, it will be open to the managers to obtain the services of a Civil Assistant Surgeon on payment of the difference between the assumed pay of an Assistant Surgeon (Rs. 290) and the assumed pay of a Sub-Assistant Surgeon (Rs 57) in addition to the dispensary allowance.

RULE 11 (*a*).—In some subdivisions and sadar stations there are two medical officers—one an Assistant Surgeon and the other a Sub-Assistant Surgeon. In the absence, other than merely temporary, of one of such officers if the absentee's work is carried out by the remaining officer in addition to his own duties the latter will be granted an allowance at the rate of Rs. 10 a month in the case of a Sub-Assistant Surgeon, and Rs. 20 a month if a Civil Assistant Surgeon; such allowance being paid by the authority (Government or local body) responsible for the pay of the absentee.

Removal or transfer of Government Medical Subordinate.

RULE 12.—The Inspector-General of Civil Hospitals may, at any time, for departmental or other reasons, remove or transfer any Government medical subordinate whose services have been lent to an institution in class III, IV, V or VI (private) and may appoint another medical subordinate to succeed him. In every such case, except as hereinafter provided, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by Government:

Provided that if any officer is removed or transferred at the request of the local authority or Managing Committee or Manager, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by the local authority or Managing Committee or Manager concerned. In such cases the local authority or Managing Committee or Manager of institutions in classes III, IV, V and VI (private) shall be required to give three months' previous notice of their intention.

NOTE.—The transit pay and travelling allowance of a Government medical officer whose services are withdrawn from a Local Fund dispensary at the request of the local authorities or the Managing Committee or Manager will, in the first instance, be drawn from the local Government treasury and will subsequently be recovered by the Accountant-General, Bengal, through the Collector of the district.

Pay of Government medical subordinate lent to be grade pay.

RULE 13.—The pay to which a Government medical subordinate in medical charge of any dispensary is entitled is only the pay of his grade, and no allowance in addition to his authorized pay can be granted by a local authority without the consent of Government.

NOTE.—Any application under this rule must be made through the District Magistrate, the Commissioner of the division and the Inspector-General of Civil Hospitals, Bengal.

Pension and leave allowances of Government medical subordinates.

RULE 14.—A Government medical subordinate appointed to the charge of a hospital or dispensary under these rules will retain his right to pension and leave allowances under the rules of the Civil Service Regulations.

Applications for leave and payment of allowances.

RULE 15.—All applications for leave from Government medical subordinates must be submitted through the Managing Committee or Manager and the Civil Surgeon to the Inspector-General of Civil Hospitals, Bengal, who alone is authorized to grant the leave and to appoint a substitute, whose transit pay and travelling allowance will be paid by Government. The leave pay of Government medical officers in charge of hospitals or dispensaries in classes III, IV, V and VI (private) proceeding on leave including privilege leave will be borne by Government.

Leave of officers not in Government service.

RULE 16.—Medical officers in charge of hospitals and dispensaries in class III, IV or V, who are not in Government service, shall be entitled to such leave as the local authority or Managing Committee or Manager may grant: provided that the leave or allowances during leave shall not exceed what would be admissible under the rules which apply to an officer paid from general revenues, and that in the case of an institution in class III, if rules for the grant of leave have been framed by the local authority concerned, leave shall only be granted in accordance with such rules. The local authority or Managing Committee or Manager shall appoint a *locum tenens* duly qualified under Rule 10, and shall provide for any expenditure that may be incurred on account of the pay of the medical officer while on leave, and the pay and travelling allowances, if any, of his *locum tenens*. In no case shall leave be granted to a medical officer (who is not in Government service) in charge of a dispensary without the cognizance of the Civil Surgeon of the district.

MEDICAL STORES.

Indents for medical Stores.

RULE 17.—The indents for medical stores for hospitals and dispensaries in class III, IV, V or VI (private) must be drawn up by the medical officer of the institution and be checked and passed by the Civil Surgeon before the stores are purchased. Such institutions shall make their own arrangements for the supply of medicines and medical stores.

N.B.—It is advantageous to obtain medical stores excluding opium and quinine from Messrs. Burgoyne Burbidges & Co., of London, tinctures and other alcoholic preparations from Messrs. Smith, Stanistreet, & Co., of Calcutta, mineral acids from Messrs. D. Waldie & Co., of Calcutta, cinchona febrifuge and quinint from the Government Quinologist, castor-oil from the Rampur Boalia Central Jail, and opium from the local treasury.

Supply of stores.

RULE 18.—Medical stores will be supplied to State hospitals and dispensaries from the Government Medical Store Department; but the indent must be checked and countersigned by the Civil Surgeon. It will, however, be in the discretion of the Inspector-General of Civil Hospitals to sanction or disallow any demand.

Indent to be annual.

RULE 19.—Medical stores to be supplied from the Medical Store Department must be indented for annually, and the annual indent must be submitted on the date fixed by the Civil Surgeon, to enable him to submit the combined indent for his district punctually on the date fixed by the Inspector-General of Civil Hospitals, Bengal.

MANAGEMENT AND SUPERVISION.

Management in whom vested.

RULE 20.—The management of hospitals and dispensaries under these rules shall be vested as follows:—

If the institution is in—

(*a*) Classes I and II—in such officer, person or persons as Government may direct.

(*b*) Class III—in the local authority with which the ultimate responsibility for its maintenance rests, or in a Managing Committee appointed by that authority, subject to the veto of the Commissioner of the Division. Such Managing Committee may include persons who are not members of the local authority. The District Magistrate and the Civil Surgeon at head-quarters and the Subdivisional Magistrate and the medical officer of the subdivision shall be *ex-officio* members. The members shall be notified by the Commissioner in the *Calcutta Gazette*.

(*c*) Classes IV and V—in a Manager or Managing Committee to be nominated by the supporters and approved by the Commissioner of the Division: provided that no Committee shall be appointed for any institution which receives no aid from Government or local funds, unless the proprietors or chief supporters apply for such appointment.

(*d*) The members of the Managing Committee of a dispensary are vested with powers to appoint their own Chairman and Vice-Chairman.

No employé of the dispensary shall be eligible for appointment as a member of the Dispensary Committee. This prohibition does not, however, refer to Civil Surgeons or Subdivisional Medical Officers who are not employés of the dispensary.

NOTE.—The management of a local fund hospital or dispensary may be vested by the local authority in a Manager instead of a Managing Committee in places where the services of an efficient Committee cannot be secured. Such Manager shall exercise in respect of the hospital or dispensary for which he is appointed the powers exercised by a Managing Committee under these rules, or such powers additional or otherwise as may be delegated to him by the local authority.

Term of office of members of Managing Committee.

RULE 21.—Every member of a Managing Committee appointed under rule 20, clauses (*a*) and (*c*), shall vacate his office at the end of three years from the date of his appointment as such member; and

every member of a Managing Committee appointed under rule 20, clause (*b*), shall vacate his office when the term of office of the members of the local body by which the Committee is appointed expires:

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new committee appointed to take its place.

Members of Managing Committees appointed under Rule 20 shall be eligible for reappointment after their term of three years expires.

Removal of members.

RULE 22.—(1) A member of a committee appointed under Rule 20, clause (*a*), may at any time be removed from office by the Commissioner of the Division.

(2) A member of a committee appointed under Rule 20, clause (*b*), may at any time be removed (*i*) by resolution of the local body by which the committee was appointed, passed by a majority of votes of the members of such body present at a meeting specially convened for the purpose, or (*ii*) for any of the reasons for which a member of the local body might be removed from office by the authority empowered by law to remove such member.

(3) A Manager or a member of a committee appointed under Rule 20, clause (*c*), may at any time be removed from office by the Commissioner of the Division, at the request of the supporters or any of them, or by the Commissioner of his own motion for any of the reasons for which he might remove from office a Municipal Commissioner.

Filling of vacancies.

RULE 23.—If any member of the committee shall be unable to complete his full term of office, or shall avail himself of leave granted by the committee, the vacancy caused by his resignation or removal, or death or absence on leave, may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave, as the case may be.

Chairman and Vice-Chairman.

RULE 24.—In cases falling under (*b*) and (*c*) of rule 20, the local authority or the Managing Committee shall elect two of their number to be Chairman and Vice-Chairman, respectively, and may also elect another of their number as Secretary.

Meetings of committee.

RULE 25.—The Managing Committee shall hold meetings at such intervals as may be necessary, not being less than once a quarter, to enable them to exercise an efficient scrutiny over the accounts and to enquire into all matters affecting the welfare of the institution. They shall examine and pass the monthly accounts and shall keep a minute book in which their proceedings shall be recorded. The dispensary accounts shall, however, be passed regularly each month by the Chairman of the Managing Committee or, in his absence, by the Vice-Chairman or Secretary.

Duties and functions of Committee.

RULE 26.—The Managing Committee or Manager or the person or persons vested with the management of a dispensary in class IV or V shall be responsible for the management of the funds of the institution. It shall be their duty to see that the guaranteed and promised subscriptions are regularly collected. After defraying the current expenses of the institution, the balance at the end of the month, if any, of the donations, subscriptions, and interest realized by the Committee shall be deposited by them in the Post Office Savings Bank. When the amount at credit of the dispensary exceeds Rs. 200 the Comptroller-General shall ordinarily be asked to invest the whole or a part of it in Government securities. No other mode of investment will be allowed without the previous sanction of Government. The proprietors of dispensaries in class V may, however, adopt any form of investment so far as the funds of their institution are concerned.

Custody of endowments and invested funds.

RULE 27.—In the case of institutions in class III, the endowments and subsequent investments, which must be made in Government securities, shall be held in the custody of the Accountant-General apart from the assets of the local fund. Small sums available for investment should be placed in the Government Savings Bank. The securities must not be sold, and the invested funds must not be appropriated or used in any way without the sanction of Government.

Subdivision for purposes of accounts of Local Funds dispensaries.

RULE 28.—Dispensaries in class III are subdivided for purposes of account into two classes: Class IIIA—Dispensaries for which separate banking accounts are allowed to be opened in the treasury with the sanction of Government; and class IIIB—Dispensaries for which separate accounts are not allowed at the treasury, but the funds of which are kept under the direct control of the local authority.

(*a*) CLASS IIIA—DISPENSARIES.

Preparation of dispensary budgets.

(1) (*a*) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in Statement H of the Annual Return (B. C. M. D. Form No. 22), and submit it to the Commissioner of the Division through the local authority on a date fixed by that authority. The local authority will check the figures against the heads "Local Fund contribution" or Municipal Fund contributions, as the case may be, and "Interest on Investments" and, if the figures are correct, forward the estimate to the Commissioner. On receipt of the Commissioner's orders

approving the estimates, the local authority will incorporate the figures in its own budget estimate under appropriate headings. In the case of Municipalities the fixed annual contribution should be shown against the head "Charges to be met from the general fund and endowments," and the total estimated expenditure less that amount under the head "Charges to be met from special receipts."

(*b*) No expenditure under any head in excess of the amount sanctioned by the Commissioner of the Division in the budget estimates shall be incurred by the Dispensary Committee. If it is found necessary to meet excess expenditure under any one head either from anticipated savings under another, or from increased receipts from subscriptions or other special sources or the accumulated balance, an application for reappropriation or an additional budget grant, as the case may be, with a clear explanation of the necessity for additional expenditure shall be submitted to the Commissioner direct; but the expenditure proposed should not be incurred before receipt of the Commissioner's orders.

Method of keeping accounts where separate banking account is opened in treasury

(2) All subscriptions and donations shall be collected by the Managing Committee and shall be paid into the treasury for credit to the Dispensary Fund. The income from endowments and investments shall, however, be realised by the local authority, and shall be remitted by it to the treasury for credit to the Dispensary Fund, an advice being sent at the same time to the Managing Committee. If any cheques for remittance orders are received, they should be sent intact to the treasury for *per contra* credit to the Dispensary Fund.

(3) All claims should be discharged either by payments from the imprest placed by the Committee in the hands of the medical officers in charge, or by cheques drawn by the Secretary or the Chairman upon the treasury in favour of the actual payees. The imprest in the hands of the medical officer shall not ordinarily exceed Rs. 50 in the case of sadar dispensaries, and Rs. 25 in the case of other dispensaries.

If it is necessary for the local authority to make a contribution to supplement the dispensary funds, such contribution should be paid in quarterly instalments on the first day of each quarter by cheques which should be made payable by transfer to the credit of the dispensary account in the treasury, failure to do which should be brought to the notice of the District Magistrate by the Managing Committee. These amounts will be credited in the cash-book of the Managing Committee as contribution from the local authority by *per contra* debit as remitted to the treasury.

(4) The Managing Committee shall keep a cash-book in B. C. M. D. Form No. 7 in which shall be entered all receipts and payments with necessary details as soon as the transactions occur. The cheque on which the imprest in the hands of the Medical Officer is drawn should be charged off as an advance, and the imprest should be recouped from time to time by presentations of bills supported by the payees receipts to the Secretary. The amount of each recoupment should always exceed Rs. 10. The cash-book should be closed every month, and a memorandum recorded reconciling the balance with that shown in the pass-book. A copy of the monthly account signed by the Chairman of the Committee shall be forwarded to the office of the local authority before the 5th of the succeeding month for incorporation in their accounts. Care should be taken not to mix up final payments with advances which should be clearly shown as such. The payment vouchers should be carefully preserved for production at the time of audit.

The transactions of the Dispenary Fund with the treasury will be shown in a pass-book, which will be supplied gratis by the treasury. The pass-book shall be closed and balanced at the end of every month. It should be examined by the Secretary of the Committee every time that it is received back from the treasury, to see that all the transactions have been duly entered therein. At the close of every month the treasury officer will prepare a memorandum showing the opening balances, monthly receipts and payments and the closing balances of the several dispensary funds banking with the treasury, and enter this memorandum in the pass-books of the local authority to which the dispensaries belong to enable it to verify the balances.

(5) Dispensary establishments paid from funds vested in the local authority should be sanctioned in the same way as other establishments under that authority, but temporary appointments or other special charges

if paid out of subscriptions and donations may be created by the Managing Committee without such sanction, provided there is provision in the budget.

(6) The dispensary accounts will be annually audited by the Examiner of Local Accounts.

(*b*) CLASS III B.—DISPENSARIES.

Preparation of dispensary budgets.

(1) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in B. C. M. D Form No. 22, and submit it to the local authority on a date fixed by that authority for the sanction of the Commissioner of the Division. No expenditure shall be incurred in excess of the amounts sanctioned by the Commissioner, unless his previous sanction has been obtained to either a reappropriation of grants or an additional grant obtained through the local authority.

Method of keeping accounts where funds are under direct control of local authority.

(2) As regards these dispensaries, the interest on the investments will be accounted for by the local authority direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the Savings Bank at the post office. The account should be in the name of the Chairman or Secretary of the Committee. The whole amount collected should be sent intact to the Savings Bank. Amounts required for expenditure may be withdrawn according to requirements, but there should be in support of each payment a duly vouched bill passed by either the Chairman or Secretary, and the total expenditure under any head in the budget should not be exceeded without the sanction of the Commissioner of the Division. The Managing Committee should maintain an account of the withdrawals from the Savings Bank and the disbursements therefrom in B. C. M. D. Form No. 8 and a subscription register in B. C. M. D. Form No. 6.

(3) All claims in respect of these institutions shall be either paid from the imprest in the hands of the medical officer in charge or from the money withdrawn according to requirements from the Savings Bank or discharged by the local authority concerned on bills duly passed by the Managing Committee by issue of cheques upon the treasury. The Medical Officer shall from time to time present bills in recoupment of his imprest supported by payees' receipts.

(4) The Managing Committee shall keep a monthly account in B. C. M. D. Form No. 60, showing all transactions of the dispensary, including the contributions payable by the local authority, and forward a copy of this account to the local authority at the end of every month for comparison with the accounts kept at the office of the local authority concerned. All bills paid out of withdrawals from Savings Bank should be forwarded with the necessary sub-vouchers to the office of the local authority with the monthly account. Interest allowed by the post office should be shown against "Miscellaneous" in B. C. M. D. Form No. 60.

Civil Surgeon to be Superintendent.

RULE 29.—The Civil Surgeon shall be the Superintendent of every hospital and dispensary in his district which is classified under these rules, and shall exercise complete professional control over the medical officer in immediate charge.

Scrutiny of accounts and control by Superintendent.

RULE 30.—The Superintendent shall scrutinize the expenditure and accounts of every hospital and dispensary in his district, and shall call the attention of the managing body to any irregularity or other circumstance which, in his opinion, deserves notice. The managing body shall be bound to consider any communication from the Superintendent, to afford him full information as to the conduct of the medical officer in charge, and all other matters affecting the welfare of the sick and the management of the institution. In all professional matters the decision of the Superintendent will be final; but if any difference of opinion arises between him and the managing body regarding any non-professional matter affecting the management of the institution, a reference must be made to the Inspector-General of Civil Hospitals or to Government for a decision.

Inspection by Superintendent.

RULE 31.—The Superintendent shall visit each dispensary in his district not less than four times annually, except by special dispensation from the Inspector-General of Civil Hospitals, and shall prepare and submit promptly to the Inspector-General of Civil Hospitals inspection reports in B. C. M. D. Form No. 29.

The sadar hospital should be visited by the Civil Surgeon daily at a fixed hour which should be notified throughout the district so that patients who wish to consult him may know exactly when they can do so.

Annual report by Superintendent.

RULE 32.—The Superintendent shall furnish an annual report of working of the hospitals and dispensaries in his district to the Inspector-General of Civil Hospitals, in B. C. M D. Form No. 50 and annual returns in accordance with B. C. M. D. Forms Nos. 18, 19, 20, 21 and 22.

Record of work and of accounts to be kept by Managing Committee.

RULE 33.—The Managing Committee or Manager of every hospital or dispensary shall cause to be kept at the institution—

(*a*) a record of the work done, showing day by day the number of patients treated, the affections for which they were treated, and, in important cases, some account of the symptoms, the treatment, progress, and the result,

(*b*) a record of the accounts of the institution.

These shall be written up daily by the medical officer in charge, and shall be open at all times to the inspection of inspecting officers.

The medical officer shall write up all other books and records prescribed under these rules, and, in any case in which this is not done, the reasons should be stated in the inspection report of the Superintendent.

Submission of extract of proceedings to Superintendent.

RULE 34.—An extract from the proceedings of each meeting of the Managing Committee and of the local authority, so far as they relate to hospitals and dispensaries, shall be promptly forwarded to the Superintendent, who may, if he thinks fit, and shall, if the Managing Committee so desire, submit it with his remarks to the Inspector-General of Civil Hospitals.

Visitors' Book.

RULE 35.—A visitors' book shall be kept in every hospital and dispensary in which will be recorded the remarks of visitors. A copy of these remarks shall be forwarded, within twenty-four hours to the Superintendent, who will, if necessary, transmit it with his remarks to the Inspector-General of Civil Hospitals within three days of its receipt in his office.

GENERAL.

Responsibilities of medical officer.

RULE 36.—The medical officer in charge of a hospital or dispensary is responsible for the proper treatment of the sick, and this duty shall not on any account be delegated to a subordinate; he is also responsible for all matters connected with the comfort and well-being of the patients and for the proper working of the dispensary establishment.

Hours of attendance.

RULE 37.—The Managing Committee or Manager shall prescribe the hours of attendance (which shall not be less than four hours in the morning and two hours in the afternoon) within which the medical officer must be present at the dispensary. He must also give attention to urgent cases at other hours.

The hours of attendance shall be clearly stated in a notice posted in some conspicuous part of the dispensary.

Advice and medicines to be free.

RULE 38.—Any person attending at a charitable dispensary is entitled to receive advice and medicines free of charge; but the medical officer should impress upon any person who is not poor the duty of subscribing to the dispensary or paying for the medicines supplied to him, and should bring to the notice of the Committee or Manager any cases in which the privilege is abused.

Diet charges in medico-legal cases.

(i) The diet charges in medico-legal cases sent by the police should be recovered from the Magistrate and met from his contingent grants.

Issue of medicines.

RULE 39.—No medicines shall be issued from the dispensary stock to any one who does not receive treatment at the dispensary either as an in-door or out-door patient.

Issue of medicines to Government servants.

Exception (*i*).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores to Government servants, these stores shall be supplied from the dispensary stock free of charge to such Government servants as are entitled to receive them.

Exception (ii).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores for the treatment of sick prisoners in subsidiary jails, these stores should be supplied from the dispensary stock free of charge. Medical appliances from such dispensaries shall also be given on loan when required temporarily for the use of sick prisoners.

Supply of medicines and medical appliances to Subsidiary Jails.

RULE 40.—Where special accommodation has been provided for paying patients, fees may be levied according to a scale previously sanctioned in that behalf by the Managing Committee or Manager.

Scale of fees for accommodation of paying patients.

RULE 41.—The medical officer in charge of a dispensary has the privilege of engaging in private practice, provided it does not interfere with his attendance at the dispensary during the hours prescribed in rule 37, or in any other way with his dispensary work.

Private practice.

RULE 42.—No medical officer in charge of a hospital or dispensary or any compounder, dresser, or other servant of such institution, shall have any interest in a private dispensary or druggist's shop. In places where there is no approved druggist's shop or private dispensary, a medical officer may, with the consent of the Civil Surgeon and the Managing Committee or Manager, keep a private supply of medicine for the use of his private patients.

Prohibition of interest in private dispensary or druggist's shop.

RULE 43.—Sub-Assistant Surgeons employed in sanctioned appointments, whether under Government or local bodies, will be granted by the authorities paying their salaries free quarters or house-rent in lieu thereof, provided that such quarters are approved and are at a convenient distance from the scene of the officers' duties. In respect of Sub-Assistant Surgeons, who do not hold any sanctioned appointments, free quarters or house-rent allowance in lieu thereof may be granted with the sanction of the Local Government, subject to the condition that the amount of the allowance shall in no case exceed the rent actually paid by the Sub-Assistant Surgeon concerned.

Provision of quarters for Sub-Assistant Surgeons.

RULE 44.—In dispensaries in which there are house-patients, a bed-head ticket in the prescribed form (*vide* B. C. M. D. Form No. 9) shall be hung over the bed of each in-patient.

Bed-head tickets.

RULE 45.—Medicines and instruments shall be kept under lock and key, except small quantities of the articles in daily use during the attendance of patients.

Storage of medicines and instruments.

RULE 46.—Poisons should be stocked in special bottles and kept under separate lock and key which should remain in the custody of the medical officer in charge of the dispensary: the doses in which these drugs are usually administered internally should be legibly written on a conspicuous label. A list of poisons should be hung up in the almirah specially reserved for the custody of such drugs.

Poisons.

RULE 47.—(i) No building for the accommodation of a dispensary or hospital in classes I, II, III, IV and V shall be constructed, and no extension of such building involving an alteration of the structural design shall be made, until the plan of such building or extension has been approved by the Inspector-General of Civil Hospitals, Bengal. An extension or alteration involving no change of design shall be approved by the Civil Surgeon.

Sanctions necessary for construction, extension or alteration of a hospital or dispensary.

(ii) In the construction of new dispensaries the standard plan should ordinarily be followed. If it is desired in exceptional cases to deviate therefrom, the alternative proposals which are submitted should be fully justified. If in-patients are to be accommodated, provision should be made

Instructions for the construction of dispensaries.

for at least 90 superficial and 1,200 cubic feet of space for each patient, and the beds should be so placed that the patients will not be obliged to sleep in a draught of air. In isolation wards for infectious cases, 120 feet of superficial space should be allowed to each patient. The beds of all in-door hospitals should be placed so as to have a window or door on each side.

Details of plans to be prepared.

(iii) Every project for the construction of a new hospital or dispensary shall be accompanied by a site plan, showing the situation of the proposed building with reference to adjacent buildings, the various features of the surroundings of the proposed site, the prevailing direction of the wind, and all other matters capable of graphic delineation which may have influenced the selection. If the site is on land liable to be flooded, the highest flood level should be shown with reference to the general level of the site.

All proposals, either for the construction of new hospital buildings or for the alteration of existing buildings, shall further be accompanied by line plans, drawn to scale, showing the dimensions of each room, the purpose for which it is designed and (if an in-door hospital) the position of each bed. The points of the compass should be clearly indicated upon such plans.

Committees for the consideration of sites and plans.

(iv) When it is desired to initiate any project for the construction of a new, or the alteration of an existing, hospital or dispensary, the selection of a site and the details of the plans shall first be considered by a Committee to be constituted in the following manner. Any subsequent proposals to modify the original plans and specifications shall be referred to the same Committee :—

The District Officer	*President.*
„ Civil Surgeon	*Members.*
„ Executive Engineer	

In outlying stations these officers, on their own responsibility, may nominate subordinates to take their places. The Committee will be convened by the District Officer at the request of the Executive Engineer. If the officers of the Committee are unable to agree as to the site proposed, the case should be referred for the decision of the Commissioner, a note of any objections made being attached to the proceedings of the Committee. The officers of the Public Works Department will be guided by the procedure prescribed in the Public Works Department Circular No. 2B., dated the 21st January 1907.

available, and should move him to convene the Committee. The Engineer concerned should frame the necessary plans and estimates in accordance with the decision of the Committee, and the proceedings of the Committee, after consideration by the private person or association concerned, should be forwarded to the Civil Surgeon for transmission to the Inspector-General.

Every plan should, before submission to the Inspector-General of Civil Hospitals, be countersigned by the Civil Surgeon or the Superintendent in token of his approval.

Execution of repairs to local fund or private institutions.

RULE 48.—In the case of institutions in class III, IV or V, repairs to the dispensary buildings shall be executed by, and be chargeable to, the local authority or Managing Committee or Manager, as the case may be.

Appointment and discharge of compounders, dressers, and menial servants.

RULE 49.—Menial servants will be appointed and discharged by the Medical Officer in charge subject to the approval of the Managing Committee or Manager of the institution. Compounders and dressers will be appointed and be liable to removal by the Managing Committee or Manager subject to the approval of the Superintendent.

Conditions of appointment and remuneration of compounders.

RULE 50.—All compounders appointed to dispensaries in classes I, II and III after the 1st April 1897 must hold certificates under the rules for the grant of certificates to compounders under section 252 of the Bengal Municipal Act, III of 1884, and section 498 of the Calcutta Municipal Consolidation Act, III of 1899, and will draw pay at the rate of Rs. 15 rising by biennial increments of Re. 1 to Rs. 20. Compounders already employed in such dispensaries will be entitled to draw pay at the above rate on obtaining such certificates.

(i) In selected cases the pay may, with the approval of the Inspector-General of Civil Hospitals, Bengal, be fixed at any other rate subject to a maximum of Rs. 25: provided that if it be incremental it shall ordinarily rise by biennial increments of Re. 1 and attain the maximum in ten years.

(ii) The Inspector-General of Civil Hospitals is empowered to cancel the certificate of any compounder proved to have made a serious mistake in the dispensing of a medicine either through ignorance or carelessness.

(iii) Compounders should not, except in very exceptional cases, be placed in charge of dispensaries, and even then only for a very short period. Whenever a compounder is placed in charge of a dispensary, the fact should immediately be reported to the Inspector-General of Civil Hospitals.

(iv) Compounders attached to in-door dispensaries will be entitled to free quarters which must be provided for them by the dispensary authorities.

Prohibition of employment of apprentices in certain cases.

RULE 51.—The employment of apprentices is prohibited, except in hospitals and dispensaries the Superintendents of which are authorized by the Inspector-General of Civil Hospitals, Bengal, to receive and train candidates for the compounder class. The number of such apprentices in an institution should be limited to two.

Prohibition of private employment of dispensary servants.

RULE 52.—Dispensary servants must not be employed in the private service of the medical officer, or of the members of the Managing Committe or Manager.

Disposal of non-infected clothing and property of deceased patients.

RULE 53.—Articles of clothing which are not infected, and other moveable property belonging to deceased house-patients, should, unless, in the case of Indian patients, to whom section 64 of Act II of 1874 does not apply, there are heirs to whom the property may be made over, be sent through the Police to the local Munsif or District Judge for disposal under the provisions of Regulation V of 1799. In the case of European or other patients to whom section 64 of Act II of 1874 applies, there is no obligation on the hospital authorities to report the death to the Judge or to send to him the property of the deceased. It may be taken away by the relations or friends of the deceased, if there are any present. If not, the hospital authorities may keep any moveable property left by the deceased until the friends or relations of the deceased can take them away. If no application is made within six months the articles may be sent to the District Judge with a report of the death of the deceased. In making over such property or allowing such property to be taken away, the hospital authorities will exercise due care and caution, and will advise the parties that they are not legally entitled to possession of these until they have complied with the provisions of law on the subject

of the effects of deceased persons, and that they are permitted to remove the property at their own risk.

A receipt for the goods should be taken in a register to be kept for the purpose or on a separate paper which should be filed.

BOOKS AND FORMS.

Books and forms to be kept up by the Medical Officer.

RULE 54.—The following books and forms are required to be kept up by the medical officer at hospitals and dispensaries brought under these rules:—

(1) Diary and register of in-door patients (B. C. M. D. Form 1).

(2) Register of operations (B. C. M. D. Form 3).

(3) Bed-head ticket (B. C. M. D. Form 9). This should be written up daily and be filed, so as to preserve a concise history of the case and treatment.

(4) A case-book for recording all special or important cases (blank book).

(5) A clinical chart of temperature, pulse, and respiration in B. C. M. D. Form 51. This should be posted into the case-book against the patient's case.

(6) Register of out-patients (B. C. M. D. Form 2).

(7) Ticket for out-door patients (B. C. M. D. Form 10).

(8) A book of copies of certificates given in police and medico-legal cases.

(9) A book for record of *post-mortem* examinations, medico-legal or otherwise and for keeping detailed records of wounds or other police cases. Instead of the book being kept up, a copy of B. C. M. D. Form 35, which is to be used when despatching viscera to the Chemical Examiner, may be filed as a record of medico-legal *post-mortem* examinations.

(10) Monthly returns of in- and out-patients (B. C. M. D. Forms 26, 27 and 28). These should be kept up to date for the more easy and accurate preparation of the annual return. A copy should be submitted to the Civil Surgeon soon after the close of the month.

(11) Monthly bill in detail of establishment, diet, and contingencies. These are to be prepared by the medical officer in charge, and sent for examination, countersignature, and payment to the Secretary or Manager. In all cases in which there is expenditure for establishment, diet or any other charge to be paid by Government, the bills of such expenditure are to be kept separate from the private accounts of the charity.

(12) A bill-book for copies of all the dispensary bills (blank book).

(13) A daily account or cash-book showing actual receipts and expenditure in detail (blank book). This is to be kept by the medical officer, and the account totalled up at the end of each month.

(14) A diet-book in B. C. M. D. Form 5. This is required only in dispensaries in which there are in-patients.

(15) A stock ledger of surgical instruments and appliances (B. C. M. D. Form No. 48).

(16) A stock ledger of medicines (B. C. M. D. Form 47).

(17) Annual indent for European medicines and instruments (B. C. M. D. Form 13). This is to be submitted to the Civil Surgeon in printed form and in quadruplicate.

(18) Emergent indent for European medicines and instruments (B. C. M. D. Form 14). This is to be submitted to the Civil Surgeon in printed form and in quadruplicate.

(19) Annual indent for forms (B. C. M. D. Form 16).

(20) Annual returns (B C. M. D. Forms 18, 19, 20, 21, 22, 23, 24 and 25). These should be sent in the printed form and in duplicate, in the first week of January, to the Civil Surgeon for check, and for the transmission of one of the copies to the Inspector-General of Civil Hospitals not later than the 10th January.

(21) A season monthly register of vaccination for use in dispensaries to which vaccinators are attached. This form can be obtained from the Superintendent, to whom a copy duly filled up should be submitted every month for incorporation in his monthly return to be submitted to the Sanitary Commissioner.

(22) A visitors' book. For this a simple blank book will suffice.

(23) A blank book for copies of all letters and circulars received, of which the originals cannot be retained.

(24) A blank book for copying all letters despatched.

(25) A book-cover for filing all circulars and other letters.

Books and forms to be kept up by the Secretary or Manager.

RULE 55.—The following books and forms are required to be kept up by the Secretary or Manager of a Dispensary:—

(1) Account of the receipts and payment of Municipal dispensary prescribed in rule 104 of the Municipal Account Rules (Form No.).

(2) A statement of accounts (in B. C. M. D. Form 22), to be submitted by the Secretary or Manager monthly to the Superintendent. A copy of the same should also be laid before the managing body at their meetings and another copy should be sent to the Magistrate.

(3) A monthly *pro formâ* account of class III dispensary prescribed in the Accountant-General, Bengal's Circular No. 263L.A., dated 18th August 1900. B. C. M. D. Form No. 60.

(4) An annual return of accounts in the same form and an annual account of invested capital in Form 22 (statement F) should be submitted to the Superintendent for his information in the first week of January.

(5) A cash book of class IIIA Dispensary Fund (B. C. M. D. Form 7) to be kept by the Managing Committee or Manager in accordance with the instructions contained in rule 28.

(6) A subscription and donation book (B. C. M. D. Form 6).

(7) A dispensary property book (blank book).

(8) A committee book for recording the proceedings of each meeting of the managing body (blank book).

Reports and returns.

RULE 56.—The following reports and returns are required to be submitted by the Superintendent:—

(1) Annual return of Government Assistant Surgeons and Civil Sub-Assistant Surgeons (B. C. M. D. Form 30).

(2) Annual confidential report of Government Assistant Surgeons and Civil Sub-Assistant Surgeons (B. C. M. D. Form 31).

(3) Inspection report of a dispensary (B. C. M. D. Form 29).

(4) Annual report on the working of a dispensary (B. C. M. D. Form 50).

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed : Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall. Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sectons 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bond fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space;

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed : Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Surjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

PROSPECTUS.

The Need of the Exhibition.

THERE has been no fully representative Shipping, Engineering and Machinery Exhibition in London for many years, and in view of the great importance of the Naval, Shipping, and General Engineering Industries of this country, it has been decided to hold such an Exhibition in the Autumn of 1914.

For this purpose Olympia, the second largest Exhibition Hall in the world, has been taken for an Exhibition to be held from September 25th to October 17th, 1914, inclusive.

It is proposed, in connection with this Exhibition, to devote the main body of the Hall to Naval and Shipping Exhibits, and also important Exhibits of Marine and General Engineering Appliances, working or otherwise.

The only two Exhibitions of importance of this character which have been held in this country for the last thirty years are the Naval Architecture and Marine Engineering and Fisheries Exhibition at Tynemouth, September, 1881, and the Naval and Mercantile Marine Exhibition at Olympia in 1910, and it is therefore considered that the time is ripe to hold a really representative and comprehensive Exhibition of Specialities connected with these great Industries, particularly in view of the remarkable advances during recent years in all directions.

Classification of Exhibits.

As far as possible the Exhibits will be sectionized under the following headings :—

NAVAL ENGINEERING, embracing :

War Vessels.
Armour Plate.
Steering Gears.
Torpedoes.
Range Finders.
Repair Ship Equipment.
Equipment of War Vessels.
Castings.
Guns.
Gun Carriages.
Submarine Signalling Apparatus.
Floating Docks, &c.

NAVAL ARCHITECTURE, embracing :

Shipbuilding.
Steam and other Launches.
Steam and Electric Navigation on Rivers and Canals.
Shipyard Tools.
Ocean Shipping, Steam and other Vessels.
&c.

MARINE ENGINEERING, embracing :

Coal Handling Plant.
Condensers.
Patent Marine Stokers.
Electric Light Sets.
Reciprocating Engines.
Marine Motor Engines.
Ventilating Machinery.
Gas Engines.
Pumps.
Marine Boilers.
Marine Boiler Fittings.
Turbines.
Marine Oil Engines.
Hydraulic Machinery.
Heating Apparatus.
&c.

SHIPPING EXHIBITS, embracing :

Towage.
Dredgers.
Lights.
Patent Davits.
Lifebuoys, Jackets, Belts, &c.
Inland Navigation.
Wireless Telegraphy.
Life Belts, Life Rafts, &c.
Boat Lowering and Detaching Apparatus.
Rockets, Mortars, and other Signalling Apparatus.
&c.

FISHERY EXHIBITS, embracing :

Trawlers, Steam and Sailing.
Fishing Boats.
Boat Equipment.
Fog Horns, &c.
Models of Fishing Markets.
Lamps. &c.

GENERAL MARINE EXHIBITS, embracing:

Lanterns for Lighthouses and Lightships.	Cranes.
Illuminated Buoys, &c.	Mooring Buoys.
Models of Lighthouses, Lightships, &c.	Screw Moorings.
Diving Apparatus of all description.	Locks.
Apparatus for Raising Wrecks.	Port Works,
Victualling and Equipment of Ships.	Life-saving Apparatus.
Harbours, Bridges, Docks.	Patent Logs.
	Cold storage.
	Nautical Instruments, Chronometers, Compasses, &c.

GENERAL ENGINEERING, embracing—

Forgings.	Acetylene Welding and cutting.
Water Softening Machinery.	Wood Working Machinery.
Machine Tools.	Accessories, &c.
Foundry Requisites.	
Lifts and Lifting Tackle.	

Allocation of profits.

This Exhibition will be run on the Co-operative Principle, every Exhibitor having a direct interest in the undertaking. An Exhibitors' Committee will be formed to control the general organization. The profits will be allocated partly to Exhibitors by way of rebate on space and partly to the Managers as a fee for their services.

It is proposed that a bonus of not less than 20% on the value of space taken by each individual Exhibitor shall be declared before the Managers receive any share of the profits.

The organizers in connection with previous exhibitions.

The fact that the Managers have been associated during the last twelve years with numerous successful Technical Exhibitions is sufficient evidence of the organizing capacity at the back of this enterprise. The last of the series of which they were Organizing Managers, namely, the Engineering and Machinery Exhibition, Olympia, 1912, was stated on every hand to be the most successful Exhibition of its kind ever held.

Gas engines and acetylene plant.

It is proposed to devote the whole of the Wall Space on the Blythe Road side to exhibits of Gas Engines and Suction Gas Plants, and the Wall Space on the Hammersmith side to demonstrations of Acetylene Welding and Cutting, this particular process having come very much to the front in connection with Marine Engineering during the past two years; and the aim generally will be to sectionize the exhibits as far as possible.

General.

Exhibits of Accessories, Journals, and Office Appliances will not be allowed in the main Hall. This will be reserved entirely for firms manufacturing Heavy Machinery, Naval and Shipping Appliances, &c.

Price of space.

The price will be as usual at Olympia, Rs. 4 to Rs. 2-6 per square foot, according to position, and will include the provision of Platforms, on hire, free of charge to Exhibitors, throughout the Hall.

Handling of Goods.

Special consideration will be given to the question of the quick and economical handling of goods, and the Management hope to make arrangements with various contractors whereby Exhibitors will be able to have their goods, of all classes, received and lifted at fixed rates.

Power.

Electric current for power purposes and lighting and water-supply service will be provided to the fullest extent of the facilities at Olympia, and at the rates charged by Olympia (1912), Ltd., so as to enable Exhibitors to show their specialities in motion. Provision will also be made for the supply of steam.

Publicity.

A special publicity department will be formed so as to attract buyers from Colonial and Foreign Countries as well as from the manufacturing centres of Great Britain, and at least 5,000 Special Invitation Tickets will be sent to Government and other engineers throughout the world. Advertisements will be placed with the leading technical papers, and a Press Bureau formed under the management of an expert. Advance particulars will be sent to the technical and daily papers from time to time, and all facilities afforded them of dealing adequately with the Exhibition. Every endeavour will be made through foreign correspondents to arrange for special excursions to the Exhibition, from France and other countries, of engineers and others interested in the exhibits. It has been found that excursions of this kind increase the commercial value of Trade Exhibitions, resulting, as they do, in the opening up of many new and valuable connections.

Railway Facilities.

Addison Road Station, adjoining Olympia, is in direct railway communication with all the great lines of Great Britain.

Committee.

The Organizers will have the assistance of a strong Committee of Leading Engineers, and this is a guarantee that the wishes of the general body of Exhibitors with regard to the organization of the Exhibition will, as far as possible, be carried out.

Exhibitors' Club.

A suitable space will be allotted for an Exhibitors' Club and Writing Room, which will be catered for by Messrs. Joseph Lyons & Co., Ltd., Tea and Light Refreshments being provided at reasonable rates. Each Exhibitor's Season Ticket includes Membership of Club.

Plans, Application Forms, and further particulars can be obtained on application to

HIGH COURT NOTICE.

CIRCULAR ORDER.

Issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 1 of 1914.

ORDER 5, Rule 27 of the Code of Civil Procedure, 1908, provides that "where the defendant is a public officer . . . . or is the servant of a railway company . . . . , the Court may, if it appears to it that the summons may be most conveniently so served, send it for service on the defendant to the head of the office in which he is employed, together with a copy to be retained by the defendant."

It has been represented that the advantages afforded by this procedure are often overlooked, and the attention of the Subordinate Courts is therefore drawn to the rule.

In exercise of the power conferred by section 68A of the Inland Steam-Vessels Act, 1884 (VI of 1884), the Governor-General in Council is pleased to declare that the provisions of the said Act shall apply to vessels which ordinarily ply on inland waters in the Presidency of Bengal, and are propelled by electricity or other mechanical power, except steam, with the following modifications:—

1. *For* clause (*2*) of section 5 of the said Act, the following shall be substituted, namely:—

   "(*2*) 'motor-vessel' means every description of vessel propelled wholly or in part by the agency of electricity or other mechanical power, except steam."

2. The words "motor-vessel" shall be substituted for the words "steam-vessel," wherever these words occur throughout the said Act after clause (*2*) of section 5.

3. *For* sub-section (*2*) of section 23 of the said Act, the following shall be substituted, namely:—

   "(*2*) Every certificate granted under this section in respect of an inland motor-vessel, shall be in the form prescribed in the case of an inland steam-vessel, *mutatis mutandis*."

4. *After* section 25A of the said Act, the following shall be inserted, namely :—

Delegation of powers of Local Government.

"25B. The Local Government may, by rule, delegate to the Port Officer of Calcutta or Chittagong, all or any of its powers under sections 23, 24, 25 and 27, subject to such restrictions or conditions as it may consider desirable."

Endorsement of certificates granted in respect of inland steam-vessels.

"25C. The certificate granted under the provisions of this Chapter to a holder of a similar certificate in respect of an inland steam-vessel shall take the form of an endorsement on such certificate."

5. In section 28 of the said Act—

(1) *for* the words "eighty nominal horse-power," in the two places where they occur, the words "one thousand brake horse-power" shall be substituted ;

(2) *for* the words "thirty nominal horse-power," in the two places where they occur, the words "two hundred and fifty brake horse-power" shall be substituted ; and

(3) *after* the words "first-class engine-driver's certificate," and *after* the words "second-class engine-driver's certificate," in the two places where these words respectively occur, the words "for motor-vessels" shall be inserted.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 3425 —The 24th March 1914.—The following is published for general information.

J. H. KERR,
Secy. to the Govt. of Bengal.

INDIAN FOREST SERVICE.

REGULATIONS AS TO THE APPOINTMENT OF PROBATIONERS, 1914.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1914, make **not less than nine appointments** of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Revenue Department, India Office, Whitehall, London, S.W., and to be returned to him not later than **Wednesday, the 1st July 1914.** Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limit.*—Candidates must be not less than 19 but under 22 years of age on the 1st January 1914.

Note.—For the year 1914 only, candidates who have taken an honours course (or other course specified in paragraph 5) which under the Regulations of the University, occupies four years, will be subject to the age limits which have hitherto been in force, viz., 19 and 23 on the 1st July of the year in which selection is made.

4. *Nationality, &c.*—Every candidate must be a natural-born subject of His Majesty. He must be prepared to give an undertaking, if selected, that he will not marry before he reaches India. If he does so, he will forfeit his appointment. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must have obtained a degree *with Honours* in some branch of Natural Science* in a University of England, Wales, or Ireland, or have passed the Final Bachelor of Science Examination in Pure Science in one of the Universities of Scotland†. A degree in Applied Science will not be considered as fulfilling these conditions. Candidates will be required to produce evidence that they have a fair knowledge of either German or French.

NOTE.—Applications for appointment will be accepted from candidates who on the 1st July 1914 have already sat at an examination for a degree as mentioned above, but have not learned the result of the examination.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

* A Moderatorship in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

† Graduates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the Final Examination of that University in some one branch of Natural Science embraced in the degree in Pure Science.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (*see* Appendix VI).

Candidates who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—Before appointment to the Indian Forest Department, a probationer will be required—

(i) to have obtained, either before selection as probationer, or within the period of two years' probation, the degree or diploma in Forestry at one of the Universities named in the margin;

Cambridge, Oxford or Edinburgh.

(ii) to have undergone a special course of instruction in Forestry, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, in such British and Continental localities as may be selected for the purpose;

(iii) to have passed an examination in certain special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law, Indian Working Plans, and, if required, an Indian vernacular language;

(iv) to have undergone a final competitive examination in Forestry (*see* Appendix II);

(v) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation will in ordinary cases be two years. The Director of Indian Forest Studies will instruct probationers in each case as to the order and manner in which they should fulfil these various requirements.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University and on practical instruction in Great Britain and on the Continent, with the exception of fees payable to local forest officers in Great Britain and on the Continent.

10 *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions:—

(*a*) that the progress of the probationer in his studies is satisfactory;

(*b*) that the probationer gives security to refund the payments in respect of this advance, as well as such payments, not exceeding 60*l.* in all, as may have been incurred by the Secretary of State on the probationer's behalf in respect of fees to local forest officers, in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 13, or failing to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority.*—Probationers who comply with the requirements of Regulation 8 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, will be appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. Their position in the Provincial Forest Lists will be determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

Probationers will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Articles of Agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

14. *Passage Allowance.*—An allowance on account of passage to India will be paid to each probationer on appointment to the Indian Forest Service, to the amount of 37*l.* 10*s.* for passage to Calcutta, Madras or Bombay, and 43*l.* for passage to Rangoon.

Note.—The above is the normal rate of passage allowance. In consequence of the surtax of 10 per cent. at present charged by shipping companies in respect of passages to India the above rates of passage allowance have been raised to 41*l.* 5*s.* and 46*l.* 5*s.* respectively. Should this surtax be removed, these rates will be reduced to those given in paragraph 14

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 380 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension, and Provident Fund.*—Promotion, leave and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest Officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix III; a summary of information regarding Leave is contained in Appendix IV; and regarding Pensions and the Provident Fund in Appendix V.

INDIA OFFICE, February 1914.

APPENDICES.

APPENDIX I.—COMPETITIVE EXAMINATION.

In the event of the Civil Service Commissioners being requested by the Secretary of State for India in Council to hold an examination in any year of candidates nominated by him to compete for appointment as Probationers for the above Service, the following will be the subjects in which such candidates will be examined :—

		Maximum marks.			Maximum marks.
1.	English Composition ...	100	5.	Physics ...	100
2.	German *or* French ...	100	6.	Geology ...	100
3.	Elementary Chemistry	50	7.	Botany ...	100
4.	Higher Chemistry ...	100	8	Zoology ...	100

Not more than three of the subjects numbered 4 to 8 may be offered.

Candidates must pass to the satisfaction of the Civil Service Commissioners in the first three subjects.

In the subjects numbered 4 to 8, only marks showing real attainment will be counted towards the order of merit, so that a candidate who has a thorough knowledge of one or two of the optional subjects may obtain on that knowledge alone as many marks as a candidate who offers the maximum number of the optional subjects on a lower standard.

SYLLABUS.

Languages.—The examination in German and French will include translation, composition, and conversation.

Sciences.—The standard of the examination in Higher Chemistry, Physics, Geology, Botany and Zoology will be that of the Honours Schools of the Universities.

The examination in Elementary Chemistry will consist of a written paper on the more elementary parts of Inorganic Chemistry, together with the outlines of Organic Chemistry.

APPENDIX II.—FINAL EXAMINATION.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about 35*l.*), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 12 of the Regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training will be required to undergo a competitive final examination in Forestry.

2. A list of the probationers in order of merit will be prepared by adding together (*a*) the marks obtained at the final examination, and (*b*) the marks obtained during the course of practical training in forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (*a*) will be the same as under (*b*).

3. The final examination will consist of an oral examination and three or more papers, as follows :—

(i) One or more papers in Silviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Utilization (including Forest Engineering).

(ii) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.

(iii) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.

4. The final examination will be held at the beginning of October. Arrangements as to the date and place of examination will be made by the Director of Indian Forest Studies. Probationers will not be required to pay any fee for the examination.

APPENDIX III.—LIST OF APPOINTMENTS OPEN TO MEMBERS OF THE IMPERIAL BRANCH OF THE INDIAN FOREST SERVICE.

NOTE.—*This list is liable to alteration at any time.*

(*d*) 22	Conservators, in three grades (including President, Forest Research Institute and College)	1,900 ,, / 1,700 ,, / 1,500 ,, respectively.
(*e*) 187	Deputy and Assistant Conservators ...	‡Rs. 380 a month, rising by annual increments of Rs. 40 a month to Rs. 700 a month; thereafter, by annual increments of Rs. 50 a month to Rs. 1,250 a month, in the twentieth year of service.
Total 213†		
These appointments are included in (*d*) and (*e*). — 5	Foreign Service appointments	
§10	Officers employed at the Forest Research Institute and College, Dehra Dun ...	

APPENDIX IV.

[NOTE.—Appendices IV and V are intended merely to show the principal leave and pension rules in the Civil Service Regulations at present applicable to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom, without going into minute details, and do not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.]

LEAVE.

Long Leave.

1. Furlough and special leave with allowances (*see* paragraph 5) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

2. Fulough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

3. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

---

* The officer holding this appointment draws in addition to the pay of his grade a minimum local allowance of Rs. 200 a month.

† These appointments are allotted to the various provinces as follows:—Burma, 66; Madras, 31; Bombay, 27; Central Provinces, 24; United Provinces, 19; Punjab, 12; Bengal, 12; Assam, 13; and Bihar and Orissa 5; and 4 Imperial Instructors at Dehra Dun.

‡ Until he has passed the prescribed Departmental examinations, an Assistant Conservator is liable to stoppage of increments of pay. On passing the examinations he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

§ These draw a local allowance of Rs. 150 a month in addition to their grade pay, with the exception of the President, Forest Research Institute and College, in whose case the allowance is at the rate of Rs. 200 a month. Of these 10 appointments, the four posts of Imperial Instructors have been sanctioned for five years from 1912, for the present.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

4. The allowances admissible during furlough are :—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

5. Special Leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

6. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

7. Subsidiary Leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

8. Short Leave is also granted to enable officers to appear at examinations, &c.

9. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

10. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

11. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s.* 6*d.* to the rupee. Privilege Leave pay when issued from the Home Treasury. (this is only admissible when privilege leave is combined with other leave) is converted at 1*s.* 4*d.* to the rupee.

APPENDIX V.

(See Note under Appendix IV.)

PENSIONS AND PROVIDENT FUND.

1. An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of Completed Service.	Maximum Limit of Pension.
10	Rs. 1,000 a year.
11	,, 1,400 ,,
12	,, 1,800 ,,
13	,, 2,200 ,,
14	,, 2,600 ,,
15, 16, 17, 18, 19	,, 3,000 ,,

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Years of Completed Service.	Scale of Pension. Sixtieths of average Emoluments.	Maximum Limit of Pension.
20 to 24	30	Rs. 4,000 a year.
25 and above	30	,, 5,000 ,,

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1*s.* 9*d.* the rupee.

2. A General Provident Fund has also been established on the following basis :—

(*a*) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 6¼ per cent. Subscriptions on leave of any kind are optional.

(*b*) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(*c*) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service ; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

(*d*) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (*a*)

APPENDIX VI.

GENERAL PHYSICAL REQUIREMENTS.

[*Note.*—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service ; and that his discretion is in no respect limited by these Regulations.]

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age.	Height without shoes.	Chest.	
		Girth when expanded.	Range of Expansion.
	Inches.	Inches.	Inches.
19 to 20 ...	62½ and under 65	35	2
	65 „ 68	35	2
	68 „ 70	35½	2
	70 „ 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2
	65 „ 68	35½	2
	68 „ 70	36	2
	70 „ 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard ; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the hight will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of chest.*—The candidate will be made to stand erect, with his feet together, and to raise his hands above his head. The tape will be carefullly adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday under the following conditions:—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas.

(*b*) Candidates must pay their travelling expenses.

(*c*) It must be understood that the opinion of the Medical Board, which will be communicated by the Board to the candidate at the end of the examination, is solely for the candidate's own information and is not an official finding. The Board, if they consider a candidate unfit, will exercise their discretion as to informing him of the particular grounds on which their opinion is based. No further information can in any case be given.

(*d*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to their appointment.

(*e*) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses not exceeding 2·5 D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed — 2·5D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other eye $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{6}$ with + 4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$ and of the other $\frac{6}{9}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

NOTIFICATION.

No. 1096Com.—The 30th March, 1914.—The following draft of rules which the Governor in Council intends to make under section 24 of the Provident Insurance Societies Act, 1912 (V of 1912), in supersession of the rules published in draft under Notification No. 3163, dated the 28th June, 1913, is published, as required by sub-section (*3*) of that section, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 1st May 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. L. STEPHENSON,
Secretary to the Government of Bengal.

DRAFT RULES UNDER SECTION 24 OF THE PROVIDENT INSURANCE SOCIETIES ACT, 1912.

Short title.

1. These rules may be called the Bengal Provident Insurance Societies Rules, 1914.

Definitions.

2. In these rules, unless there is anything repugnant in the subject or context,—

(*a*) "the Act" means the "Provident Insurance Societies Act, 1912";

(*b*) "society" means a Provident Insurance Society to which the Act applies;

(*c*) "provident insurance business" means any class of business to which the Act applies;

(*d*) "dividing society business" means provident insurance business under which the amount payable on the policy money becoming due is not fixed but depends either partly or wholly on the results of the division of any portion of the premium income or funds amongst the policies which have become due for payment in proportion to the premiums received under each class in any specified period;

(*e*) "bond investment business" means the issue of bonds or policies by which the society, in return for premiums or subscriptions payable at periodical intervals of one year or less, contract to pay the legal holder of the bond or policy a sum at a future date either with or without the other specified benefits such as the right to share in the profits of the society or to an advance for certain specified objects, and not being life assurance business;

(*f*) "ordinary life assurance business" means life assurance business transacted on similar lines to those adopted by ordinary life assurance companies, namely, by granting annuities on human life, or by assuring a fixed sum payable at death, on survivance or on the happening of any contingency dependent on human life in return for a premium which is fixed at the outset for each age at entry. This shall not exclude the case of sums assured and premiums which vary as the result of bonus ascertained by an actuarial valuation conducted in the manner provided for in the Fourth Schedule to the Indian Life Assurance Companies Act, 1912.

Contingencies prescribed under the Act.

3. The provisions of the Act shall, in addition to the contingencies of birth, marriage and death prescribed in clause (*8*) of section 2 of the Act, extend to the receipt of premiums, or contributions for insuring money to be paid on the happening of any of the following contingencies, or of any

other uncertain event coupled therewith, and shall apply to any society receiving such premium or contributions, namely :—

(*a*) the payment of sums on a person or persons surviving a given term, age or contingency, and the contingencies arising under any other life assurance business which is not subject to the provisions of the Indian Life Assurance Companies Act, 1912 ;

(*b*) bond investment business ;

(*c*) failure of issue ;

(*d*) provision for the expenses of any ceremonial occasion, such as betrothal, circumcision, thread ceremonies, shaving of the head, etc., which is generally observed among the different communities in India ;

(*e*) unemployment or retirement from business ;

(*f*) sickness ; and

(*g*) accident :

Provided always that the Act shall not apply to any society which is subject to, and complies with, the provisions of the Indian Life Assurance Companies Act, 1912.

Certificate of registration.

4. On the registration of a society, the Registrar shall grant a certificate to the society in Form No. 1 in Part II of the Schedule annexed hereto ; and on the registration of any other documents authorized or required to be recorded or filed he shall grant a certificate in Form No. 2 in the said Part II.

Name.

5. (*1*) No society subject to the Act, other than a society registered under the Indian Companies Act, 1913, before the date of these rules, may register hereafter with a name in which the words "life assurance" or "life insurance" occur, or having a name either the same as that of any existing society or other company or so nearly resembling it as to be likely to lead to confusion.

(*2*) The name of every society, which is required by section 12 of the Act to be displayed in a conspicuous position in legible letters on the outside of the office of the society, shall be displayed in English and in the vernacular of the district in which the office is situated :

Provided that, in the case of offices of societies in the town of Calcutta, it will be sufficient if the name of the society is displayed in English alone.

Matters to be provided for by the rules.

6. (*1*) In accordance with the provisions of section 5 of the Act, every society—

(*a*) if already existing at the date when these rules come into force, shall provide, within six months from that date, for such of the matters mentioned in Part I of the Schedule annexed hereto as are not already provided for in the rules of the society, subject to the condition that the terms of the then existing contracts shall not be altered to the detriment of the policy-holders :

Provided that if, in any case, it is made to appear to the Registrar that the circumstances are such that a longer period than six months should be allowed, he may extend that period by such time as he may think fit ; and

(*b*) if not existing at the said date, shall provide in its rules, before registration under the Act, for the matters mentioned in the said Part I.

(*2*) A copy in English of the rules of the society and of the said Part I of the Schedule duly completed as aforesaid, shall, within fifteen days from the date of the adoption of the rules, be sent to the Registrar. Blank forms of the said Part I may be obtained from the Registrar and should be used on each occasion when particulars are being submitted in compliance with this rule.

(*3*) The copy of the rules or amended rules of a society required to be forwarded in compliance with this rule and sections 6 and 8 of the Act

shall not be accepted for registration unless it is certified to be a correct copy and is signed by the Chairman or Managing Director, as well as by the Manager or one of the other responsible officers of the society.

Qualifications of auditors.

7. No person shall be appointed or act as an auditor of any society unless he is either—

(*a*) a member of an Institute or Society notified by the Governor General in Council under the proviso to sub-section (*1*) of section 144 of the Indian Companies Act, 1913 (VII of 1913), or

(*b*) the holder of a certificate granted by the Government of Bengal in accordance with the rules issued under sub-section (*2*) of section 144 of the said Act (VII of 1913), or

(*c*) the holder of a certificate for the whole of British India granted by any other Local Government in exercise of the power vested in them by rules issued under the said sub-section (*2*) of section 144 of the same Act.

Audit of societies not subject to the law of British India relating to the registtion of Companies.

8. The accounts of every society not subject to audit in accordance with the provisions of the Indian Companies Act, 1913, or of any other law for the time being in force in British India relating to the registration of companies shall be audited in accordance with that Act or such other law

Additional particulars in case of societies to which the Act applies.

9. Every auditor auditing under the Act the accounts of a society shall state the following additional particulars in his report—

(*a*) whether or not he has personally verified the whole of the investments with the securities and other vouchers and is satisfied as to their correctness;

(*b*) any other matters that he considers should be brought to the notice of the members or policy-holders of the society.

Qualifications of actuaries under the Act.

10. (*1*) Any person who, as an actuary, investigates the financial condition of a society or signs valuation returns of a society shall be either—

(*a*) a Fellow of the Institute of Actuaries, London, or a Fellow of the Faculty of Actuaries in Scotland ; or

(*b*) where application is made by a society or by the Registrar and where, in the opinion of the Governor in Council, special circumstances exist,—

(*i*) an Associate of such Institute of Actuaries or of such Faculty of Actuaries ; or

(*ii*) such other person having actuarial knowledge as the Governor in Council may authorize to be employed to perform the duties of an actuary.

(*2*) Every application by a society for permission to employ as an actuary any person other than a Fellow of the Institute or Faculty of Actuaries shall state the work for the performance of which such person is required, and the Governor in Council, if he grants the application, shall cause a certificate to be issued to the society permitting, subject to such conditions and restrictions as he thinks fit, the employment of the person mentioned in the application.

Accuracy of particulars.

11. An actuary, when investigating the financial condition of a society shall either satisfy himself as to the accuracy of the particulars extracted from the books or require a certificate of their accuracy from the Manager and one other responsible officer of the society.

Particulars to be given in the report of actuary.

12. An actuary, when investigating the financial condition of a society, shall comply with the requirements of the forms set forth in the Fourth and Fifth Schedules of the Indian Life Assurance Companies Act, 1912, or as near thereto as circumstances will permit, and in addition he shall report—

(*a*) whether the calculations are correct and made on the principles which are contained in the statement required by the Fourth Schedule to the Indian Life Assurance Companies Act, 1912;

(*b*) whether these principles have his approval;

(*c*) whether he has obtained all the information and explanations that he has required :

(*d*) what adjustment was used in the valuation to allow for unequal incidence of the premium income, and for premiums payable more often than once a year;

(*e*) the method by which both the ages at entry and the ages at valuation were arrived at;

(*f*) the rate at each age of the mortality assumed and of the annuity values used in the valuation where the tables employed are not published;

(*g*) whether all negative values were eliminated from the valuation; and

(*h*) the reserve values held against policies effected at ages 20, 30, 40 and 50 and which have been in force for 1, 2, 3, 4, 5, 10, 15 and 20 years, respectively, in respect of—

(*i*) whole life assurances with premiums payable throughout life;

(*ii*) whole life assurances with premiums payable for 20 years;

(*iii*) endowment assurances payable at age 60 or previous death.

Further particulars in case of insolvent society.

13. In the event of the actuary finding that the financial condition of the society is such, in his opinion, that no payment should be made either of bonus to policyholders or of dividend to members, he shall state whether or not he finds the society to be solvent. If he finds it to be insolvent—

(*a*) he shall state whether he considers that the society could be made solvent as regards existing contracts by the transfer of its subscribed capital (whether paid or unpaid) to make good the deficiency in the funds. If so, he shall state what, in his opinion, is the amount so required, and whether or not any alteration would require to be made in the rates of premium for future entrants;

(*b*) if he considers that the society cannot be made solvent as regards existing contracts by the transfer of the whole of the subscribed capital to the credit of the funds in deficit, he shall state what proportion of the sum assured the society would, in his opinion, be able to meet under such contracts, if all the premiums thereunder were reduced proportionately with the sum assured, and all subscribed capital were fully paid up and transferred to such funds.

Power of Registrar to postpone order under section 18.

14. (*1*) When an inquiry has been held under section 17 of the Act, the Registrar may, if he thinks fit, instead of cancelling the registry of the society under section 18 and appointing a liquidator to wind up the society under section 19 of the Act, consent to the society reducing the

amount of its contracts upon such terms and subject to such conditions as he thinks just.

(2) When policy contracts have been reduced under sub-rule (*1*), no money whatever shall be paid to shareholders either as repayment of capital, payment of dividend or in any other way until the society is able to meet policyholders' claims in full according to the original contract.

Liquidation of societies registered under the Indian Companies Act, 1913.

15. The Registrar shall not appoint a liquidator under section 19 in the case of a society subject to the law for the time being in force in British India relating to the registration of Companies.

Liquidator may reduce contracts.

16. When a liquidator has been appointed in terms of section 19, he may, if he thinks fit, reduce the amount of each of the contracts of the society upon such terms and subject to such conditions as he may think just, as a means towards winding up. If the contracts are not to be reduced in amount as here provided, the liquidator shall ascertain the value of the liability of the society to each person appearing by the books of the society to be entitled to or interested in policies granted by such society. He shall give written notice to such person of the value so ascertained.

Form of accounts, etc.

17. (*1*) The accounts of a society shall consist of the Revenue Account, Profit and Loss Account and Balance Sheet as prescribed in Forms Nos. 3, 5 and 6, respectively, in Part II of the Schedule hereto annexed ; but a society may, if it so desires, submit a separate Revenue Account (precisely similar to Form No. 3) for any class of business carried on by it, but the transactions in respect of a class of business not prescribed under the Act shall not be shown in a Revenue Account showing the transactions in respect of any business which is so prescribed. The accounts shall be signed by all the directors of the society and by the Manager and one of the other responsible officers. If any of these omit to sign, the reason shall be stated. Other statements shall be prepared each year in the following forms and signed by the Chairman or Managing Director (if any) as well as by the Manager or one of the other responsible officers of the society :—

Form No. 4—giving particulars of expenditure which has not been charged as such.

Form No. 7—giving particulars of the relationship existing between the lives assured and those effecting policies.

Form No. 8—giving particulars of the numbers of policies effected at different ages.

Form No. 9—showing the magnitude of the society's policy contracts.

Form No. 10—giving particulars of the new business each year.

Form No. 11—showing for each year the additions to and deductions from the number of policies and the sums assured thereunder.

Form No. 12—giving particulars for each year since the formation of the society of the number of policies that have gone off the books for various reasons.

Form No. 13—showing the claims under dividing society business arranged according to the duration of the policies.

Form No. 14—giving examples of the sums paid in past years under dividing society business.

(*2*) The registrar may, on the application and with the consent of a society, alter any of the said forms as regards that society for the purpose of adapting it to the circumstances of that society.

Signing of accounts, etc.

18. The Chairman or Managing Director (if any), as well as the Manager and one of the other responsible officers of the society, shall sign all the accounts and the balance sheet and the abstracts or statements sent to the Registrar.

Registrar not responsible for accuracy of returns.

19. The receipt of an annual return by the Registrar implies no approval of anything it contains. An acknowledgment of the fact that documents purporting to be the annual returns of a particular society have been received will be given, but the acknowledgment does not imply that a valid return has been made or indicate approval of anything that it contains.

Registration fees.

20. The following fees shall be payable to the Registrar in cash or by postal money-order for matters transacted under the Act:—

(*1*) Registration of a society (section 6) Rs. 100:

Provided that a society which has been already registered under the Indian Companies Act, 1913, shall be exempt from payment of any fee for registration under the Act.

(*2*) Registration of amendment of a rule (section 8), Rs. 5:

Provided that no more than a single fee of Rs. 5 shall be leviable for the amendment of two or more rules when such amendments are intimated to the Registrar in the same communication.

Fees for procuring copies of or inspecting documents.

21. Documents required under the Act to be submitted to the Registrar shall be open to inspection on payment of a fee of one rupee; and any person may procure a copy of any such document or a part thereof on payment of a fee of six annas for every hundred words or fractional part thereof required to be copied.

Accounts not adopted.

22. If the general meeting before which the accounts are laid does not adopt them, a statement of the fact and of the reasons therefor shall be annexed to the balance sheet and to the copies thereof required to be filed with the Registrar.

Manner of publication of documents.

23. A notice or other document shall be deemed to have been duly published under the Act if copies have been printed in English and sent to the Registrar and to all members and policyholders.

Register of members.

24. The register of Members required by section 10 of the Act to be kept by every Provident Insurance Society which is not registered under the Indian Companies Act, 1913, shall be kept in Form No. 15.

Register of life assurance policies.

25. A register of all ordinary life assurance policies issued by a society at any time whether or not they are now in force, shall be maintained by the society in Form No. 16 or as near thereto as circumstances will permit.

Register of other policies.

26. A register or registers of all policies, other than those of ordinary life assurance now in force, and of those issued hereafter, shall be maintained by the society in Form No. 16 or as near thereto as circumstances will permit.

Saving of existing nominations.

27. No nomination by an assured person executed before the date when these rules come into force shall be deemed to be void by reason only of its having been so executed.

SCHEDULE.

PART I.

[See rule 6.]

Matters required to be prescribed by the society's rules.	Number of the rule in which these matters are provided for.
1. The name and place of the head office of the society in British India, the object of the society and the whole of the contingencies in respect of which it will receive premiums.	
2. That the society shall not issue any policy either to or for the use of any person other than the life assured without inserting in the policy the name of the person by whom, and for whose use, it is effected and unless the life assured has given his consent in writing to the insurance being effected (if the latter be not of age the written consent of his legal guardian is required). The rules shall also provide that the amount to be assured under a policy effected by or for the use of a person other than the life assured shall not be unreasonable for the purpose of covering the expense or loss which such person has a *bonâ-fide* expectation that he will incur in the event of the death of the life assured.	
3. The persons who may effect policies and the persons on whose lives policies may be effected, stating for each class of contingency the limits of age for male and female lives separately; also the conditions to be complied with by persons applying for insurance in respect of each class of contingency, stating the payments to be made— (1) on application; (2) on admission; (3) as monthly or other periodical premiums or contributions and the period for which they are payable; (4) as fine or other charge for late payment of premiums or contributions; (5) on any other account in respect of the insurance.	
4. The maximum sum, including all bonus additions or other benefits, payable (1) at death and (2) on the happening of each other contingency insured against by the society under policies effected on any one life since the date of the Act, and the maximum number of policies under each different class of provident insurance business which a single person may hold.	

Matters required to be prescribed by the society's rules.	Number of the rule in which these matters are provided for.
5. The conditions under which any policyholder may become entitled to any of the benefits assured, especially as regards— (1) the period, if any, during which the happening of the contingency insured against will entitle the policyholder— (*a*) to receive no payment; (*b*) to receive a reduced payment, in which case the particulars will require to be stated in the rule; (2) any advance or loan which is guaranteed after payment of premiums for a stated number of years; (3) any benefits of whatever kind which are determined by lot or ballot; (4) the exact method of division in the case of dividing society business; (5) the nature of the evidence required to prove birth, marriage, death or any event on the happening of which the insured amount is payable.	
6. Disqualifications due to change of occupation, residence, or other specified cause.	
7. The length of notice to be given to policyholders of any required payment of premium before the benefits under the policy lapse or are modified in any way as a result of non-payment, also the consequence of delay in paying any premium, or other contribution; also the conditions under which the right to full benefit will be restored to a policyholder whose policy has been altered in any way in consequence of any payment being made late.	
8. The terms under which any policy may be (1) surrendered for a cash payment or (2) kept in force for a reduced benefit without liability to payment of further premiums.	
9. That the conditions governing policies as regards the matters mentioned in items 5, 6, 7 and 8 above shall be fully set forth in each policy issued after a period not exceeding one month from the date of the registration of the rules providing for such matters.	
10. That any policyholder or contributor of a society registered under the Act, not being under sixteen years of age, may, by writing under his hand delivered at or sent to the registered office of the society, nominate any person, not being an officer or servant of the society, unless such officer or servant is the husband, wife, father, mother, child, brother, sister, nephew or niece of the nominator, to whom any moneys payable by the society on the death of such member, not exceeding Rs. 500, shall be paid at his decease, and may	

Matters required to be prescribed by the society's rule.	Number of the rule in which these matters are provided for.
from time to time revoke or vary such nomination by a writing under his hand similarly delivered or sent; and that, on receiving satisfactory proof of the death of a nominator, the society shall pay to the nominee the amount due to the deceased member, not exceeding the said sum, and the receipt of the nominee over sixteen years of age for any amount so paid shall be valid; but that the marriage of a member of a society shall operate as a revocation of any nomination theretofore made by that member: provided that where the society pays to a nominee in ignorance of a marriage subsequent to the nomination, the receipt of the nominee shall be a valid discharge to the society.	
11. The appointment, qualifications and powers of the managing body and officers of the society, the conditions under which they may be removed, the method of voting at the meetings of the managing body and the number constituting a quorum.	
12. As to the rights (if any) of policyholders (1) to vote at a general meeting of the society, (2) to appoint persons to represent them on the managing body and (3) to appoint an auditor.	
13. The length of notice to be given of general (or special) meetings of the society; the length of notice required to be given of any resolution to be proposed at these meetings; the method of voting at them and the number constituting a quorum; and the matters which must be brought before such meetings.	
14. The classes of security in which the funds of the society may be invested.	
15. The procedure to be adopted in making new rules or in altering or repealing existing rules, and prescribing that no such amendment or repeal shall detrimentally affect the terms of contracts then existing, and that copies of amended rules required under section 8 (*1*) of the Act to be sent to the Registrar shall be so sent within fifteen days from the date of their adoption, and that within one month after their registration a copy of any alteration in the rules which in any way applies to or affects the rights of the then existing policy contracts shall be sent to each policyholder.	
16. To prescribe the proportion of the annual income of the society derived from premiums or contributions which may be disbursed for the expenses of management of the society, and the method of apportioning the income and the expenses between each class of provident insurance and any other class of business which the society may transact.	
17. In the case of a society which by rule or practice divides any part of the funds thereof, to provide for the payment of all debts due by the society existing at the time of division before any such division has taken place.	

Matters required to be prescribed by the society's rules.	Number of the rule in which these matters are provided for.
18. That every society shall keep a separate account of all receipts and disbursements in respect of each class of business transacted, and the receipts (less the disbursements) of each class shall be carried to and form a separate fund with an appropriate name: Provided that nothing in a rule made in this respect shall require the investments of any fund of a class of business prescribed under the Act to be kept separate from the investments of any other such fund, but the rule shall provide that the investments of any fund of a class of a business not prescribed under the Act shall be kept separate from the investments of the funds of business which is so prescribed and shall not be shown in the Balance Sheet (Form No. 6) for the latter business.	
19. That a fund of any particular class of business prescribed under the Act shall be as absolutely the security of the policyholders of that class as though it belonged to a society carrying on no other business than insurance of that class, and shall not be liable for any contracts of the society for which it would not have been liable had the business of the society been only that of insurance of that class, and shall not be applied, directly or indirectly, for any purposes other than those of the class of business to which the fund is applicable.	
20. The provision, if any, made for the financial position of the society being ascertained by an actuary, and prescribing that if ordinary life assurance business be transacted by the society it shall neither use any portion of the life assurance fund towards payment of dividend nor allot any bonus to its life assurance policies either by way of addition to the sum assured or to the amount of annuity or as a cash payment or a reduction of premium, except as the result of an actuarial valuation conducted as prescribed by sections 8, 9 and 10 of the Indian Life Assurance Companies Act, 1912. The rules shall also provide that any society transacting ordinary life assurance business shall undergo such a valuation at any time it may choose before the 1st January 1917, and at intervals of not more than seven years thereafter, and submit the returns to the Registrar in the form as prescribed by the Indian Life Assurance Companies Act, 1912.	
21. The method of ascertaining the amount of profit made by the society and the method of distributing such profit amongst policyholders and shareholders.	
22. That the paid-up capital shall not be treated as part of the society's assets for the purpose of showing a divisible surplus at the time of any actuarial investigation of the financial condition of the society.	
23. That no portion of the paid-up capital or other assets shall be released from liability in respect of provident insurance business until the

funds applicable to such business are solvent otherwise than by a reduction of the policy contracts. The rules shall also prescribe that no money shall be allocated for payment of dividends on shares at any time while such funds are not solvent otherwise than by a reduction of such contracts.	
24. That, after the accounts have been duly audited, a copy thereof and of the statements detailed in rule 17 shall be sent to every member and policyholder entitled to vote at a general meeting, so that at least seven days shall intervene between the day on which they are sent and the last day on which notice of any resolution to be brought before the general meeting will be accepted. That during the period from the date when such accounts and statements have to be sent to members until the time of their adoption in general meeting, they shall be deposited at the Head Office and copies thereof at the principal branch or agency office in each of the provinces in which the society transacts business, for the inspection of any member or policyholder of the society.	
25. That the accounts and statements prescribed under the Act shall be laid before the annual general meeting within six months of the expiration of each financial year of the society (except in the case of a report by an actuary on the financial position of the society when twelve months are allowed), and within fifteen days after having been laid before the general or special meeting of the society and before the expiration of the before-mentioned period of six months, (or twelve months, in the case of an actuarial report) three copies in English, and one in the vernacular (if any) of such accounts, statements and actuarial report (if any) as well as of the report of the Directors or other managing body, and of each resolution adopted at such meeting shall be sent to the Registrar. The rules shall also prescribe that, after the accounts have been passed and the report adopted by the society, they, together with a copy of each resolution adopted at the meeting passing such accounts or reports, shall within one month from the date thereof be sent to each member and to each policyholder.	
26. That any member or policyholder shall be entitled at any time to be furnished by the society with a copy of any part of any account, abstract, statement, or report, which has been submitted to the members or policyholders at a charge not exceeding six annas for every hundred words or part thereof required to be copied.	
27. The procedure to be followed in the event of voluntary winding up of the society if it be not registered under the Indian Companies Act, 1913.

Other Funds contained in Revenue Account (to be stated separately).			Loans on personal security ...	
Balance of Profit and Loss Account			Other loans (to be specified) ...	
Total funds as per Revenue and Profit & Loss Accounts.			Investments in Government securities or in other bonds, debentures, stocks and shares (to be given in detail here, or if numerous, the details may be stated on a schedule, the total of the schedule agreeing with the Balance Sheet figure).	
Capital ... Shareholders' capital paid up at end of year as per Revenue Account.				
Out-standing liabilities ... * Claims admitted or intimated but not paid, as under :—			House property	
...	Rs.		Branch and agency balances ...	
Life Assurance ...				
Marriage Insurance ...			Outstanding premiums renewable*	
Other classes of business (to be specified).			Outstanding interest, dividends and rents.*	
Unpaid dividends*			Interest accrued but not payable*	
Deposits			Cheques paid into bank and in course of realisation.	
Cheques issued but not presented for payment.				
Other sums owing by the society* (such as sums borrowed by the society, commission due but unpaid, surrender values outstanding, to be stated separately under each class of business).			Cash on deposit with the ... Bank	
			Cash in hand or on current account with the.....Bank.	
			Other assets (to be specified) ...	

* These sums are or have been included in the corresponding items in Form No. 5.

NOTE 1.—The balance sheet must state how the values of the stock exchange securities are arrived at and a certificate must be appended, signed by the same persons as signed the balance sheet to the effect that, in their belief, the assets set forth in the balance sheet are in the aggregate fully of the value stated therein, less any investment reserve fund taken into account.

NOTE 2.—A certificate must be appended hereto, signed by the same persons as signed the balance sheet and by the auditor, to the effect that no part of any fund has been applied directly or indirectly for any purpose other than the class of business to which it is applicable.

NOTE 3.—Societies having investments with any uncalled liability shall state separately the full amount thereof.

NOTE 4.—Particulars must be given of all loans, including temporary advances, except loans on policies within their surrender-values, made at any time during the year to any director or officer of a society or to any other society in which any of the said directors or officers may hold the position either of director or of officer.

NOTE 5.—Particulars must be given of all commission or other allowance due or paid to any director or manager or other responsible officer of the society in respect of new business procured.

NOTE 6.—Particulars must be given of the balance of the above mentioned branch and agency balances and out standing premiums, interest, dividends and rents remaining unpaid at the date of the auditor's report.

NOTE 7.—In the Revenue Account should be entered all the financial transactions of the society by way of income and expenditure during the year, whether such transactions have been completed by the actual receipt or payment of cash, or are outstanding at the end of the year.

On the *Income* side of this account should appear the premiums for each different class of insurance, all entrance fees, fines and other sums due to the society during the year (whether received or not) under the several items provided in the forms—

(*a*) Investments made or realised should not be entered in this account, but only the *gain* or *loss* made on their realisation, which should appear as income, if gain, and as expenditure, if loss.

(*b*) No deposits in, or withdrawals from, bank are to be brought into this account.

On the *Expenditure* side should appear all expenses incurred during the year (whether paid or outstanding), under the several items provided in the form. Bad debts and losses on agents' balances should be shown as expenditure.

No item can be included in the funds at the end of the year which was not included in the funds at the beginning of the year unless it is shown as an item of income of the year. Similarly, no diminution can be made in any of the funds in any year without appearing as an item of expenditure in the Revenue Account for that year.

The amount of each different fund at the beginning of the year should be the same amount which was stated in the Revenue Account of the society's last return as the amount of those funds at the end of the year.

If the balance of any account shown in the previous return be found incorrect, the corrected balance should be brought forward in the next return, and an explanation of the difference given on the form itself.

On the Liabilities (or left-hand) side of the Balance Sheet there should be brought from the Revenue Account the amounts of the funds at the end of the year, as indicated on the form; and the particulars stated of any debts incurred on behalf of the society, cash (if any) due by the society, and any other liabilities incurred by it which may be outstanding at the end of the year

On the Assets (or right hand) side should be shown the society's investments, together with the cash in hand and any other assets of the society. Among such other assets will be, for instance—

branch and agency balances;
outstanding premiums;
outstanding interest;
interest accrued but not payable;
cheques paid into bank and in course of realisation.

The amounts of these items shown in the balance sheet will, in the main, be received during the next financial year, but they must not again be included amongst the premiums, interest or cash in the Revenue Account, as they have already been included in the amount shown in that year's Revenue Account as "Amount of funds at the beginning of the year."

Some of these outstanding items which have been taken credit for as an asset may never be paid at all. The amount of those not realised will have to be written off through the Revenue Account and the funds will be decreased accordingly.

NOTE 1.—If the amount of the sum payable in event of death in the first few months be ascertained by a different rule than for deaths occurring later, the first column should be altered accordingly, so that the deaths may be ascertained during each period for which a different method of calculation applies. For instance, in the case of a society paying nothing in event of death before six months' premiums have been paid and returning the premiums paid in the case of claims when six but less than eleven months' premiums have been paid, the first column would be shown as follows :—

For less than six months
„ six months but less than eleven months
„ eleven months but less than twelve months
„ one year but less than two years
and so on.

NOTE 2.—A similar statement must be given of claims by marriage, by birth and under each other class of dividing society business undertaken by the society, and a reconcilement shown between the figures in such statements and the amounts shown in the Revenue Account.

IRRIGATION DEPARTMENT.

The 31st March 1914.

No. 2.—Notification.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make and fix, with effect from the 1st May 1914, the following rules and schedule of rates of tolls for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd idem).

A. C. DEL. JOLY DELOTBINIERE, LT.-COL., R.E.,
Offg. Secy. to the Govt. of Bengal.

RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, rejecting any remainder of less than 12½ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (*timber*).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (*bamboos*).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed : Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo-boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Naiman outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Surjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 3748.—The 30th March 1914.—Whereas Maharaja Bahadur Sir Prodyot Kumar Tagore, KT., has applied to the Governor in Council, under section 3 of the Bengal Settled Estates Act, 1904 (Bengal Act III of 1904), for permission to make a settlement of an estate under that Act:

In pursuance of section 7 of the said Act, and with the previous sanction of the Governor-General in Council, the said application is hereby published for general information [with the exception of the particulars as to income, revenue, rates and taxes which have been inserted in pursuance of clause (*b*) of section 4 of the Act].

2. All creditors, whether secured or unsecured, who hold or are entitled to incumbrances enforceable against the said applicant or estate, and all other persons who are interested or who claim to be interested in the said estate, are hereby required to send to the Local Government written notice of their incumbrances and interests, respectively, within six months from the date of this notification.

3. Any objection to the proposed settlement, whether urged by creditors or by other persons interested in the estate, which may be communicated to the Local Government in writing within six months from the date of this notification will be duly considered.

In the matter of the Bengal Settled Estates Act, 1904 [*Act III (B.C.) of 1904*], *and in the matter of a proposed Instrument of Settlement to be executed by Maharaja Bahadur Sir Prodyot Kumar Tagore.*

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL IN COUNCIL.

The application of Maharaja Bahadur Sir Prodyot Kumar Tagore under section 3 of the Bengal Settled Estates Act, 1904.

SHEWETH—

1. That the applicant was born in the year 1872 and is the adopted son of the late Maharaja Bahadur Sir Jatindra Mohun Tagore, K.C.S.I., and succeeded on the death of his adoptive father to the hereditary title of Maharaja.

2. The applicant is in possession in his own right of and is solely entitled to the immovable properties particularly described in the first schedule hereto which are held by him in permanent heritable and transferable right.

3. The income yielded by the said immovable properties and the revenue and cesses payable to the Government annually in respect thereof are specified in the said first schedule hereto. That the rates and taxes payable to the local authority in respect of the said immovable properties amount at present in the aggregate to Rs. 1,002 per annum.

4. The said immovable properties except the premises No. 20-1, Prosonno Kumar Tagore's Street, Calcutta, were (with other properties since sold or now to be sold by him) conveyed to the applicant by an indenture of conveyance, dated the 21st May 1908, made between the Tagore Estate, Limited, of the one part and the applicant of the other part for the consideration of Rs. 48,00,000 and were so conveyed subject to the payment of three monthly annuities of Rs. 200 each to one Nogendra Bhusan Mukerji, one Sheshendra Bhusan Chatarji, and one Sreemati Promoda Sundari Debi, respectively, during their respective lives, which said annuities are still subsisting and payable.

5. The said consideration of Rs. 48,00,000 was part of a sum of Rs. 50,00,000 advanced to the applicant by the Government of India, the repayment whereof is secured by an indenture of mortgage, dated the 21st day of May 1908, made between the applicant of the one part and the said Secretary of State of the other part, whereby the said immovable properties except as aforesaid (with other properties since sold) were transferred by the applicant to the said Secretary of State, subject to the said three annuities and subject to the proviso for redemption that, when the said sum of Rs. 50,00,000 and all interest thereon in the meantime at the rate of 4 per cent. per annum should, under the scheme or provision for redemption and in manner therein mentioned contained and provided, have been fully paid to the Government of India, the said Secretary of State would reconvey the said immovable properties to the applicant.

6. By an indenture of mortgage, dated the 31st day of May 1910, and made between the applicant of the one part and one Sreemati Charusila Dassi of the other part, the said immovable properties (with certain exceptions, but including the premises No. 20-1, Prosonno Kumar Tagore's Street,

Calcutta, were charged by the applicant by way of second mortgage with the repayment to the said Charusila Dassi of the sum of Rs. 4,50,000 advanced by her to the applicant with interest thereon in the meantime at the rate of 6 per cent. per annum.

7. On the 19th December 1910 the applicant borrowed a further sum of Rs. 50,000 from the said Charusila Dassi, the repayment whereof with interest at the rate of 6 per cent. per annum is secured by an agreement, dated the 19th December 1910, and made between the applicant of the one part and the said Charusila Dassi of the other part, whereby the applicant covenanted to repay the said principal sum with interest on demand and to execute in favour of the said Charusila Dassi as further security for such repayment a mortgage of certain of the said immovable properties, which he has not yet done.

8. The several incumbrances aforesaid are enumerated and described in the second schedule hereto, and in such schedule are also contained particulars of the name and address of each incumbrancer and a statement of the amount now due to each incumbrancer other than the said annuitants.

9. In addition to the incumbrances aforesaid the applicant is indebted to the several persons whose names and addresses are set forth in the third schedule in the sums set opposite their respective names in the said schedule, in which schedule is also specified the nature of the said debts none of which are secured debts.

10. Save as specified in the second and third schedules hereto there are no incumbrances held by secured or unsecured creditors enforceable against the applicant or the said immovable properties.

11. The applicant is desirous of effecting a settlement of the said immovable properties and is willing that there shall be embodied in such settlement such provisions as are contained in the draft of the proposed instrument of settlement submitted with this application or such further or other provisions as may be assented to by the creditors and approved by the Local Government for the discharge of the said incumbrances and for the payment of interest thereon.

The applicant therefore applies for permission to make a settlement of the immovable properties mentioned and described in the foregoing application and the First Schedule thereto pursuant to the Bengal Settled Estates Act, 1904.

I, MAHARAJA BAHADUR SIR PRODYOT KUMAR TAGORE, the applicant abovenamed, do declare that the statements in paragraphs 1, 2, 4 to 11 of the foregoing application are true to my knowledge, and that the statements in paragraph 3 of the foregoing application are made upon information received by me and believed by me to be true.

Signed at "The Prasad," Prosonno Kumar Tagore's Street, Calcutta, this 1st day of November 1912. } PRODYOT KUMAR TAGORE.

Instrument of Settlement.

TO ALL TO WHOM these presents shall come MAHARAJA BAHADUR SIR PRODYOT KUMAR TAGORE KNIGHT of Tagore Castle Prosonno Kumar Tagore's Street in the town of Calcutta Landholder (hereinafter called "the Settlor") sends greeting WHEREAS the Settlor is solely and absolutely possessed of and entitled to the lands hereditaments and premises mentioned and described in the First Schedule hereto for a permanent heritable and transferable right interest and estate therein AND WHEREAS the Settlor is desirous of making a settlement of the said lands hereditaments and premises under and pursuant to the Bengal Settled Estates Act, 1904 (No. III B. DECLARATION.

No. 1179Com.—The 6th April 1914.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Ondal-Santhia line as lies between mile 123 feet 3,886 and mile 124 feet 3,998, and such portion of the No. 1 Bankola siding as lies between mile 123 feet 3,768 and mile 124 feet 688, and such portion of the No. 2 Bankola siding as lies between mile 123 feet 3,796 and mile 124 feet 2,904, the whole being edged with pink on the plan L. A. M. A. No. 222, and whereas coal mines are situate under the said land, and whereas the Eastern Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as Bankola Lower Seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Eastern Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch, or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Burdwan.

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (*b*), of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Eastern Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

(*a*) No gallery shall be driven and no coal shall be extracted where the distance from the natural surface of the ground to the top of the gallery, if driven, is under 50 feet.

(*b*) Where the distance between the natural surface and the top of the gallery, if driven, is 50 feet or more, galleries, not exceeding 13 feet in height by 12 feet in width, may be driven at distances apart not less than 62 feet on the strike and 72 feet on the rise and dip leaving pillars not less than 50 feet and 60 feet square.

(*c*) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901.

(*d*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines in India without delay.

(*e*) These restrictions apply to the Bankola Lower Seam only and to the area edged with pink upon the plan, and the Eastern Coal Company, Limited, shall give notice, under section 1V of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under this area or to work coal under any other area of acquired land;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 222 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

(*4*) *For* rule XLIX *substitute* the following:—

"XLIX. No license shall be granted to any cargo-boat or flat, until such boat or flat has been surveyed and the Commissioners are satisfied that it is safe:

Commissioners on receiving applications shall cause the cargo-boats or flats to be surveyed.

Provided that when it is proved to the satisfaction of the Commissioners that a flat has been surveyed and licensed in accordance with the rules in force in any other port in British India, they may dispense with a fresh survey.

(*5*) *For* rule L *substitute* the following:—

L. (*1*) Every license granted under these rules shall continue in force for one year from the date on which such license is issued, unless it is revoked or suspended before the expiry of that period under the provisions of these rules. The license is not transferable, and if the ownership of the boat or flat is changed, notice of the transfer must be given to the Commissioners before such boat or flat again plies in the port.

Fees for licenses.

(2) The following fees shall be payable in respect of the licenses granted under these rules, namely :—

(*i*) For surveying, registering, branding and issuing a license to a cargo-boat or flat	4 annas per ton.
(*ii*) For renewing any such license on expiry thereof	4 „ „ „
(*iii*) For the license of the manjhee or the officer in charge of the cargo-boat or flat	4 annas.
(*iv*) For endorsement of change of ownership on the register and license	8 „
